Dear Chair Prozanski and Committee Members:

I am writing to ask you to support SB 700 requiring universal background checks for the sale and transfer of firearms. In my opinion this is a very small step towards providing protection from gun violence.

I am a native Oregonian, a 46 year resident of Portland, 71 years old, have never been active in gun control before, and own 6 guns. For God's sake please have the courage to stand up to the NRA and other gun bullies and pass this law. If you do nothing you must share in the responsibility for the next shooting tragedy.

Sincerely,
Charles Barrows
