Dear Joint Committee on Student Success Members:

Please support H.B. 3427 and urge your colleagues to do the same.

H.B. 3427 fully funds Measure 98, which is helping provide CTE and dropout prevention that our students need. And there are new ways to earn college credit early too. H.B. 3427 provides $1 billion in new investments that our students urgently need.

I want my kids to have every opportunity they deserve to succeed, and that starts with passing H.B. 3427.

Thank you,
Doug Johanson
