.....Senator, I am reminding you to reject out-of-hand, any proposed bill that would ***infringe upon, in any way, shape, form or fashion,*** our Constitutional right to keep and bear arms.

Please be advised that We, the People, are *gravely concerned* about this issue, which **never** should have been allowed to see the light of day.

Constitutionally-guaranteed rights are rights indisputable; those representatives whom are advocating for ***infringement***, which the historical record shows *invariably* evolves / descends into ***control / confiscation,*** need to ***cease*** *and* ***desist*** *immediately. Advocation for infringement upon the Constitution demonstrates an utterly despicable contempt for the Constitution and the Citizens it was created to protect; those who pursue* **infringement** are self-revealed as ***enemies*** of the Constitution, who's true motives must (logically) be *immediately* suspect.

Senator, I hope (and expect) that you and your contemporaries would demonstrate the same depth of reverence for our rights, bought and paid for at ***incalculable*** cost, as We the People, (your constituents), and give *these proposed* ***infringement*** *bills an immediate and* ***indecent*** *burial.*

with trepidation and watchfulness,

Dale Wentz
