

Dear Co-Chairs Holvey and Roblan,

As a business owner, I am writing today to share the impacts the current COVID-19 health crisis is having on my business, my employees and my family. We don't need you to offer us high interest government loans which will cripple us, but to demand banks give breaks on mortgages, cities hold off on charging for utilities, credit card companies pausing interest payments for a few months. Give us the time to work out a plan.

These are hard times for all of us. I encourage you to support our business community as we deal with the astonishing economic disruption that has accompanied this health crisis.

Sincerely,

Francesca Amery
