Subject: Opposing Bill 2595
Date: Monday, March 04, 2013 11:53:14 AM

Hello Representative,

I am concerned that this bill is being used as an attempt to criminalize free speech and political activism within the context of forestry related topics.

Current laws are adequate. Why is such a bill necessary? What is the intention of the bill?

I oppose this bill 2595 to creates crime of interference with state forestland management in the second degree.

Thank you,
Kelly Caldwell
