I'm a landlord in X County, and I urge you to oppose HB 2004-A

These home are our rentals, our investment, our livelihood and our sacrifice of almost everything else to keep them up & running. This is a business and we offer a service. No one has to use our service but they also should not be able to tell us how to run our business either. That happens enough already in our area.

No matter what – make no mistake – Landlords will figure out a way to protect ourselves.

Thank you!

Sincerely,

Larry Snyder
