

Dear House Natural Resource Committee Members:

Please support HB 4075 to ban coyote-killing contests. These brutal senseless killings have been stopped in California, Vermont, New Mexico, Arizona, and Massachusetts. It's shameful that this state condones them.

Coyote-killing contests do not serve a significant wildlife management function, they are unethical, they reinforce a general contempt for wildlife, they are repellent to most Oregonians.

Please help this Bill move to the house floor for a vote.

Thank you,

Wally Sykes
Joseph, OR
