

HB 5019

My husband and I adamantly oppose HB 5019 and are shocked this is even legal!

How is it that the public gets handed a bill, to be voted on today, full of unspecified (blank) dollar amounts to be given to unspecified (blank) recipients while the supporters of the bill, yesterday, seem to expect to receive very specific amounts as a result of it passing???

Not surprisingly, those who oppose it are tax-paying citizens who the money is coming from!

This is theft! It is unethical. It is slimy to try to sneak this past the public.

Claiming a state emergency to justify this theft adds to the abuse of power we have entrusted you with.

A strong NO on HB 5019!
