

We as landlords understand what is happening, But you have forgotten that for some of us it's the only way to feed and house our own Family's. How can they tell renters to just pay the landlords latter. Come on we all know this will not happen. They will never catch up. Our President is send funds for people to survive on, that means pay your landlords not hey everyone you don't have to pay Rent. Now that you have said this it's all i here from people. My family has been in the rental field for over 50 years in Salem. You will Bankrupt many of the good landlords out there. Please put a stop to this nonsense.
