

Greetings,

Difficult times can be mitigated.

As Apartment building owners, seemingly we are being asked/told to front monies for our State in lieu of our tenants.

Begs the question, what is the State plan to re-compensate owners?

Ok, quid pro quo. Right.

We can & should negotiate a deal which satisfies all parties.

It is critical owners receive leased agreement value & expenses for all affected property units in an orderly & timely reimbursement.

Best Regards,
eric
