GOVERNOR'S BUDGET: This bill is not included in the Governor's budget.

LOCAL GOVERNMENT MANDATE: This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

COMMENTS: This measure would refer for voter approval a proposed Constitutional amendment to eliminate the refund of excess corporate income and excise tax revenues when the amount collected exceeds an estimate by two or more percent. The referral would be on the ballot at the statewide biennial general election of 2008.

The fiscal impact to the Secretary of State's office is the state's portion of incremental costs incurred for an already-funded election. The mechanism for funding the voters' pamphlets in the 2008 election cycle has not yet been determined.

Because there were no legislative referrals on the 2006 ballot, estimates of the number of pages that would be used are based on the 2004 general election ballot. Actual cost of the 212-page 2008 general voters' pamphlet (\$1,235,858), adjusted for inflation was used for estimating 2007-09 costs. There were ten initiative measures on that ballot. Each referral is assumed to result in 2 additional pages in the voters' pamphlet, for a General Fund total of \$12,020. The revenue estimate assumes one argument pro and con would be filed relating to the referral, at \$500 per argument.

The total number of initiatives and legislative referrals affecting the 2008 election cycle will not be known until the respective deadlines of the primary and general elections; the cumulative impact, including this measure, cannot be determined. LFO assumes that the Secretary will seek a General Fund appropriation from the Emergency Board or Legislative Assembly when the actual voters' pamphlet costs are known.

Under procedures established in ORS 250.125 and 250.127, a financial impact committee is created for each state measure submitted to the ballot through the initiative and referendum processes. For this reason, LFO does not include an estimate of the fiscal impact that would result if SJR 3 were to be adopted by a vote of the people.
