Dear Chairman Prozanski and Committee Members.

My name is Redginald Heth, and am a U.S. citizen and resident of Grants Pass, Oregon, I strongly urge support of Senate Bills 700, 3447,699 and 796. Polls show overwhelming support for universal background checks. Lives will be saved, and second amendment rights will not be negatively affected. The public display of arms is intimidating to peaceful, law abiding folks.I need to pass a driving test to get a drivers license. Anyone possessing a concealed weapons permit should be required to undergo training.
The time has come for sensible gun controls.
