2007 Regular Legislative Session FISCAL ANALYSIS OF PROPOSED LEGISLATION Prepared by the Oregon Legislative Fiscal Office

MEASURE NUMBER: SB 479 STATUS: Original

SUBJECT: Prohibit use of R type metal halide or mercury vapor light bulbs in schools; require

replacement of those bulbs with T type metal halide or mercury vapor light bulbs.

GOVERNMENT UNIT AFFECTED: Local Education Agencies, Public Charter Schools

PREPARED BY: Adrienne Sexton

REVIEWED BY: Daron Hill

DATE: March 1, 2007

<u>2007-2009</u> <u>2009-2011</u>

EXPENDITURES: See Comments.

EFFECTIVE DATE: July 1, 2007; operative July 1, 2008

GOVERNOR'S BUDGET: This bill is not anticipated by the Governor's recommended budget.

LOCAL GOVERNMENT MANDATE: This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

COMMENTS: The direct fiscal effect would occur during Fiscal Year 2007-08 on those school districts and public charter schools that have not already changed out the R type light bulbs with T type light bulbs. No data is available to identify all school locations that would be required to replace bulbs. The Legislative Fiscal Office has not had an opportunity to research whether there may be Federal or other grants, rebates or private sources of revenue available to offset some of the additional expenditures.
