EFFECTIVE DATE: On passage.

GOVERNOR'S BUDGET: This bill is not anticipated by the Governor's recommended budget.

LOCAL GOVERNMENT MANDATE: This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

COMMENTS: The measure grants authority to Department of Consumer and Business Services (DCBS) , Office of Private Health Partnerships, Real Estate Agency, Commission for the Blind, Housing and Community Services Department, and Board of Accountancy, (Listed Agencies), to request nationwide criminal background checks from Oregon State Police. DCBS currently has authority to request Oregon-only background checks on employees whose positions have fiscal authority. This measure would broaden that authority to employees, contractors, and volunteers who have access to personal information, and persons applying or renewing various insurance licenses subject to DCBS rule. OSP estimates an additional 7,500 fingerprint cards per biennium which would require an additional .95 FTE to handle the additional workload. The Listed Agencies indicate that any additional expenditures incurred would be absorbed under current operating budgets. The current fee assumes indirect costs and over-head costs. The addition of one position does not significantly change the overall indirect and over-head costs to OSP. OSP's costs are anticipated in the proposed Legislatively Approved Budget for the 2007-09 biennium and a subsequent referral to the Joint Committee on Ways and Means is not necessary.

Because the measure is effective upon passage, if it were enacted before July 1, 2007, there could be a fiscal impact in the current biennium.
