Date: 2/22/2012

Measure Description:

Requires the Oregon Health Authority to provide to the managed care organization supporting the Central Oregon Health Council real-time pharmacy claims data in a format agreed to by the Authority and the Council.

Government Unit(s) Affected:

Oregon Health Authority (OHA)

Local Government Mandate:

This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

Analysis:

SB 1506 with the – A6 amendment requires the Oregon Health Authority to provide to the managed care organization supporting the Central Oregon Health Council real-time pharmacy claims data in a format agreed to by the Authority and the Council. The bill also requires the Council to report to the appropriate legislative committee in the 2013 regular session on its review and recommendations for prescribing practices, the implementation of clinical programs and any associated clinical, economic and quality of life outcomes from the work of the Council. The bill contains an emergency clause and is effective on passage. The bill sunsets January 2, 2015

Passage of this bill is anticipated to have minimal impact on the Oregon Health Authority. The Authority anticipates using its Medicaid Management Information System (MMIS) to provide this data. OHA will reprioritize workload in order to accomplish the systems design and coding changes to provide the required data in an agreed to format.
