

SB 683

I STRONGLY OPPOSE SB 683 for obvious reasons. Oregon Department of Education can't even teach kids to read, doesn't realize that $2 + 2 = 4$ (this is racist) & our state is bottom 5 of graduation rates. So ya to the clueless (ODE & Dems) I guess it makes perfect sense to add in this false hateful history curriculum that will produce NO good but divide these sweet souls into oppressors and oppressed.

Kudos on staying consistent by continuing to dumb our kids down.

Also, considering Rob Wagner is being sued for alleged discrimination of a Lake Oswego black student its kind of awkward that he is Chief Sponsor of this racist senate bill.
