Subject: Governor Orders 90 days no rent
Date: Monday, March 23, 2020 2:56:40 PM

This is an income property for my father to help him pay his rent and fees at an assisted living community called Inland Point. His payment is nearly \$5000.00 a month. He won't be getting any help from this order.

I understand that this may cause many people financial difficulties but is it right to help some and not all.

I don't believe so!

How about the governor pay the rent.
