Authorizes doctor or physician licensed by State Board of Chiropractic Examiners to serve as attending physician for workers' compensation claim on same basis as medical doctor or doctor of osteopathy licensed by Board of Medical Examiners.

Declares emergency, effective on passage.

A BILL FOR AN ACT

Relating to authority of licensed chiropractic doctor or physician to serve as attending physician for workers' compensation claims; amending ORS 656.005, 656.245, 656.260, 656.262 and 656.268; and declaring an emergency.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 656.005 is amended to read:

656.005. (1) "Average weekly wage" means the Oregon average weekly wage in covered employment, as determined by the Employment Department, for the last quarter of the calendar year preceding the fiscal year in which the injury occurred.

(2) "Beneficiary" means an injured worker, and the husband, wife, child or dependent of a worker, who is entitled to receive payments under this chapter. "Beneficiary" does not include:

(a) A spouse of an injured worker living in a state of abandonment for more than one year at the time of the injury or subsequently. A spouse who has lived separate and apart from the worker for a period of two years and who has not during that time received or attempted by process of law to collect funds for support or maintenance is considered living in a state of abandonment.

(b) A person who intentionally causes the compensable injury to or death of an injured worker.

(3) "Board" means the Workers' Compensation Board.

(4) "Carrier-insured employer" means an employer who provides workers' compensation coverage with a guaranty contract insurer.

(5) "Child" includes a posthumous child, a child legally adopted prior to the injury, a child toward whom the worker stands in loco parentis, an illegitimate child and a stepchild, if such stepchild was, at the time of the injury, a member of the worker's family and substantially dependent upon the worker for support. An invalid dependent child is a child, for purposes of benefits, regardless of age, so long as the child was an invalid at the time of the accident and thereafter remains an invalid substantially dependent on the worker for support. For purposes of this chapter, an invalid dependent child is considered to be a child under 18 years of age.

(6) "Claim" means a written request for compensation from a subject worker or someone on the worker's behalf, or any compensable injury of which a subject employer has notice or knowledge.

(7)(a) A "compensable injury" is an accidental injury, or accidental injury to prosthetic appliances, arising out of and in the course of employment requiring medical services or resulting in

disability or death; an injury is accidental if the result is an accident, whether or not due to accidental means, if it is established by medical evidence supported by objective findings, subject to the following limitations:

(A) No injury or disease is compensable as a consequence of a compensable injury unless the compensable injury is the major contributing cause of the consequential condition.

(B) If an otherwise compensable injury combines at any time with a preexisting condition to cause or prolong disability or a need for treatment, the combined condition is compensable only if, so long as and to the extent that the otherwise compensable injury is the major contributing cause of the disability of the combined condition or the major contributing cause of the need for treatment of the combined condition.

(b) "Compensable injury" does not include:

(A) Injury to any active participant in assaults or combats which are not connected to the job assignment and which amount to a deviation from customary duties;

(B) Injury incurred while engaging in or performing, or as the result of engaging in or performing, any recreational or social activities primarily for the worker's personal pleasure; or

(C) Injury the major contributing cause of which is demonstrated to be by a preponderance of the evidence the injured worker's consumption of alcoholic beverages or the unlawful consumption of any controlled substance, unless the employer permitted, encouraged or had actual knowledge of such consumption.

(c) A "disabling compensable injury" is an injury which entitles the worker to compensation for disability or death. An injury is not disabling if no temporary benefits are due and payable, unless there is a reasonable expectation that permanent disability will result from the injury.

(d) A "nondisabling compensable injury" is any injury which requires medical services only.

(8) "Compensation" includes all benefits, including medical services, provided for a compensable injury to a subject worker or the worker's beneficiaries by an insurer or self-insured employer pursuant to this chapter.

(9) "Department" means the Department of Consumer and Business Services.

(10) "Dependent" means any of the following-named relatives of a worker whose death results from any injury: Father, mother, grandfather, grandmother, stepfather, stepmother, grandson, granddaughter, brother, sister, half sister, half brother, niece or nephew, who at the time of the accident, are dependent in whole or in part for their support upon the earnings of the worker. Unless otherwise provided by treaty, aliens not residing within the United States at the time of the accident other than father, mother, husband, wife or children are not included within the term "dependent."

(11) "Director" means the Director of the Department of Consumer and Business Services.

(12)(a) "Doctor" or "physician" means a person duly licensed to practice one or more of the healing arts in any country or in any state, territory or possession of the United States within the limits of the license of the licentiate.

(b) Except as otherwise provided for workers subject to a managed care contract, "attending physician" means a doctor or physician who is primarily responsible for the treatment of a worker's compensable injury and who is:

(A) A medical doctor or doctor of osteopathy licensed under ORS 677.100 to 677.228 by the Board of Medical Examiners for the State of Oregon or an oral and maxillofacial surgeon licensed by the Oregon Board of Dentistry or a similarly licensed doctor in any country or in any state, territory or possession of the United States; or

(B) [*For a period of 30 days from the date of first visit on the initial claim or for 12 visits, whichever first occurs,*] A doctor or physician licensed by the State Board of Chiropractic Examiners for the State of Oregon or a similarly licensed doctor or physician in any country or in any state, territory or possession of the United States.

(c) "Consulting physician" means a doctor or physician who examines a worker or the worker's medical record to advise the attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245 regarding treatment of a worker's compensable injury.

(13)(a) "Employer" means any person, including receiver, administrator, executor or trustee, and the state, state agencies, counties, municipal corporations, school districts and other public corporations or political subdivisions, who contracts to pay a remuneration for and secures the right to direct and control the services of any person.

(b) Notwithstanding paragraph (a) of this subsection, for purposes of this chapter, the client of a temporary service provider is not the employer of temporary workers provided by the temporary service provider.

(c) As used in paragraph (b) of this subsection, "temporary service provider" has the meaning for that term provided in ORS 656.850.

(14) "Guaranty contract insurer" and "insurer" mean the State Accident Insurance Fund Corporation or an insurer authorized under ORS chapter 731 to transact workers' compensation insurance in this state or an assigned claims agent selected by the director under ORS 656.054.

(18) "Noncomplying employer" means a subject employer who has failed to comply with ORS 656.017.

(19) "Objective findings" in support of medical evidence are verifiable indications of injury or disease that may include, but are not limited to, range of motion, atrophy, muscle strength and palpable muscle spasm. "Objective findings" does not include physical findings or subjective responses to physical examinations that are not reproducible, measurable or observable.

(20) "Palliative care" means medical service rendered to reduce or moderate temporarily the intensity of an otherwise stable medical condition, but does not include those medical services rendered to diagnose, heal or permanently alleviate or eliminate a medical condition.

(21) "Party" means a claimant for compensation, the employer of the injured worker at the time of injury and the insurer, if any, of such employer.

(22) "Payroll" means a record of wages payable to workers for their services and includes commissions, value of exchange labor and the reasonable value of board, rent, housing, lodging or similar advantage received from the employer. However, "payroll" does not include overtime pay, vacation pay, bonus pay, tips, amounts payable under profit-sharing agreements or bonus payments to reward workers for safe working practices. Bonus pay is limited to payments which are not anticipated under the contract of employment and which are paid at the sole discretion of the employer. The exclusion from payroll of bonus payments to reward workers for safe working practices is only for the purpose of calculations based on payroll to determine premium for workers' compensation insurance, and does not affect any other calculation or determination based on payroll for the purposes of this chapter.

(23) "Person" includes partnership, joint venture, association, limited liability company and corporation.

(24)(a) "Preexisting condition" means, for all industrial injury claims, any injury, disease, congenital abnormality, personality disorder or similar condition that contributes to disability or need for treatment, provided that:

(A) Except for claims in which a preexisting condition is arthritis or an arthritic condition, the worker has been diagnosed with such condition, or has obtained medical services for the symptoms of the condition regardless of diagnosis; and

(B)(i) In claims for an initial injury or omitted condition, the diagnosis or treatment precedes the initial injury;

(ii) In claims for a new medical condition, the diagnosis or treatment precedes the onset of the new medical condition; or

(iii) In claims for a worsening pursuant to ORS 656.273 or 656.278, the diagnosis or treatment precedes the onset of the worsened condition.

(b) "Preexisting condition" means, for all occupational disease claims, any injury, disease, congenital abnormality, personality disorder or similar condition that contributes to disability or need for treatment and that precedes the onset of the claimed occupational disease, or precedes a claim for worsening in such claims pursuant to ORS 656.273 or 656.278.

(c) For the purposes of industrial injury claims, a condition does not contribute to disability or need for treatment if the condition merely renders the worker more susceptible to the injury.

(25) "Self-insured employer" means an employer or group of employers certified under ORS 656.430 as meeting the qualifications set out by ORS 656.407.

(26) "State Accident Insurance Fund Corporation" and "corporation" mean the State Accident Insurance Fund Corporation created under ORS 656.752.

(28) "Subject worker" means a worker who is subject to this chapter as provided by ORS 656.027.

(29) "Wages" means the money rate at which the service rendered is recompensed under the contract of hiring in force at the time of the accident, including reasonable value of board, rent, housing, lodging or similar advantage received from the employer, and includes the amount of tips required to be reported by the employer pursuant to section 6053 of the Internal Revenue Code of 1954, as amended, and the regulations promulgated pursuant thereto, or the amount of actual tips reported, whichever amount is greater. The State Accident Insurance Fund Corporation may establish assumed minimum and maximum wages, in conformity with recognized insurance principles, at which any worker shall be carried upon the payroll of the employer for the purpose of determining the premium of the employer.

(30) "Worker" means any person, including a minor whether lawfully or unlawfully employed, who engages to furnish services for a remuneration, subject to the direction and control of an employer and includes salaried, elected and appointed officials of the state, state agencies, counties, cities, school districts and other public corporations, but does not include any person whose services are performed as an inmate or ward of a state institution or as part of the eligibility requirements for a general or public assistance grant. For the purpose of determining entitlement to temporary disability benefits or permanent total disability benefits under this chapter, "worker" does not include a person who has withdrawn from the workforce during the period for which such benefits are

sought.

(31) "Independent contractor" has the meaning for that term provided in ORS 670.600.

(31) "Independent contractor" has the meaning for that term provided in ORS 670.600.

SECTION 3. ORS 656.245 is amended to read:

656.245. (1)(a) For every compensable injury, the insurer or the self-insured employer shall cause to be provided medical services for conditions caused in material part by the injury for such period as the nature of the injury or the process of the recovery requires, subject to the limitations in ORS 656.225, including such medical services as may be required after a determination of permanent disability. In addition, for consequential and combined conditions described in ORS 656.005 (7), the insurer or the self-insured employer shall cause to be provided only those medical services directed to medical conditions caused in major part by the injury.

(b) Compensable medical services shall include medical, surgical, hospital, nursing, ambulances and other related services, and drugs, medicine, crutches and prosthetic appliances, braces and supports and where necessary, physical restorative services. A pharmacist or dispensing physician shall dispense generic drugs to the worker in accordance with ORS 689.515. The duty to provide such medical services continues for the life of the worker.

(c) Notwithstanding any other provision of this chapter, medical services after the worker's condition is medically stationary are not compensable except for the following:

(A) Services provided to a worker who has been determined to be permanently and totally dis-

abled.

(B) Prescription medications.

(C) Services necessary to administer prescription medication or monitor the administration of prescription medication.

(D) Prosthetic devices, braces and supports.

(E) Services necessary to monitor the status, replacement or repair of prosthetic devices, braces and supports.

(F) Services provided pursuant to an accepted claim for aggravation under ORS 656.273.

(G) Services provided pursuant to an order issued under ORS 656.278.

(H) Services that are necessary to diagnose the worker's condition.

(I) Life-preserving modalities similar to insulin therapy, dialysis and transfusions.

(J) With the approval of the insurer or self-insured employer, palliative care that the worker's attending physician referred to in ORS 656.005 (12)(b)[*(A)*] prescribes and that is necessary to enable the worker to continue current employment or a vocational training program. If the insurer or self-insured employer does not approve, the attending physician or the worker may request approval from the Director of the Department of Consumer and Business Services for such treatment. The director may order a medical review by a physician or panel of physicians pursuant to ORS 656.327 (3) to aid in the review of such treatment. The decision of the director is subject to review under ORS 656.704.

(K) With the approval of the director, curative care arising from a generally recognized, non-experimental advance in medical science since the worker's claim was closed that is highly likely to improve the worker's condition and that is otherwise justified by the circumstances of the claim. The decision of the director is subject to review under ORS 656.704.

(L) Curative care provided to a worker to stabilize a temporary and acute waxing and waning of symptoms of the worker's condition.

(d) When the medically stationary date in a disabling claim is established by the insurer or self-insured employer and is not based on the findings of the attending physician, the insurer or self-insured employer is responsible for reimbursement to affected medical service providers for otherwise compensable services rendered until the insurer or self-insured employer provides written notice to the attending physician of the worker's medically stationary status.

(e) Except for services provided under a managed care contract, out-of-pocket expense reimbursement to receive care from the attending physician or nurse practitioner authorized to provide compensable medical services under this section shall not exceed the amount required to seek care from an appropriate nurse practitioner or attending physician of the same specialty who is in a medical community geographically closer to the worker's home. For the purposes of this paragraph, all physicians and nurse practitioners within a metropolitan area are considered to be part of the same medical community.

(2)(a) The worker may choose an attending doctor, physician or nurse practitioner within the State of Oregon. The worker may choose the initial attending physician or nurse practitioner and may subsequently change attending physician or nurse practitioner two times without approval from the director. If the worker thereafter selects another attending physician or nurse practitioner, the insurer or self-insured employer may require the director's approval of the selection and, if requested, the director shall determine with the advice of one or more physicians, whether the selection by the worker shall be approved. The decision of the director is subject to review under ORS 656.704. The worker also may choose an attending doctor or physician in another country or

in any state or territory or possession of the United States with the prior approval of the insurer or self-insured employer.

(b) A medical service provider who is not a member of a managed care organization is subject to the following provisions:

(A) A medical service provider who is not qualified to be an attending physician may provide compensable medical service to an injured worker for a period of 30 days from the date of injury or occupational disease or for 12 visits, whichever first occurs, without the authorization of an attending physician. Thereafter, medical service provided to an injured worker without the written authorization of an attending physician is not compensable.

(B) A medical service provider who is not an attending physician cannot authorize the payment of temporary disability compensation. Except as otherwise provided in this chapter, only the attending physician at the time of claim closure may make findings regarding the worker's impairment for the purpose of evaluating the worker's disability.

(C) Notwithstanding subparagraphs (A) and (B) of this paragraph, a nurse practitioner licensed under ORS 678.375 to 678.390 may:

(i) Provide compensable medical services for 90 days from the date of the first visit on the claim;

(ii) Authorize the payment of temporary disability benefits for a period not to exceed 60 days from the date of the first visit on the initial claim; and

(iii) When an injured worker treating with a nurse practitioner authorized to provide compensable services under this section becomes medically stationary within the 90-day period in which the nurse practitioner is authorized to treat the injured worker, shall refer the injured worker to a physician qualified to be an attending physician as defined in ORS 656.005 for the purpose of making findings regarding the worker's impairment for the purpose of evaluating the worker's disability. If a worker returns to the nurse practitioner after initial claim closure for evaluation of a possible worsening of the worker's condition, the nurse practitioner shall refer the worker to an attending physician and the insurer shall compensate the nurse practitioner for the examination performed.

(3) Notwithstanding any other provision of this chapter, the director, by rule, upon the advice of the committee created by ORS 656.794 and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment the director finds to be unscientific, unproven, outmoded or experimental. The decision of the director is subject to review under ORS 656.704.

(4) Notwithstanding subsection (2)(a) of this section, when a self-insured employer or the insurer of an employer contracts with a managed care organization certified pursuant to ORS 656.260 for medical services required by this chapter to be provided to injured workers:

(a) Those workers who are subject to the contract shall receive medical services in the manner prescribed in the contract. Workers subject to the contract include those who are receiving medical treatment for an accepted compensable injury or occupational disease, regardless of the date of injury or medically stationary status, on or after the effective date of the contract. If the managed care organization determines that the change in provider would be medically detrimental to the worker, the worker shall not become subject to the contract until the worker is found to be medically stationary, the worker changes physicians or nurse practitioners, or the managed care organization determines that the change in provider is no longer medically detrimental, whichever event first occurs. A worker becomes subject to the contract upon the worker's receipt of actual notice of the worker's enrollment in the managed care organization, or upon the third day after the

notice was sent by regular mail by the insurer or self-insured employer, whichever event first occurs. A worker shall not be subject to a contract after it expires or terminates without renewal. A worker may continue to treat with the attending physician or nurse practitioner authorized to provide compensable medical services under this section under an expired or terminated managed care organization contract if the physician or nurse practitioner agrees to comply with the rules, terms and conditions regarding services performed under any subsequent managed care organization contract to which the worker is subject. A worker shall not be subject to a contract if the worker's primary residence is more than 100 miles outside the managed care organization's certified geographical area. Each such contract must comply with the certification standards provided in ORS 656.260. However, a worker may receive immediate emergency medical treatment that is compensable from a medical service provider who is not a member of the managed care organization. Insurers or self-insured employers who contract with a managed care organization for medical services shall give notice to the workers of eligible medical service providers and such other information regarding the contract and manner of receiving medical services as the director may prescribe. Notwithstanding any provision of law or rule to the contrary, a worker of a noncomplying employer is considered to be subject to a contract between the State Accident Insurance Fund Corporation as a processing agent or the assigned claims agent and a managed care organization.

(b)(A) For initial or aggravation claims filed after June 7, 1995, the insurer or self-insured employer may require an injured worker, on a case-by-case basis, immediately to receive medical services from the managed care organization.

(B) If the insurer or self-insured employer gives notice that the worker is required to receive treatment from the managed care organization, the insurer or self-insured employer must guarantee that any reasonable and necessary services so received, that are not otherwise covered by health insurance, will be paid as provided in ORS 656.248, even if the claim is denied, until the worker receives actual notice of the denial or until three days after the denial is mailed, whichever event first occurs. The worker may elect to receive care from a primary care physician or nurse practitioner authorized to provide compensable medical services under this section who agrees to the conditions of ORS 656.260 (4)(g). However, guarantee of payment is not required by the insurer or self-insured employer if this election is made.

(C) If the insurer or self-insured employer does not give notice that the worker is required to receive treatment from the managed care organization, the insurer or self-insured employer is under no obligation to pay for services received by the worker unless the claim is later accepted.

(D) If the claim is denied, the worker may receive medical services after the date of denial from sources other than the managed care organization until the denial is reversed. Reasonable and necessary medical services received from sources other than the managed care organization after the date of claim denial must be paid as provided in ORS 656.248 by the insurer or self-insured employer if the claim is finally determined to be compensable.

(5) Notwithstanding any other provision of this chapter, the director, by rule, shall authorize physician assistants licensed by the Board of Medical Examiners for the State of Oregon who practice in areas served by Type A or Type B rural hospitals described in ORS 442.470 to authorize the payment of temporary disability compensation for injured workers for a period not to exceed 30 days from the date of the first visit on the claim. In addition, the director, by rule, may authorize such assistants who practice in areas served by a Type C rural hospital described in ORS 442.470 to authorize such payment.

(6) A nurse practitioner licensed under ORS 678.375 to 678.390 who is not a member of the

managed care organization, is authorized to provide the same level of services as a primary care physician as established by ORS 656.260 (4), if at the time the worker is enrolled in the managed care organization, the nurse practitioner maintains the worker's medical records and with whom the worker has a documented history of treatment, if that nurse practitioner agrees to refer the worker to the managed care organization for any specialized treatment, including physical therapy, to be furnished by another provider that the worker may require and if that nurse practitioner agrees to comply with all the rules, terms and conditions regarding services performed by the managed care organization.

(7) Subject to the provisions of ORS 656.704, if a claim for medical services is disapproved, the injured worker, insurer or self-insured employer may request administrative review by the director pursuant to ORS 656.260 or 656.327.

SECTION 4. ORS 656.245, as amended by section 4, chapter 811, Oregon Laws 2003, and section 4, chapter 26, Oregon Laws 2005, is amended to read:

656.245. (1)(a) For every compensable injury, the insurer or the self-insured employer shall cause to be provided medical services for conditions caused in material part by the injury for such period as the nature of the injury or the process of the recovery requires, subject to the limitations in ORS 656.225, including such medical services as may be required after a determination of permanent disability. In addition, for consequential and combined conditions described in ORS 656.005 (7), the insurer or the self-insured employer shall cause to be provided only those medical services directed to medical conditions caused in major part by the injury.

(b) Compensable medical services shall include medical, surgical, hospital, nursing, ambulances and other related services, and drugs, medicine, crutches and prosthetic appliances, braces and supports and where necessary, physical restorative services. A pharmacist or dispensing physician shall dispense generic drugs to the worker in accordance with ORS 689.515. The duty to provide such medical services continues for the life of the worker.

(c) Notwithstanding any other provision of this chapter, medical services after the worker's condition is medically stationary are not compensable except for the following:

(A) Services provided to a worker who has been determined to be permanently and totally disabled.

(B) Prescription medications.

(C) Services necessary to administer prescription medication or monitor the administration of prescription medication.

(D) Prosthetic devices, braces and supports.

(E) Services necessary to monitor the status, replacement or repair of prosthetic devices, braces and supports.

(F) Services provided pursuant to an accepted claim for aggravation under ORS 656.273.

(G) Services provided pursuant to an order issued under ORS 656.278.

(H) Services that are necessary to diagnose the worker's condition.

(I) Life-preserving modalities similar to insulin therapy, dialysis and transfusions.

(J) With the approval of the insurer or self-insured employer, palliative care that the worker's attending physician referred to in ORS 656.005 (12)(b)[*(A)*] prescribes and that is necessary to enable the worker to continue current employment or a vocational training program. If the insurer or self-insured employer does not approve, the attending physician or the worker may request approval from the Director of the Department of Consumer and Business Services for such treatment. The director may order a medical review by a physician or panel of physicians pursuant to ORS 656.327

(3) to aid in the review of such treatment. The decision of the director is subject to review under ORS 656.704.

(K) With the approval of the director, curative care arising from a generally recognized, non-experimental advance in medical science since the worker's claim was closed that is highly likely to improve the worker's condition and that is otherwise justified by the circumstances of the claim. The decision of the director is subject to review under ORS 656.704.

(L) Curative care provided to a worker to stabilize a temporary and acute waxing and waning of symptoms of the worker's condition.

(d) When the medically stationary date in a disabling claim is established by the insurer or self-insured employer and is not based on the findings of the attending physician, the insurer or self-insured employer is responsible for reimbursement to affected medical service providers for otherwise compensable services rendered until the insurer or self-insured employer provides written notice to the attending physician of the worker's medically stationary status.

(e) Except for services provided under a managed care contract, out-of-pocket expense reimbursement to receive care from the attending physician shall not exceed the amount required to seek care from an appropriate attending physician of the same specialty who is in a medical community geographically closer to the worker's home. For the purposes of this paragraph, all physicians within a metropolitan area are considered to be part of the same medical community.

(2)(a) The worker may choose an attending doctor or physician within the State of Oregon. The worker may choose the initial attending physician and may subsequently change attending physician two times without approval from the director. If the worker thereafter selects another attending physician, the insurer or self-insured employer may require the director's approval of the selection and, if requested, the director shall determine with the advice of one or more physicians, whether the selection by the worker shall be approved. The decision of the director is subject to review under ORS 656.704. The worker also may choose an attending doctor or physician in another country or in any state or territory or possession of the United States with the prior approval of the insurer or self-insured employer.

(b) A medical service provider who is not a member of a managed care organization is subject to the following provisions:

(A) A medical service provider who is not qualified to be an attending physician may provide compensable medical service to an injured worker for a period of 30 days from the date of injury or occupational disease or for 12 visits, whichever first occurs, without the authorization of an attending physician. Thereafter, medical service provided to an injured worker without the written authorization of an attending physician is not compensable.

(B) A medical service provider who is not an attending physician cannot authorize the payment of temporary disability compensation. Except as otherwise provided in this chapter, only the attending physician at the time of claim closure may make findings regarding the worker's impairment for the purpose of evaluating the worker's disability.

(3) Notwithstanding any other provision of this chapter, the director, by rule, upon the advice of the committee created by ORS 656.794 and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment the director finds to be unscientific, unproven, outmoded or experimental. The decision of the director is subject to review under ORS 656.704.

(4) Notwithstanding subsection (2)(a) of this section, when a self-insured employer or the insurer of an employer contracts with a managed care organization certified pursuant to ORS 656.260 for

medical services required by this chapter to be provided to injured workers:

(a) Those workers who are subject to the contract shall receive medical services in the manner prescribed in the contract. Workers subject to the contract include those who are receiving medical treatment for an accepted compensable injury or occupational disease, regardless of the date of injury or medically stationary status, on or after the effective date of the contract. If the managed care organization determines that the change in provider would be medically detrimental to the worker, the worker shall not become subject to the contract until the worker is found to be medically stationary, the worker changes physicians or the managed care organization determines that the change in provider is no longer medically detrimental, whichever event first occurs. A worker becomes subject to the contract upon the worker's receipt of actual notice of the worker's enrollment in the managed care organization, or upon the third day after the notice was sent by regular mail by the insurer or self-insured employer, whichever event first occurs. A worker shall not be subject to a contract after it expires or terminates without renewal. A worker may continue to treat with the attending physician under an expired or terminated managed care organization contract if the physician agrees to comply with the rules, terms and conditions regarding services performed under any subsequent managed care organization contract to which the worker is subject. A worker shall not be subject to a contract if the worker's primary residence is more than 100 miles outside the managed care organization's certified geographical area. Each such contract must comply with the certification standards provided in ORS 656.260. However, a worker may receive immediate emergency medical treatment that is compensable from a medical service provider who is not a member of the managed care organization. Insurers or self-insured employers who contract with a managed care organization for medical services shall give notice to the workers of eligible medical service providers and such other information regarding the contract and manner of receiving medical services as the director may prescribe. Notwithstanding any provision of law or rule to the contrary, a worker of a noncomplying employer is considered to be subject to a contract between the State Accident Insurance Fund Corporation as a processing agent or the assigned claims agent and a managed care organization.

(b)(A) For initial or aggravation claims filed after June 7, 1995, the insurer or self-insured employer may require an injured worker, on a case-by-case basis, immediately to receive medical services from the managed care organization.

(B) If the insurer or self-insured employer gives notice that the worker is required to receive treatment from the managed care organization, the insurer or self-insured employer must guarantee that any reasonable and necessary services so received, that are not otherwise covered by health insurance, will be paid as provided in ORS 656.248, even if the claim is denied, until the worker receives actual notice of the denial or until three days after the denial is mailed, whichever event first occurs. The worker may elect to receive care from a primary care physician who agrees to the conditions of ORS 656.260 (4)(g). However, guarantee of payment is not required by the insurer or self-insured employer if this election is made.

(C) If the insurer or self-insured employer does not give notice that the worker is required to receive treatment from the managed care organization, the insurer or self-insured employer is under no obligation to pay for services received by the worker unless the claim is later accepted.

(D) If the claim is denied, the worker may receive medical services after the date of denial from sources other than the managed care organization until the denial is reversed. Reasonable and necessary medical services received from sources other than the managed care organization after the date of claim denial must be paid as provided in ORS 656.248 by the insurer or self-insured em-

ployer if the claim is finally determined to be compensable.

(5) Notwithstanding any other provision of this chapter, the director, by rule, shall authorize nurse practitioners certified by the Oregon State Board of Nursing and physician assistants licensed by the Board of Medical Examiners for the State of Oregon who practice in areas served by Type A or Type B rural hospitals described in ORS 442.470 to authorize the payment of temporary disability compensation for injured workers for a period not to exceed 30 days from the date of the first visit on the claim. In addition, the director, by rule, may authorize such practitioners and assistants who practice in areas served by a Type C rural hospital described in ORS 442.470 to authorize such payment.

(6) Subject to the provisions of ORS 656.704, if a claim for medical services is disapproved, the injured worker, insurer or self-insured employer may request administrative review by the director pursuant to ORS 656.260 or 656.327.

SECTION 5. ORS 656.260 is amended to read:

656.260. (1) Any health care provider or group of medical service providers may make written application to the Director of the Department of Consumer and Business Services to become certified to provide managed care to injured workers for injuries and diseases compensable under this chapter. However, nothing in this section authorizes an organization that is formed, owned or operated by an insurer or employer other than a health care provider to become certified to provide managed care.

(2) Each application for certification shall be accompanied by a reasonable fee prescribed by the director. A certificate is valid for such period as the director may prescribe unless sooner revoked or suspended.

(3) Application for certification shall be made in such form and manner and shall set forth such information regarding the proposed plan for providing services as the director may prescribe. The information shall include, but not be limited to:

(a) A list of the names of all individuals who will provide services under the managed care plan, together with appropriate evidence of compliance with any licensing or certification requirements for that individual to practice in this state.

(b) A description of the times, places and manner of providing services under the plan.

(c) A description of the times, places and manner of providing other related optional services the applicants wish to provide.

(d) Satisfactory evidence of ability to comply with any financial requirements to insure delivery of service in accordance with the plan which the director may prescribe.

(4) The director shall certify a health care provider or group of medical service providers to provide managed care under a plan if the director finds that the plan:

(a) Proposes to provide services that meet quality, continuity and other treatment standards reviewed and approved by the director and will provide all medical and health care services that may be required by this chapter in a manner that is timely, effective and convenient for the worker.

(b) Subject to any other provision of law, does not discriminate against or exclude from participation in the plan any category of medical service providers and includes an adequate number of each category of medical service providers to give workers adequate flexibility to choose medical service providers from among those individuals who provide services under the plan. However, nothing in the requirements of this paragraph shall affect the provisions of ORS 441.055 relating to the granting of medical staff privileges.

(c) Provides appropriate financial incentives to reduce service costs and utilization without

sacrificing the quality of service.

(d) Provides adequate methods of peer review, service utilization review, quality assurance, contract review and dispute resolution to ensure appropriate treatment or to prevent inappropriate or excessive treatment, to exclude from participation in the plan those individuals who violate these treatment standards and to provide for the resolution of such medical disputes as the director considers appropriate. A majority of the members of each peer review, quality assurance, service utilization and contract review committee shall be physicians licensed to practice medicine by the Board of Medical Examiners. As used in this paragraph:

(A) "Peer review" means evaluation or review of the performance of colleagues by a panel with similar types and degrees of expertise. Peer review requires participation of at least three physicians prior to final determination.

(B) "Service utilization review" means evaluation and determination of the reasonableness, necessity and appropriateness of a worker's use of medical care resources and the provision of any needed assistance to clinician or member, or both, to ensure appropriate use of resources. "Service utilization review" includes prior authorization, concurrent review, retrospective review, discharge planning and case management activities.

(C) "Quality assurance" means activities to safeguard or improve the quality of medical care by assessing the quality of care or service and taking action to improve it.

(D) "Dispute resolution" includes the resolution of disputes arising under peer review, service utilization review and quality assurance activities between insurers, self-insured employers, workers and medical and health care service providers, as required under the certified plan.

(E) "Contract review" means the methods and processes whereby the managed care organization monitors and enforces its contracts with participating providers for matters other than matters enumerated in subparagraphs (A), (B) and (C) of this paragraph.

(e) Provides a program involving cooperative efforts by the workers, the employer and the managed care organizations to promote workplace health and safety consultative and other services and early return to work for injured workers.

(f) Provides a timely and accurate method of reporting to the director necessary information regarding medical and health care service cost and utilization to enable the director to determine the effectiveness of the plan.

(g) Authorizes workers to receive compensable medical treatment from a primary care physician who is not a member of the managed care organization, but who maintains the worker's medical records and with whom the worker has a documented history of treatment, if that primary care physician agrees to refer the worker to the managed care organization for any specialized treatment, including physical therapy, to be furnished by another provider that the worker may require and if that primary care physician agrees to comply with all the rules, terms and conditions regarding services performed by the managed care organization. Nothing in this paragraph is intended to limit the worker's right to change primary care physicians prior to the filing of a workers' compensation claim. As used in this paragraph, "primary care physician" means a physician who is qualified to be an attending physician referred to in ORS 656.005 (12)(b)[*(A)*] and who is a family practitioner, a general practitioner**,** [*or*] an internal medicine practitioner **or a chiropractic practitioner**.

(h) Provides a written explanation for denial of participation in the managed care organization plan to any licensed health care provider that has been denied participation in the managed care organization plan.

(i) Does not prohibit the injured worker's attending physician from advocating for medical ser-

vices and temporary disability benefits for the injured worker that are supported by the medical record.

(j) Complies with any other requirement the director determines is necessary to provide quality medical services and health care to injured workers.

(5) The director shall refuse to certify or may revoke or suspend the certification of any health care provider or group of medical service providers to provide managed care if the director finds that:

(a) The plan for providing medical or health care services fails to meet the requirements of this section.

(b) Service under the plan is not being provided in accordance with the terms of a certified plan.

(6) Any issue concerning the provision of medical services to injured workers subject to a managed care contract and service utilization review, quality assurance, dispute resolution, contract review and peer review activities as well as authorization of medical services to be provided by other than an attending physician pursuant to ORS 656.245 (2)(b) shall be subject to review by the director or the director's designated representatives. The decision of the director is subject to review under ORS 656.704. Data generated by or received in connection with these activities, including written reports, notes or records of any such activities, or of any review thereof, shall be confidential, and shall not be disclosed except as considered necessary by the director in the administration of this chapter. The director may report professional misconduct to an appropriate licensing board.

(7) No data generated by service utilization review, quality assurance, dispute resolution or peer review activities and no physician profiles or data used to create physician profiles pursuant to this section or a review thereof shall be used in any action, suit or proceeding except to the extent considered necessary by the director in the administration of this chapter. The confidentiality provisions of this section shall not apply in any action, suit or proceeding arising out of or related to a contract between a managed care organization and a health care provider whose confidentiality is protected by this section.

(8) A person participating in service utilization review, quality assurance, dispute resolution or peer review activities pursuant to this section shall not be examined as to any communication made in the course of such activities or the findings thereof, nor shall any person be subject to an action for civil damages for affirmative actions taken or statements made in good faith.

(9) No person who participates in forming consortiums, collectively negotiating fees or otherwise solicits or enters into contracts in a good faith effort to provide medical or health care services according to the provisions of this section shall be examined or subject to administrative or civil liability regarding any such participation except pursuant to the director's active supervision of such activities and the managed care organization. Before engaging in such activities, the person shall provide notice of intent to the director in a form prescribed by the director.

(10) The provisions of this section shall not affect the confidentiality or admission in evidence of a claimant's medical treatment records.

(11) In consultation with the committees referred to in ORS 656.790 and 656.794, the director shall adopt such rules as may be necessary to carry out the provisions of this section.

(12) As used in this section, ORS 656.245, 656.248 and 656.327, "medical service provider" means a person duly licensed to practice one or more of the healing arts in any country or in any state or territory or possession of the United States.

(13) Notwithstanding ORS 656.005 (12) or subsection (4)(b) of this section, a managed care or-

ganization contract may designate any medical service provider or category of providers as attending physicians.

(14) If a worker, insurer, self-insured employer or the attending physician is dissatisfied with an action of the managed care organization regarding the provision of medical services pursuant to this chapter, peer review, service utilization review or quality assurance activities, that person or entity must first apply to the director for administrative review of the matter before requesting a hearing. Such application must be made not later than the 60th day after the date the managed care organization has completed and issued its final decision.

(15) Upon a request for administrative review, the director shall create a documentary record sufficient for judicial review. The director shall complete administrative review and issue a proposed order within a reasonable time. The proposed order of the director issued pursuant to this section shall become final and not subject to further review unless a written request for a hearing is filed with the director within 30 days of the mailing of the order to all parties.

(16) At the contested case hearing, the order may be modified only if it is not supported by substantial evidence in the record or reflects an error of law. No new medical evidence or issues shall be admitted. The dispute may also be remanded to the managed care organization for further evidence taking, correction or other necessary action if the Administrative Law Judge or director determines the record has been improperly, incompletely or otherwise insufficiently developed. Decisions by the director regarding medical disputes are subject to review under ORS 656.704.

(17) Any person who is dissatisfied with an action of a managed care organization other than regarding the provision of medical services pursuant to this chapter, peer review, service utilization review or quality assurance activities may request review under ORS 656.704.

(18) Notwithstanding any other provision of law, original jurisdiction over contract review disputes is with the director. The director may resolve the matter by issuing an order subject to review under ORS 656.704, or the director may determine that the matter in dispute would be best addressed in another forum and so inform the parties.

(19) The director shall conduct such investigations, audits and other administrative oversight in regard to managed care as the director deems necessary to carry out the purposes of this chapter.

SECTION 6. ORS 656.262 is amended to read:

656.262. (1) Processing of claims and providing compensation for a worker shall be the responsibility of the insurer or self-insured employer. All employers shall assist their insurers in processing claims as required in this chapter.

(2) The compensation due under this chapter shall be paid periodically, promptly and directly to the person entitled thereto upon the employer's receiving notice or knowledge of a claim, except where the right to compensation is denied by the insurer or self-insured employer.

(3)(a) Employers shall, immediately and not later than five days after notice or knowledge of any claims or accidents which may result in a compensable injury claim, report the same to their insurer. The report shall include:

(A) The date, time, cause and nature of the accident and injuries.

(B) Whether the accident arose out of and in the course of employment.

(C) Whether the employer recommends or opposes acceptance of the claim, and the reasons therefor.

(D) The name and address of any health insurance provider for the injured worker.

(E) Any other details the insurer may require.

(b) Failure to so report subjects the offending employer to a charge for reimbursing the insurer

for any penalty the insurer is required to pay under subsection (11) of this section because of such failure. As used in this subsection, "health insurance" has the meaning for that term provided in ORS 731.162.

(4)(a) The first installment of temporary disability compensation shall be paid no later than the 14th day after the subject employer has notice or knowledge of the claim, if the attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245 authorizes the payment of temporary disability compensation. Thereafter, temporary disability compensation shall be paid at least once each two weeks, except where the Director of the Department of Consumer and Business Services determines that payment in installments should be made at some other interval. The director may by rule convert monthly benefit schedules to weekly or other periodic schedules.

(b) Notwithstanding any other provision of this chapter, if a self-insured employer pays to an injured worker who becomes disabled the same wage at the same pay interval that the worker received at the time of injury, such payment shall be deemed timely payment of temporary disability payments pursuant to ORS 656.210 and 656.212 during the time the wage payments are made.

(c) Notwithstanding any other provision of this chapter, when the holder of a public office is injured in the course and scope of that public office, full official salary paid to the holder of that public office shall be deemed timely payment of temporary disability payments pursuant to ORS 656.210 and 656.212 during the time the wage payments are made. As used in this subsection, "public office" has the meaning for that term provided in ORS 260.005.

(d) Temporary disability compensation is not due and payable for any period of time for which the insurer or self-insured employer has requested from the worker's attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245 verification of the worker's inability to work resulting from the claimed injury or disease and the physician or nurse practitioner cannot verify the worker's inability to work, unless the worker has been unable to receive treatment for reasons beyond the worker's control.

(e) If a worker fails to appear at an appointment with the worker's attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245, the insurer or self-insured employer shall notify the worker by certified mail that temporary disability benefits may be suspended after the worker fails to appear at a rescheduled appointment. If the worker fails to appear at a rescheduled appointment, the insurer or self-insured employer may suspend payment of temporary disability benefits to the worker until the worker appears at a subsequent rescheduled appointment.

(f) If the insurer or self-insured employer has requested and failed to receive from the worker's attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245 verification of the worker's inability to work resulting from the claimed injury or disease, medical services provided by the attending physician or nurse practitioner are not compensable until the attending physician or nurse practitioner submits such verification.

(g) Temporary disability compensation is not due and payable pursuant to ORS 656.268 after the worker's attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245 ceases to authorize temporary disability or for any period of time not authorized by the attending physician or nurse practitioner. No authorization of temporary disability compensation by the attending physician or nurse practitioner under ORS 656.268 shall be effective to retroactively authorize the payment of temporary disability more than 14 days prior to its issuance.

(h) The worker's disability may be authorized only by a person described in ORS 656.005 (12)(b)[*(B)*] or **by a person described in ORS** 656.245 for the period of time permitted by [*those sections*] **ORS 656.245**. The insurer or self-insured employer may unilaterally suspend payment of temporary disability benefits to the worker at the expiration of the period until temporary disability is reauthorized by an attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245.

(i) The insurer or self-insured employer may unilaterally suspend payment of all compensation to a worker enrolled in a managed care organization if the worker continues to seek care from an attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245 that is not authorized by the managed care organization more than seven days after the mailing of notice by the insurer or self-insured employer.

(5) Payment of compensation under subsection (4) of this section or payment, in amounts not to exceed $1,500 per claim, for medical services for nondisabling claims, may be made by the subject employer if the employer so chooses. The making of such payments does not constitute a waiver or transfer of the insurer's duty to determine entitlement to benefits. If the employer chooses to make such payment, the employer shall report the injury to the insurer in the same manner that other injuries are reported. However, an insurer shall not modify an employer's experience rating or otherwise make charges against the employer for any medical expenses paid by the employer pursuant to this subsection.

(6)(a) Written notice of acceptance or denial of the claim shall be furnished to the claimant by the insurer or self-insured employer within 60 days after the employer has notice or knowledge of the claim. Once the claim is accepted, the insurer or self-insured employer shall not revoke acceptance except as provided in this section. The insurer or self-insured employer may revoke acceptance and issue a denial at any time when the denial is for fraud, misrepresentation or other illegal activity by the worker. If the worker requests a hearing on any revocation of acceptance and denial alleging fraud, misrepresentation or other illegal activity, the insurer or self-insured employer has the burden of proving, by a preponderance of the evidence, such fraud, misrepresentation or other illegal activity. Upon such proof, the worker then has the burden of proving, by a preponderance of the evidence, the compensability of the claim. If the insurer or self-insured employer accepts a claim in good faith, in a case not involving fraud, misrepresentation or other illegal activity by the worker, and later obtains evidence that the claim is not compensable or evidence that the insurer or self-insured employer is not responsible for the claim, the insurer or self-insured employer may revoke the claim acceptance and issue a formal notice of claim denial, if such revocation of acceptance and denial is issued no later than two years after the date of the initial acceptance. If the worker requests a hearing on such revocation of acceptance and denial, the insurer or self-insured employer must prove, by a preponderance of the evidence, that the claim is not compensable or that the insurer or self-insured employer is not responsible for the claim. Notwithstanding any other provision of this chapter, if a denial of a previously accepted claim is set aside by an Administrative Law Judge, the Workers' Compensation Board or the court, temporary total disability benefits are payable from the date any such benefits were terminated under the denial. Except as provided in ORS 656.247, pending acceptance or denial of a claim, compensation payable to a claimant does not include the costs of medical benefits or burial expenses. The insurer shall also furnish the employer a copy of the notice of acceptance.

(b) The notice of acceptance shall:

(A) Specify what conditions are compensable.

(B) Advise the claimant whether the claim is considered disabling or nondisabling.

(C) Inform the claimant of the Expedited Claim Service and of the hearing and aggravation rights concerning nondisabling injuries, including the right to object to a decision that the injury of the claimant is nondisabling by requesting reclassification pursuant to ORS 656.277.

(D) Inform the claimant of employment reinstatement rights and responsibilities under ORS chapter 659A.

(E) Inform the claimant of assistance available to employers and workers from the Reemployment Assistance Program under ORS 656.622.

(F) Be modified by the insurer or self-insured employer from time to time as medical or other information changes a previously issued notice of acceptance.

(c) An insurer's or self-insured employer's acceptance of a combined or consequential condition under ORS 656.005 (7), whether voluntary or as a result of a judgment or order, shall not preclude the insurer or self-insured employer from later denying the combined or consequential condition if the otherwise compensable injury ceases to be the major contributing cause of the combined or consequential condition.

(d) An injured worker who believes that a condition has been incorrectly omitted from a notice of acceptance, or that the notice is otherwise deficient, first must communicate in writing to the insurer or self-insured employer the worker's objections to the notice pursuant to ORS 656.267. The insurer or self-insured employer has 60 days from receipt of the communication from the worker to revise the notice or to make other written clarification in response. A worker who fails to comply with the communication requirements of this paragraph or ORS 656.267 may not allege at any hearing or other proceeding on the claim a de facto denial of a condition based on information in the notice of acceptance from the insurer or self-insured employer. Notwithstanding any other provision of this chapter, the worker may initiate objection to the notice of acceptance at any time.

(7)(a) After claim acceptance, written notice of acceptance or denial of claims for aggravation or new medical or omitted condition claims properly initiated pursuant to ORS 656.267 shall be furnished to the claimant by the insurer or self-insured employer within 60 days after the insurer or self-insured employer receives written notice of such claims. A worker who fails to comply with the communication requirements of subsection (6) of this section or ORS 656.267 may not allege at any hearing or other proceeding on the claim a de facto denial of a condition based on information in the notice of acceptance from the insurer or self-insured employer.

(b) Once a worker's claim has been accepted, the insurer or self-insured employer must issue a written denial to the worker when the accepted injury is no longer the major contributing cause of the worker's combined condition before the claim may be closed.

(c) When an insurer or self-insured employer determines that the claim qualifies for claim closure, the insurer or self-insured employer shall issue at claim closure an updated notice of acceptance that specifies which conditions are compensable. The procedures specified in subsection (6)(d) of this section apply to this notice. Any objection to the updated notice or appeal of denied conditions shall not delay claim closure pursuant to ORS 656.268. If a condition is found compensable after claim closure, the insurer or self-insured employer shall reopen the claim for processing regarding that condition.

(8) The assigned claims agent in processing claims under ORS 656.054 shall send notice of acceptance or denial to the noncomplying employer.

(9) If an insurer or any other duly authorized agent of the employer for such purpose, on record with the Director of the Department of Consumer and Business Services denies a claim for com-

pensation, written notice of such denial, stating the reason for the denial, and informing the worker of the Expedited Claim Service and of hearing rights under ORS 656.283, shall be given to the claimant. A copy of the notice of denial shall be mailed to the director and to the employer by the insurer. The worker may request a hearing pursuant to ORS 656.319.

(10) Merely paying or providing compensation shall not be considered acceptance of a claim or an admission of liability, nor shall mere acceptance of such compensation be considered a waiver of the right to question the amount thereof. Payment of permanent disability benefits pursuant to a notice of closure, reconsideration order or litigation order, or the failure to appeal or seek review of such an order or notice of closure, shall not preclude an insurer or self-insured employer from subsequently contesting the compensability of the condition rated therein, unless the condition has been formally accepted.

(11)(a) If the insurer or self-insured employer unreasonably delays or unreasonably refuses to pay compensation, or unreasonably delays acceptance or denial of a claim, the insurer or self-insured employer shall be liable for an additional amount up to 25 percent of the amounts then due plus any attorney fees assessed under this section. The fees assessed by the director, an Administrative Law Judge, the board or the court under this section shall be proportionate to the benefit to the injured worker. The board shall adopt rules for establishing the amount of the attorney fee, giving primary consideration to the results achieved and to the time devoted to the case. An attorney fee awarded pursuant to this subsection may not exceed $2,000 absent a showing of extraordinary circumstances. Notwithstanding any other provision of this chapter, the director shall have exclusive jurisdiction over proceedings regarding solely the assessment and payment of the additional amount and attorney fees described in this subsection. The action of the director and the review of the action taken by the director shall be subject to review under ORS 656.704.

(b) When the director does not have exclusive jurisdiction over proceedings regarding the assessment and payment of the additional amount and attorney fees described in this subsection, the provisions of this subsection shall apply in the other proceeding.

(12) The insurer may authorize an employer to pay compensation to injured workers and shall reimburse employers for compensation so paid.

(13) Injured workers have the duty to cooperate and assist the insurer or self-insured employer in the investigation of claims for compensation. Injured workers shall submit to and shall fully cooperate with personal and telephonic interviews and other formal or informal information gathering techniques. Injured workers who are represented by an attorney shall have the right to have the attorney present during any personal or telephonic interview or deposition. However, if the attorney is not willing or available to participate in an interview at a time reasonably chosen by the insurer or self-insured employer within 14 days of the request for interview and the insurer or self-insured employer has cause to believe that the attorney's unwillingness or unavailability is unreasonable and is preventing the worker from complying within 14 days of the request for interview, the insurer or self-insured employer shall notify the director. If the director determines that the attorney's unwillingness or unavailability is unreasonable, the director shall assess a civil penalty against the attorney of not more than $1,000.

(14) If the director finds that a worker fails to reasonably cooperate with an investigation involving an initial claim to establish a compensable injury or an aggravation claim to reopen the claim for a worsened condition, the director shall suspend all or part of the payment of compensation after notice to the worker. If the worker does not cooperate for an additional 30 days after the notice, the insurer or self-insured employer may deny the claim because of the worker's failure

to cooperate. The obligation of the insurer or self-insured employer to accept or deny the claim within 60 days is suspended during the time of the worker's noncooperation. After such a denial, the worker shall not be granted a hearing or other proceeding under this chapter on the merits of the claim unless the worker first requests and establishes at an expedited hearing under ORS 656.291 that the worker fully and completely cooperated with the investigation, that the worker failed to cooperate for reasons beyond the worker's control or that the investigative demands were unreasonable. If the Administrative Law Judge finds that the worker has not fully cooperated, the Administrative Law Judge shall affirm the denial, and the worker's claim for injury shall remain denied. If the Administrative Law Judge finds that the worker has cooperated, or that the investigative demands were unreasonable, the Administrative Law Judge shall set aside the denial, order the reinstatement of interim compensation if appropriate and remand the claim to the insurer or self-insured employer to accept or deny the claim.

(15) In accordance with ORS 656.283 (4), the Administrative Law Judge assigned a request for hearing for a claim for compensation involving more than one potentially responsible employer or insurer may specify what is required of an injured worker to reasonably cooperate with the investigation of the claim as required by subsection (13) of this section.

SECTION 7. ORS 656.262, as amended by section 10, chapter 811, Oregon Laws 2003, section 10, chapter 26, Oregon Laws 2005, section 2, chapter 511, Oregon Laws 2005, and section 3, chapter 588, Oregon Laws 2005, is amended to read:

656.262. (1) Processing of claims and providing compensation for a worker shall be the responsibility of the insurer or self-insured employer. All employers shall assist their insurers in processing claims as required in this chapter.

(2) The compensation due under this chapter shall be paid periodically, promptly and directly to the person entitled thereto upon the employer's receiving notice or knowledge of a claim, except where the right to compensation is denied by the insurer or self-insured employer.

(3)(a) Employers shall, immediately and not later than five days after notice or knowledge of any claims or accidents which may result in a compensable injury claim, report the same to their insurer. The report shall include:

(A) The date, time, cause and nature of the accident and injuries.

(B) Whether the accident arose out of and in the course of employment.

(C) Whether the employer recommends or opposes acceptance of the claim, and the reasons therefor.

(D) The name and address of any health insurance provider for the injured worker.

(E) Any other details the insurer may require.

(b) Failure to so report subjects the offending employer to a charge for reimbursing the insurer for any penalty the insurer is required to pay under subsection (11) of this section because of such failure. As used in this subsection, "health insurance" has the meaning for that term provided in ORS 731.162.

(4)(a) The first installment of temporary disability compensation shall be paid no later than the 14th day after the subject employer has notice or knowledge of the claim, if the attending physician authorizes the payment of temporary disability compensation. Thereafter, temporary disability compensation shall be paid at least once each two weeks, except where the Director of the Department of Consumer and Business Services determines that payment in installments should be made at some other interval. The director may by rule convert monthly benefit schedules to weekly or other periodic schedules.

(b) Notwithstanding any other provision of this chapter, if a self-insured employer pays to an injured worker who becomes disabled the same wage at the same pay interval that the worker received at the time of injury, such payment shall be deemed timely payment of temporary disability payments pursuant to ORS 656.210 and 656.212 during the time the wage payments are made.

(c) Notwithstanding any other provision of this chapter, when the holder of a public office is injured in the course and scope of that public office, full official salary paid to the holder of that public office shall be deemed timely payment of temporary disability payments pursuant to ORS 656.210 and 656.212 during the time the wage payments are made. As used in this subsection, "public office" has the meaning for that term provided in ORS 260.005.

(d) Temporary disability compensation is not due and payable for any period of time for which the insurer or self-insured employer has requested from the worker's attending physician verification of the worker's inability to work resulting from the claimed injury or disease and the physician cannot verify the worker's inability to work, unless the worker has been unable to receive treatment for reasons beyond the worker's control.

(e) If a worker fails to appear at an appointment with the worker's attending physician, the insurer or self-insured employer shall notify the worker by certified mail that temporary disability benefits may be suspended after the worker fails to appear at a rescheduled appointment. If the worker fails to appear at a rescheduled appointment, the insurer or self-insured employer may suspend payment of temporary disability benefits to the worker until the worker appears at a subsequent rescheduled appointment.

(f) If the insurer or self-insured employer has requested and failed to receive from the worker's attending physician verification of the worker's inability to work resulting from the claimed injury or disease, medical services provided by the attending physician are not compensable until the attending physician submits such verification.

(g) Temporary disability compensation is not due and payable pursuant to ORS 656.268 after the worker's attending physician ceases to authorize temporary disability or for any period of time not authorized by the attending physician. No authorization of temporary disability compensation by the attending physician under ORS 656.268 shall be effective to retroactively authorize the payment of temporary disability more than 14 days prior to its issuance.

(h) The worker's disability may be authorized only by a person described in ORS 656.005 (12)(b)[*(B)*] or **by a person described in ORS** 656.245 (5) for the period of time permitted by [*those sections*] **ORS 656.245 (5)**. The insurer or self-insured employer may unilaterally suspend payment of temporary disability benefits to the worker at the expiration of the period until temporary disability is reauthorized by an attending physician.

(i) The insurer or self-insured employer may unilaterally suspend payment of all compensation to a worker enrolled in a managed care organization if the worker continues to seek care from an attending physician that is not authorized by the managed care organization more than seven days after the mailing of notice by the insurer or self-insured employer.

(5) Payment of compensation under subsection (4) of this section or payment, in amounts not to exceed $1,500 per claim, for medical services for nondisabling claims, may be made by the subject employer if the employer so chooses. The making of such payments does not constitute a waiver or transfer of the insurer's duty to determine entitlement to benefits. If the employer chooses to make such payment, the employer shall report the injury to the insurer in the same manner that other injuries are reported. However, an insurer shall not modify an employer's experience rating or otherwise make charges against the employer for any medical expenses paid by the employer pur-

suant to this subsection.

(6)(a) Written notice of acceptance or denial of the claim shall be furnished to the claimant by the insurer or self-insured employer within 60 days after the employer has notice or knowledge of the claim. Once the claim is accepted, the insurer or self-insured employer shall not revoke acceptance except as provided in this section. The insurer or self-insured employer may revoke acceptance and issue a denial at any time when the denial is for fraud, misrepresentation or other illegal activity by the worker. If the worker requests a hearing on any revocation of acceptance and denial alleging fraud, misrepresentation or other illegal activity, the insurer or self-insured employer has the burden of proving, by a preponderance of the evidence, such fraud, misrepresentation or other illegal activity. Upon such proof, the worker then has the burden of proving, by a preponderance of the evidence, the compensability of the claim. If the insurer or self-insured employer accepts a claim in good faith, in a case not involving fraud, misrepresentation or other illegal activity by the worker, and later obtains evidence that the claim is not compensable or evidence that the insurer or self-insured employer is not responsible for the claim, the insurer or self-insured employer may revoke the claim acceptance and issue a formal notice of claim denial, if such revocation of acceptance and denial is issued no later than two years after the date of the initial acceptance. If the worker requests a hearing on such revocation of acceptance and denial, the insurer or self-insured employer must prove, by a preponderance of the evidence, that the claim is not compensable or that the insurer or self-insured employer is not responsible for the claim. Notwithstanding any other provision of this chapter, if a denial of a previously accepted claim is set aside by an Administrative Law Judge, the Workers' Compensation Board or the court, temporary total disability benefits are payable from the date any such benefits were terminated under the denial. Except as provided in ORS 656.247, pending acceptance or denial of a claim, compensation payable to a claimant does not include the costs of medical benefits or burial expenses. The insurer shall also furnish the employer a copy of the notice of acceptance.

(b) The notice of acceptance shall:

(A) Specify what conditions are compensable.

(B) Advise the claimant whether the claim is considered disabling or nondisabling.

(C) Inform the claimant of the Expedited Claim Service and of the hearing and aggravation rights concerning nondisabling injuries, including the right to object to a decision that the injury of the claimant is nondisabling by requesting reclassification pursuant to ORS 656.277.

(D) Inform the claimant of employment reinstatement rights and responsibilities under ORS chapter 659A.

(E) Inform the claimant of assistance available to employers and workers from the Reemployment Assistance Program under ORS 656.622.

(F) Be modified by the insurer or self-insured employer from time to time as medical or other information changes a previously issued notice of acceptance.

(c) An insurer's or self-insured employer's acceptance of a combined or consequential condition under ORS 656.005 (7), whether voluntary or as a result of a judgment or order, shall not preclude the insurer or self-insured employer from later denying the combined or consequential condition if the otherwise compensable injury ceases to be the major contributing cause of the combined or consequential condition.

(d) An injured worker who believes that a condition has been incorrectly omitted from a notice of acceptance, or that the notice is otherwise deficient, first must communicate in writing to the insurer or self-insured employer the worker's objections to the notice pursuant to ORS 656.267. The

insurer or self-insured employer has 60 days from receipt of the communication from the worker to revise the notice or to make other written clarification in response. A worker who fails to comply with the communication requirements of this paragraph or ORS 656.267 may not allege at any hearing or other proceeding on the claim a de facto denial of a condition based on information in the notice of acceptance from the insurer or self-insured employer. Notwithstanding any other provision of this chapter, the worker may initiate objection to the notice of acceptance at any time.

(7)(a) After claim acceptance, written notice of acceptance or denial of claims for aggravation or new medical or omitted condition claims properly initiated pursuant to ORS 656.267 shall be furnished to the claimant by the insurer or self-insured employer within 60 days after the insurer or self-insured employer receives written notice of such claims. A worker who fails to comply with the communication requirements of subsection (6) of this section or ORS 656.267 may not allege at any hearing or other proceeding on the claim a de facto denial of a condition based on information in the notice of acceptance from the insurer or self-insured employer.

(b) Once a worker's claim has been accepted, the insurer or self-insured employer must issue a written denial to the worker when the accepted injury is no longer the major contributing cause of the worker's combined condition before the claim may be closed.

(c) When an insurer or self-insured employer determines that the claim qualifies for claim closure, the insurer or self-insured employer shall issue at claim closure an updated notice of acceptance that specifies which conditions are compensable. The procedures specified in subsection (6)(d) of this section apply to this notice. Any objection to the updated notice or appeal of denied conditions shall not delay claim closure pursuant to ORS 656.268. If a condition is found compensable after claim closure, the insurer or self-insured employer shall reopen the claim for processing regarding that condition.

(8) The assigned claims agent in processing claims under ORS 656.054 shall send notice of acceptance or denial to the noncomplying employer.

(9) If an insurer or any other duly authorized agent of the employer for such purpose, on record with the Director of the Department of Consumer and Business Services denies a claim for compensation, written notice of such denial, stating the reason for the denial, and informing the worker of the Expedited Claim Service and of hearing rights under ORS 656.283, shall be given to the claimant. A copy of the notice of denial shall be mailed to the director and to the employer by the insurer. The worker may request a hearing pursuant to ORS 656.319.

(10) Merely paying or providing compensation shall not be considered acceptance of a claim or an admission of liability, nor shall mere acceptance of such compensation be considered a waiver of the right to question the amount thereof. Payment of permanent disability benefits pursuant to a notice of closure, reconsideration order or litigation order, or the failure to appeal or seek review of such an order or notice of closure, shall not preclude an insurer or self-insured employer from subsequently contesting the compensability of the condition rated therein, unless the condition has been formally accepted.

(11)(a) If the insurer or self-insured employer unreasonably delays or unreasonably refuses to pay compensation, or unreasonably delays acceptance or denial of a claim, the insurer or self-insured employer shall be liable for an additional amount up to 25 percent of the amounts then due plus any attorney fees assessed under this section. The fees assessed by the director, an Administrative Law Judge, the board or the court under this section shall be proportionate to the benefit to the injured worker. The board shall adopt rules for establishing the amount of the attorney fee, giving primary consideration to the results achieved and to the time devoted to the case. An attor-

ney fee awarded pursuant to this subsection may not exceed $2,000 absent a showing of extraordinary circumstances. Notwithstanding any other provision of this chapter, the director shall have exclusive jurisdiction over proceedings regarding solely the assessment and payment of the additional amount and attorney fees described in this subsection. The action of the director and the review of the action taken by the director shall be subject to review under ORS 656.704.

(b) When the director does not have exclusive jurisdiction over proceedings regarding the assessment and payment of the additional amount and attorney fees described in this subsection, the provisions of this subsection shall apply in the other proceeding.

(12) The insurer may authorize an employer to pay compensation to injured workers and shall reimburse employers for compensation so paid.

(13) Injured workers have the duty to cooperate and assist the insurer or self-insured employer in the investigation of claims for compensation. Injured workers shall submit to and shall fully cooperate with personal and telephonic interviews and other formal or informal information gathering techniques. Injured workers who are represented by an attorney shall have the right to have the attorney present during any personal or telephonic interview or deposition. However, if the attorney is not willing or available to participate in an interview at a time reasonably chosen by the insurer or self-insured employer within 14 days of the request for interview and the insurer or self-insured employer has cause to believe that the attorney's unwillingness or unavailability is unreasonable and is preventing the worker from complying within 14 days of the request for interview, the insurer or self-insured employer shall notify the director. If the director determines that the attorney's unwillingness or unavailability is unreasonable, the director shall assess a civil penalty against the attorney of not more than $1,000.

(14) If the director finds that a worker fails to reasonably cooperate with an investigation involving an initial claim to establish a compensable injury or an aggravation claim to reopen the claim for a worsened condition, the director shall suspend all or part of the payment of compensation after notice to the worker. If the worker does not cooperate for an additional 30 days after the notice, the insurer or self-insured employer may deny the claim because of the worker's failure to cooperate. The obligation of the insurer or self-insured employer to accept or deny the claim within 60 days is suspended during the time of the worker's noncooperation. After such a denial, the worker shall not be granted a hearing or other proceeding under this chapter on the merits of the claim unless the worker first requests and establishes at an expedited hearing under ORS 656.291 that the worker fully and completely cooperated with the investigation, that the worker failed to cooperate for reasons beyond the worker's control or that the investigative demands were unreasonable. If the Administrative Law Judge finds that the worker has not fully cooperated, the Administrative Law Judge shall affirm the denial, and the worker's claim for injury shall remain denied. If the Administrative Law Judge finds that the worker has cooperated, or that the investigative demands were unreasonable, the Administrative Law Judge shall set aside the denial, order the reinstatement of interim compensation if appropriate and remand the claim to the insurer or self-insured employer to accept or deny the claim.

(15) In accordance with ORS 656.283 (4), the Administrative Law Judge assigned a request for hearing for a claim for compensation involving more than one potentially responsible employer or insurer may specify what is required of an injured worker to reasonably cooperate with the investigation of the claim as required by subsection (13) of this section.

SECTION 8. ORS 656.268 is amended to read:

656.268. (1) One purpose of this chapter is to restore the injured worker as soon as possible and

as near as possible to a condition of self support and maintenance as an able-bodied worker. The insurer or self-insured employer shall close the worker's claim, as prescribed by the Director of the Department of Consumer and Business Services, and determine the extent of the worker's permanent disability, provided the worker is not enrolled and actively engaged in training according to rules adopted by the director pursuant to ORS 656.340 and 656.726, when:

(a) The worker has become medically stationary and there is sufficient information to determine permanent disability;

(b) The accepted injury is no longer the major contributing cause of the worker's combined or consequential condition or conditions pursuant to ORS 656.005 (7). When the claim is closed because the accepted injury is no longer the major contributing cause of the worker's combined or consequential condition or conditions, and there is sufficient information to determine permanent disability, the likely permanent disability that would have been due to the current accepted condition shall be estimated;

(c) Without the approval of the attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245, the worker fails to seek medical treatment for a period of 30 days or the worker fails to attend a closing examination, unless the worker affirmatively establishes that such failure is attributable to reasons beyond the worker's control; or

(d) An insurer or self-insured employer finds that a worker who has been receiving permanent total disability benefits has materially improved and is capable of regularly performing work at a gainful and suitable occupation.

(2) If the worker is enrolled and actively engaged in training according to rules adopted pursuant to ORS 656.340 and 656.726, the temporary disability compensation shall be proportionately reduced by any sums earned during the training.

(3) A copy of all medical reports and reports of vocational rehabilitation agencies or counselors shall be furnished to the worker, if requested by the worker.

(4) Temporary total disability benefits shall continue until whichever of the following events first occurs:

(a) The worker returns to regular or modified employment;

(b) The attending physician or nurse practitioner who has authorized temporary disability benefits for the worker under ORS 656.245 advises the worker and documents in writing that the worker is released to return to regular employment;

(c) The attending physician or nurse practitioner who has authorized temporary disability benefits for the worker under ORS 656.245 advises the worker and documents in writing that the worker is released to return to modified employment, such employment is offered in writing to the worker and the worker fails to begin such employment. However, an offer of modified employment may be refused by the worker without the termination of temporary total disability benefits if the offer:

(A) Requires a commute that is beyond the physical capacity of the worker according to the worker's attending physician or the nurse practitioner who may authorize temporary disability under ORS 656.245;

(B) Is at a work site more than 50 miles one way from where the worker was injured unless the site is less than 50 miles from the worker's residence or the intent of the parties at the time of hire or as established by the pattern of employment prior to the injury was that the employer had multiple or mobile work sites and the worker could be assigned to any such site;

(C) Is not with the employer at injury;

(D) Is not at a work site of the employer at injury;

(E) Is not consistent with the existing written shift change policy or is not consistent with common practice of the employer at injury or aggravation; or

(F) Is not consistent with an existing shift change provision of an applicable collective bargaining agreement; or

(d) Any other event that causes temporary disability benefits to be lawfully suspended, withheld or terminated under ORS 656.262 (4) or other provisions of this chapter.

(5)(a) Findings by the insurer or self-insured employer regarding the extent of the worker's disability in closure of the claim shall be pursuant to the standards prescribed by the director. The insurer or self-insured employer shall issue a notice of closure of such a claim to the worker, to the worker's attorney if the worker is represented, and to the director. The notice must inform:

(A) The parties, in boldfaced type, of the proper manner in which to proceed if they are dissatisfied with the terms of the notice;

(B) The worker of the amount of any further compensation, including permanent disability compensation to be awarded; of the duration of temporary total or temporary partial disability compensation; of the right of the worker to request reconsideration by the director under this section within 60 days of the date of the notice of claim closure; of the right of the insurer or self-insured employer to request reconsideration by the director under this section within seven days of the date of the notice of claim closure; of the aggravation rights; and of such other information as the director may require; and

(C) Any beneficiaries of death benefits to which they may be entitled pursuant to ORS 656.204 and 656.208.

(b) If the insurer or self-insured employer has not issued a notice of closure, the worker may request closure. Within 10 days of receipt of a written request from the worker, the insurer or self-insured employer shall issue a notice of closure if the requirements of this section have been met or a notice of refusal to close if the requirements of this section have not been met. A notice of refusal to close shall advise the worker of the decision not to close; of the right of the worker to request a hearing pursuant to ORS 656.283 within 60 days of the date of the notice of refusal to close the claim; of the right to be represented by an attorney; and of such other information as the director may require.

(c) If a worker, insurer or self-insured employer objects to the notice of closure, the objecting party first must request reconsideration by the director under this section. A worker's request for reconsideration must be made within 60 days of the date of the notice of closure. A request for reconsideration by an insurer or self-insured employer may be based only on disagreement with the findings used to rate impairment and must be made within seven days of the date of the notice of closure.

(d) If an insurer or self-insured employer has closed a claim or refused to close a claim pursuant to this section, if the correctness of that notice of closure or refusal to close is at issue in a hearing on the claim and if a finding is made at the hearing that the notice of closure or refusal to close was not reasonable, a penalty shall be assessed against the insurer or self-insured employer and paid to the worker in an amount equal to 25 percent of all compensation determined to be then due the claimant.

(e) If, upon reconsideration of a claim closed by an insurer or self-insured employer, the director orders an increase by 25 percent or more of the amount of compensation to be paid to the worker for permanent disability and the worker is found upon reconsideration to be at least 20 percent permanently disabled, a penalty shall be assessed against the insurer or self-insured employer and

paid to the worker in an amount equal to 25 percent of all compensation determined to be then due the claimant. If the increase in compensation results from information that the insurer or self-insured employer demonstrates the insurer or self-insured employer could not reasonably have known at the time of claim closure, from new information obtained through a medical arbiter examination or from the adoption of a temporary emergency rule, the penalty shall not be assessed.

(6)(a) Notwithstanding any other provision of law, only one reconsideration proceeding may be held on each notice of closure. At the reconsideration proceeding:

(A) A deposition arranged by the worker, limited to the testimony and cross-examination of the worker about the worker's condition at the time of claim closure, shall become part of the reconsideration record. The deposition must be conducted subject to the opportunity for cross-examination by the insurer or self-insured employer and in accordance with rules adopted by the director. The cost of the court reporter and one original of the transcript of the deposition for the Department of Consumer and Business Services and one copy of the transcript of the deposition for each party shall be paid by the insurer or self-insured employer. The reconsideration proceeding may not be postponed to receive a deposition taken under this subparagraph. A deposition taken in accordance with this subparagraph may be received as evidence at a hearing even if the deposition is not prepared in time for use in the reconsideration proceeding.

(B) Pursuant to rules adopted by the director, the worker or the insurer or self-insured employer may correct information in the record that is erroneous and may submit any medical evidence that should have been but was not submitted by the attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245 at the time of claim closure.

(C) If the director determines that a claim was not closed in accordance with subsection (1) of this section, the director may rescind the closure.

(b) If necessary, the director may require additional medical or other information with respect to the claims and may postpone the reconsideration for not more than 60 additional calendar days.

(c) In any reconsideration proceeding under this section in which the worker was represented by an attorney, the director shall order the insurer or self-insured employer to pay to the attorney, out of the additional compensation awarded, an amount equal to 10 percent of any additional compensation awarded to the worker.

(d) The reconsideration proceeding shall be completed within 18 working days from the date the reconsideration proceeding begins, and shall be performed by a special evaluation appellate unit within the department. The deadline of 18 working days may be postponed by an additional 60 calendar days if within the 18 working days the department mails notice of review by a medical arbiter. If an order on reconsideration has not been mailed on or before 18 working days from the date the reconsideration proceeding begins, or within 18 working days plus the additional 60 calendar days where a notice for medical arbiter review was timely mailed or the director postponed the reconsideration pursuant to paragraph (b) of this subsection, or within such additional time as provided in subsection (7) of this section when reconsideration is postponed further because the worker has failed to cooperate in the medical arbiter examination, reconsideration shall be deemed denied and any further proceedings shall occur as though an order on reconsideration affirming the notice of closure was mailed on the date the order was due to issue.

(e) The period for completing the reconsideration proceeding described in paragraph (d) of this subsection begins upon receipt by the director of a worker's request for reconsideration pursuant to subsection (5)(c) of this section. If the insurer or self-insured employer requests reconsideration, the period for reconsideration begins upon the earlier of the date of the request for reconsideration

by the worker, the date of receipt of a waiver from the worker of the right to request reconsideration or the date of expiration of the right of the worker to request reconsideration. If a party elects not to file a separate request for reconsideration, the party does not waive the right to fully participate in the reconsideration proceeding, including the right to proceed with the reconsideration if the initiating party withdraws the request for reconsideration.

(f) Any medical arbiter report may be received as evidence at a hearing even if the report is not prepared in time for use in the reconsideration proceeding.

(g) If any party objects to the reconsideration order, the party may request a hearing under ORS 656.283 within 30 days from the date of the reconsideration order.

(7)(a) If the basis for objection to a notice of closure issued under this section is disagreement with the impairment used in rating of the worker's disability, the director shall refer the claim to a medical arbiter appointed by the director.

(b) If neither party requests a medical arbiter and the director determines that insufficient medical information is available to determine disability, the director may refer the claim to a medical arbiter appointed by the director.

(c) At the request of either of the parties, a panel of three medical arbiters shall be appointed.

(d) The arbiter, or panel of medical arbiters, shall be chosen from among a list of physicians qualified to be attending physicians referred to in ORS 656.005 (12)(b)[*(A)*] who were selected by the director in consultation with the Board of Medical Examiners for the State of Oregon**, the State Board of Chiropractic Examiners** and the committee referred to in ORS 656.790.

(e)(A) The medical arbiter or panel of medical arbiters may examine the worker and perform such tests as may be reasonable and necessary to establish the worker's impairment.

(B) If the director determines that the worker failed to attend the examination without good cause or failed to cooperate with the medical arbiter, or panel of medical arbiters, the director shall postpone the reconsideration proceedings for up to 60 days from the date of the determination that the worker failed to attend or cooperate, and shall suspend all disability benefits resulting from this or any prior opening of the claim until such time as the worker attends and cooperates with the examination or the request for reconsideration is withdrawn. Any additional evidence regarding good cause must be submitted prior to the conclusion of the 60-day postponement period.

(C) At the conclusion of the 60-day postponement period, if the worker has not attended and cooperated with a medical arbiter examination or established good cause, there shall be no further opportunity for the worker to attend a medical arbiter examination for this claim closure. The reconsideration record shall be closed, and the director shall issue an order on reconsideration based upon the existing record.

(D) All disability benefits suspended pursuant to this subsection, including all disability benefits awarded in the order on reconsideration, or by an Administrative Law Judge, the Workers' Compensation Board or upon court review, shall not be due and payable to the worker.

(f) The costs of examination and review by the medical arbiter or panel of medical arbiters shall be paid by the insurer or self-insured employer.

(g) The findings of the medical arbiter or panel of medical arbiters shall be submitted to the director for reconsideration of the notice of closure.

(h) After reconsideration, no subsequent medical evidence of the worker's impairment is admissible before the director, the Workers' Compensation Board or the courts for purposes of making findings of impairment on the claim closure.

(i)(A) When the basis for objection to a notice of closure issued under this section is a disa-

greement with the impairment used in rating the worker's disability, and the director determines that the worker is not medically stationary at the time of the reconsideration or that the closure was not made pursuant to this section, the director is not required to appoint a medical arbiter prior to the completion of the reconsideration proceeding.

(B) If the worker's condition has substantially changed since the notice of closure, upon the consent of all the parties to the claim, the director shall postpone the proceeding until the worker's condition is appropriate for claim closure under subsection (1) of this section.

(8) No hearing shall be held on any issue that was not raised and preserved before the director at reconsideration. However, issues arising out of the reconsideration order may be addressed and resolved at hearing.

(9) If, after the notice of closure issued pursuant to this section, the worker becomes enrolled and actively engaged in training according to rules adopted pursuant to ORS 656.340 and 656.726, any permanent disability payments due for work disability under the closure shall be suspended, and the worker shall receive temporary disability compensation and any permanent disability payments due for impairment while the worker is enrolled and actively engaged in the training. When the worker ceases to be enrolled and actively engaged in the training, the insurer or self-insured employer shall again close the claim pursuant to this section if the worker is medically stationary or if the worker's accepted injury is no longer the major contributing cause of the worker's combined or consequential condition or conditions pursuant to ORS 656.005 (7). The closure shall include the duration of temporary total or temporary partial disability compensation. Permanent disability compensation shall be redetermined for work disability only. If the worker has returned to work or the worker's attending physician has released the worker to return to regular or modified employment, the insurer or self-insured employer shall again close the claim. This notice of closure may be appealed only in the same manner as are other notices of closure under this section.

(10) If the attending physician or nurse practitioner authorized to provide compensable medical services under ORS 656.245 has approved the worker's return to work and there is a labor dispute in progress at the place of employment, the worker may refuse to return to that employment without loss of reemployment rights or any vocational assistance provided by this chapter.

(11) Any notice of closure made under this section may include necessary adjustments in compensation paid or payable prior to the notice of closure, including disallowance of permanent disability payments prematurely made, crediting temporary disability payments against current or future permanent or temporary disability awards or payments and requiring the payment of temporary disability payments which were payable but not paid.

(12) An insurer or self-insured employer may take a credit or offset of previously paid workers' compensation benefits or payments against any further workers' compensation benefits or payments due a worker from that insurer or self-insured employer when the worker admits to having obtained the previously paid benefits or payments through fraud, or a civil judgment or criminal conviction is entered against the worker for having obtained the previously paid benefits through fraud. Benefits or payments obtained through fraud by a worker shall not be included in any data used for ratemaking or individual employer rating or dividend calculations by a guaranty contract insurer, a rating organization licensed pursuant to ORS chapter 737, the State Accident Insurance Fund Corporation or the director.

(13)(a) An insurer or self-insured employer may offset any compensation payable to the worker to recover an overpayment from a claim with the same insurer or self-insured employer. When overpayments are recovered from temporary disability or permanent total disability benefits, the

amount recovered from each payment shall not exceed 25 percent of the payment, without prior authorization from the worker.

(b) An insurer or self-insured employer may suspend and offset any compensation payable to the beneficiary of the worker, and recover an overpayment of permanent total disability benefits caused by the failure of the worker's beneficiaries to notify the insurer or self-insured employer about the death of the worker.

(14) Conditions that are direct medical sequelae to the original accepted condition shall be included in rating permanent disability of the claim unless they have been specifically denied.

SECTION 9. ORS 656.268, as amended by section 8, chapter 657, Oregon Laws 2003, section 12, chapter 811, Oregon Laws 2003, section 2, chapter 221, Oregon Laws 2005, section 4, chapter 461, Oregon Laws 2005, and section 2, chapter 569, Oregon Laws 2005, is amended to read:

656.268. (1) One purpose of this chapter is to restore the injured worker as soon as possible and as near as possible to a condition of self support and maintenance as an able-bodied worker. The insurer or self-insured employer shall close the worker's claim, as prescribed by the Director of the Department of Consumer and Business Services, and determine the extent of the worker's permanent disability, provided the worker is not enrolled and actively engaged in training according to rules adopted by the director pursuant to ORS 656.340 and 656.726, when:

(a) The worker has become medically stationary and there is sufficient information to determine permanent impairment;

(b) The accepted injury is no longer the major contributing cause of the worker's combined or consequential condition or conditions pursuant to ORS 656.005 (7). When the claim is closed because the accepted injury is no longer the major contributing cause of the worker's combined or consequential condition or conditions, and there is sufficient information to determine permanent impairment, the likely impairment and adaptability that would have been due to the current accepted condition shall be estimated;

(c) Without the approval of the attending physician, the worker fails to seek medical treatment for a period of 30 days or the worker fails to attend a closing examination, unless the worker affirmatively establishes that such failure is attributable to reasons beyond the worker's control; or

(d) An insurer or self-insured employer finds that a worker who has been receiving permanent total disability benefits has materially improved and is capable of regularly performing work at a gainful and suitable occupation.

(2) If the worker is enrolled and actively engaged in training according to rules adopted pursuant to ORS 656.340 and 656.726, the temporary disability compensation shall be proportionately reduced by any sums earned during the training.

(3) A copy of all medical reports and reports of vocational rehabilitation agencies or counselors shall be furnished to the worker, if requested by the worker.

(4) Temporary total disability benefits shall continue until whichever of the following events first occurs:

(a) The worker returns to regular or modified employment;

(b) The attending physician advises the worker and documents in writing that the worker is released to return to regular employment;

(c) The attending physician advises the worker and documents in writing that the worker is released to return to modified employment, such employment is offered in writing to the worker and the worker fails to begin such employment. However, an offer of modified employment may be refused by the worker without the termination of temporary total disability benefits if the offer:

(A) Requires a commute that is beyond the physical capacity of the worker according to the worker's attending physician;

(B) Is at a work site more than 50 miles one way from where the worker was injured unless the site is less than 50 miles from the worker's residence or the intent of the parties at the time of hire or as established by the pattern of employment prior to the injury was that the employer had multiple or mobile work sites and the worker could be assigned to any such site;

(C) Is not with the employer at injury;

(D) Is not at a work site of the employer at injury;

(E) Is not consistent with the existing written shift change policy or is not consistent with common practice of the employer at injury or aggravation; or

(F) Is not consistent with an existing shift change provision of an applicable collective bargaining agreement; or

(d) Any other event that causes temporary disability benefits to be lawfully suspended, withheld or terminated under ORS 656.262 (4) or other provisions of this chapter.

(5)(a) Findings by the insurer or self-insured employer regarding the extent of the worker's disability in closure of the claim shall be pursuant to the standards prescribed by the director. The insurer or self-insured employer shall issue a notice of closure of such a claim to the worker, to the worker's attorney if the worker is represented, and to the director. The notice must inform:

(A) The parties, in boldfaced type, of the proper manner in which to proceed if they are dissatisfied with the terms of the notice;

(B) The worker of the amount of any further compensation, including permanent disability compensation to be awarded; of the duration of temporary total or temporary partial disability compensation; of the right of the worker to request reconsideration by the director under this section within 60 days of the date of the notice of claim closure; of the right of the insurer or self-insured employer to request reconsideration by the director under this section within seven days of the date of the notice of claim closure; of the aggravation rights; and of such other information as the director may require; and

(C) Any beneficiaries of death benefits to which they may be entitled pursuant to ORS 656.204 and 656.208.

(b) If the insurer or self-insured employer has not issued a notice of closure, the worker may request closure. Within 10 days of receipt of a written request from the worker, the insurer or self-insured employer shall issue a notice of closure if the requirements of this section have been met or a notice of refusal to close if the requirements of this section have not been met. A notice of refusal to close shall advise the worker of the decision not to close; of the right of the worker to request a hearing pursuant to ORS 656.283 within 60 days of the date of the notice of refusal to close the claim; of the right to be represented by an attorney; and of such other information as the director may require.

(c) If a worker, insurer or self-insured employer objects to the notice of closure, the objecting party first must request reconsideration by the director under this section. A worker's request for reconsideration must be made within 60 days of the date of the notice of closure. A request for reconsideration by an insurer or self-insured employer may be based only on disagreement with the findings used to rate impairment and must be made within seven days of the date of the notice of closure.

(d) If an insurer or self-insured employer has closed a claim or refused to close a claim pursuant to this section, if the correctness of that notice of closure or refusal to close is at issue in a hearing

on the claim and if a finding is made at the hearing that the notice of closure or refusal to close was not reasonable, a penalty shall be assessed against the insurer or self-insured employer and paid to the worker in an amount equal to 25 percent of all compensation determined to be then due the claimant.

(e) If, upon reconsideration of a claim closed by an insurer or self-insured employer, the director orders an increase by 25 percent or more of the amount of compensation to be paid to the worker for either a scheduled or unscheduled permanent disability and the worker is found upon reconsideration to be at least 20 percent permanently disabled, a penalty shall be assessed against the insurer or self-insured employer and paid to the worker in an amount equal to 25 percent of all compensation determined to be then due the claimant. If the increase in compensation results from information that the insurer or self-insured employer demonstrates the insurer or self-insured employer could not reasonably have known at the time of claim closure, from new information obtained through a medical arbiter examination or from the adoption of a temporary emergency rule, the penalty shall not be assessed.

(6)(a) Notwithstanding any other provision of law, only one reconsideration proceeding may be held on each notice of closure. At the reconsideration proceeding:

(A) A deposition arranged by the worker, limited to the testimony and cross-examination of the worker about the worker's condition at the time of claim closure, shall become part of the reconsideration record. The deposition must be conducted subject to the opportunity for cross-examination by the insurer or self-insured employer and in accordance with rules adopted by the director. The cost of the court reporter and one original of the transcript of the deposition for the Department of Consumer and Business Services and one copy of the transcript of the deposition for each party shall be paid by the insurer or self-insured employer. The reconsideration proceeding may not be postponed to receive a deposition taken under this subparagraph. A deposition taken in accordance with this subparagraph may be received as evidence at a hearing even if the deposition is not prepared in time for use in the reconsideration proceeding.

(B) Pursuant to rules adopted by the director, the worker or the insurer or self-insured employer may correct information in the record that is erroneous and may submit any medical evidence that should have been but was not submitted by the attending physician at the time of claim closure.

(C) If the director determines that a claim was not closed in accordance with subsection (1) of this section, the director may rescind the closure.

(b) If necessary, the director may require additional medical or other information with respect to the claims and may postpone the reconsideration for not more than 60 additional calendar days.

(c) In any reconsideration proceeding under this section in which the worker was represented by an attorney, the director shall order the insurer or self-insured employer to pay to the attorney, out of the additional compensation awarded, an amount equal to 10 percent of any additional compensation awarded to the worker.

(d) The reconsideration proceeding shall be completed within 18 working days from the date the reconsideration proceeding begins, and shall be performed by a special evaluation appellate unit within the department. The deadline of 18 working days may be postponed by an additional 60 calendar days if within the 18 working days the department mails notice of review by a medical arbiter. If an order on reconsideration has not been mailed on or before 18 working days from the date the reconsideration proceeding begins, or within 18 working days plus the additional 60 calendar days where a notice for medical arbiter review was timely mailed or the director postponed the reconsideration pursuant to paragraph (b) of this subsection, or within such additional time as provided

in subsection (7) of this section when reconsideration is postponed further because the worker has failed to cooperate in the medical arbiter examination, reconsideration shall be deemed denied and any further proceedings shall occur as though an order on reconsideration affirming the notice of closure was mailed on the date the order was due to issue.

(e) The period for completing the reconsideration proceeding described in paragraph (d) of this subsection begins upon receipt by the director of a worker's request for reconsideration pursuant to subsection (5)(c) of this section. If the insurer or self-insured employer requests reconsideration, the period for reconsideration begins upon the earlier of the date of the request for reconsideration by the worker, the date of receipt of a waiver from the worker of the right to request reconsideration or the date of expiration of the right of the worker to request reconsideration. If a party elects not to file a separate request for reconsideration, the party does not waive the right to fully participate in the reconsideration proceeding, including the right to proceed with the reconsideration if the initiating party withdraws the request for reconsideration.

(f) Any medical arbiter report may be received as evidence at a hearing even if the report is not prepared in time for use in the reconsideration proceeding.

(g) If any party objects to the reconsideration order, the party may request a hearing under ORS 656.283 within 30 days from the date of the reconsideration order.

(7)(a) If the basis for objection to a notice of closure issued under this section is disagreement with the impairment used in rating of the worker's disability, the director shall refer the claim to a medical arbiter appointed by the director.

(b) If neither party requests a medical arbiter and the director determines that insufficient medical information is available to determine disability, the director may refer the claim to a medical arbiter appointed by the director.

(c) At the request of either of the parties, a panel of three medical arbiters shall be appointed.

(d) The arbiter, or panel of medical arbiters, shall be chosen from among a list of physicians qualified to be attending physicians referred to in ORS 656.005 (12)(b)[*(A)*] who were selected by the director in consultation with the Board of Medical Examiners for the State of Oregon**, the State Board of Chiropractic Examiners** and the committee referred to in ORS 656.790.

(e)(A) The medical arbiter or panel of medical arbiters may examine the worker and perform such tests as may be reasonable and necessary to establish the worker's impairment.

(B) If the director determines that the worker failed to attend the examination without good cause or failed to cooperate with the medical arbiter, or panel of medical arbiters, the director shall postpone the reconsideration proceedings for up to 60 days from the date of the determination that the worker failed to attend or cooperate, and shall suspend all disability benefits resulting from this or any prior opening of the claim until such time as the worker attends and cooperates with the examination or the request for reconsideration is withdrawn. Any additional evidence regarding good cause must be submitted prior to the conclusion of the 60-day postponement period.

(C) At the conclusion of the 60-day postponement period, if the worker has not attended and cooperated with a medical arbiter examination or established good cause, there shall be no further opportunity for the worker to attend a medical arbiter examination for this claim closure. The reconsideration record shall be closed, and the director shall issue an order on reconsideration based upon the existing record.

(D) All disability benefits suspended pursuant to this subsection, including all disability benefits awarded in the order on reconsideration, or by an Administrative Law Judge, the Workers' Compensation Board or upon court review, shall not be due and payable to the worker.

(f) The costs of examination and review by the medical arbiter or panel of medical arbiters shall be paid by the insurer or self-insured employer.

(g) The findings of the medical arbiter or panel of medical arbiters shall be submitted to the director for reconsideration of the notice of closure.

(h) After reconsideration, no subsequent medical evidence of the worker's impairment is admissible before the director, the Workers' Compensation Board or the courts for purposes of making findings of impairment on the claim closure.

(i)(A) When the basis for objection to a notice of closure issued under this section is a disagreement with the impairment used in rating the worker's disability, and the director determines that the worker is not medically stationary at the time of the reconsideration or that the closure was not made pursuant to this section, the director is not required to appoint a medical arbiter prior to the completion of the reconsideration proceeding.

(B) If the worker's condition has substantially changed since the notice of closure, upon the consent of all the parties to the claim, the director shall postpone the proceeding until the worker's condition is appropriate for claim closure under subsection (1) of this section.

(8) No hearing shall be held on any issue that was not raised and preserved before the director at reconsideration. However, issues arising out of the reconsideration order may be addressed and resolved at hearing.

(9) If, after the notice of closure issued pursuant to this section, the worker becomes enrolled and actively engaged in training according to rules adopted pursuant to ORS 656.340 and 656.726, any permanent disability payments due under the closure shall be suspended, and the worker shall receive temporary disability compensation while the worker is enrolled and actively engaged in the training. When the worker ceases to be enrolled and actively engaged in the training, the insurer or self-insured employer shall again close the claim pursuant to this section if the worker is medically stationary or if the worker's accepted injury is no longer the major contributing cause of the worker's combined or consequential condition or conditions pursuant to ORS 656.005 (7). The closure shall include the duration of temporary total or temporary partial disability compensation. Permanent disability compensation shall be redetermined for unscheduled disability only. If the worker has returned to work or the worker's attending physician has released the worker to return to regular or modified employment, the insurer or self-insured employer shall again close the claim. This notice of closure may be appealed only in the same manner as are other notices of closure under this section.

(10) If the attending physician has approved the worker's return to work and there is a labor dispute in progress at the place of employment, the worker may refuse to return to that employment without loss of reemployment rights or any vocational assistance provided by this chapter.

(11) Any notice of closure made under this section may include necessary adjustments in compensation paid or payable prior to the notice of closure, including disallowance of permanent disability payments prematurely made, crediting temporary disability payments against current or future permanent or temporary disability awards or payments and requiring the payment of temporary disability payments which were payable but not paid.

(12) An insurer or self-insured employer may take a credit or offset of previously paid workers' compensation benefits or payments against any further workers' compensation benefits or payments due a worker from that insurer or self-insured employer when the worker admits to having obtained the previously paid benefits or payments through fraud, or a civil judgment or criminal conviction is entered against the worker for having obtained the previously paid benefits through fraud. Bene-

fits or payments obtained through fraud by a worker shall not be included in any data used for ratemaking or individual employer rating or dividend calculations by a guaranty contract insurer, a rating organization licensed pursuant to ORS chapter 737, the State Accident Insurance Fund Corporation or the director.

(13)(a) An insurer or self-insured employer may offset any compensation payable to the worker to recover an overpayment from a claim with the same insurer or self-insured employer. When overpayments are recovered from temporary disability or permanent total disability benefits, the amount recovered from each payment shall not exceed 25 percent of the payment, without prior authorization from the worker.

(b) An insurer or self-insured employer may suspend and offset any compensation payable to the beneficiary of the worker, and recover an overpayment of permanent total disability benefits caused by the failure of the worker's beneficiaries to notify the insurer or self-insured employer about the death of the worker.

(14) Conditions that are direct medical sequelae to the original accepted condition shall be included in rating permanent disability of the claim unless they have been specifically denied.

SECTION 10. This 2007 Act being necessary for the immediate preservation of the public peace, health and safety, an emergency is declared to exist, and this 2007 Act takes effect on its passage.
