GOVERNOR'S BUDGET: This bill is not included in the Governor's budget.

LOCAL GOVERNMENT MANDATE: This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

COMMENTS: This measure would refer for voter approval a Constitutional amendment to create the elective office of Lieutenant Governor to be first filled at the November 2008 general election, and would prescribe the duties and responsibilities. The referral would be on the ballot at the statewide biennial primary election of 2008.

The fiscal impact to the Secretary of State's office is the state's portion of incremental costs incurred for an already-funded election. There were no legislative referrals on the 2006 ballot; estimates of the number of pages that would be used are based on the 2004 primary election ballot. Costs of the 36-page 2006 primary voters' pamphlet ($368,221), adjusted for inflation was used for estimating 2007-09 costs. Each referral is assumed to result in 2 additional pages in the voters' pamphlet, for a General Fund total of $21,090. The revenue estimate assumes one argument pro and con would be filed relating to the referral, at $500 per argument.

The total number of initiatives and legislative referrals affecting the 2008 election cycle will not be known until the respective deadlines of the primary and general elections, therefore the cumulative impact, including this measure, cannot be determined. The Legislative Fiscal Office (LFO) assumes that the Secretary will seek a General Fund appropriation from the Emergency Board or Legislative Assembly in session, when the actual voters' pamphlet costs are known.

Under procedures established in ORS 250.125 and 250.127, a financial impact committee is created for each state measure submitted to the ballot through the initiative and referendum processes. For this reason, LFO does not include an estimate of the fiscal impact that would result if HJR 3 were to be adopted by a vote of the people.
