Written Testimony in Support of SB 1510

To: Chair Sen Jackie Dingfelder, Vice-Chair Sen Alan Olsen, Sen Mark Hass, Sen Floyd Prozanski and Sen Chuck Thomsen, members of the Senate Environment and Natural Resources Committee

From: Karin Radtke, 6340 Tenmile Ck Rd, Yachats Tel: 541 547-3087

I would like to thank Senator Johnson and all members of the Coastal Caucus for their work in sponsoring SB 1510.

This Bill is a very important piece of an ongoing broad effort that has been made over several years, including HB3013 and HB2009, to evaluate the ecological, social and economic impacts of designating marine reserves and protected areas in Oregon waters. The Bill includes a specific plan for creating and managing these areas, leading to scientific review for adaptive management in the year 2022.

Oregon is in a unique position to take action for the long-term stewardship of its marine environment and coastal communities. In doing so, our State will show leadership in the national process of coastal and marine spatial planning.

Thank you,

Karin Radtke
