

Dear House Natural Resource Committee,

I'm saddened and embarrassed as a 5th generation Oregonian that this Nazi-like killing spree of our native coyotes is happening in my home state OREGON!!!

It incites killing sprees and violence with our younger population. I'm sure the ODFWL, predominately white middle-aged men who LOVE TO KILL, are supportive of it.

Fun event? Pure evil! Encouraging violence and suffering for our native animals. Just like the ones who killed off our native Indians. Disgusting.

It's wrong, non-environmental, cruelty beyond words and most STOP ASAP!

Thank you.

Sincerely and Sadly,

Paige Powell
