22 *without a Class I oil module electrician's license.]*

23 *[(8) Perform electrical work on an oil module in the capacity of helper or trainee without a Class*  
24 *II oil module electrician's license.]*

25 **SECTION 2.** ORS 479.630 is amended to read:

26 479.630. If the person pays the applicable examination and license fees required under ORS  
27 479.840 and complies with ORS 479.510 to 479.945 and the rules adopted under ORS 455.117 and  
28 479.510 to 479.945, the Department of Consumer and Business Services shall issue:

29 (1) An electrical contractor's license to a person engaging in or carrying on a business of mak-  
30 ing electrical installations.

31 (2) A general supervising electrician's license to a person who:

**NOTE:** Matter in **boldfaced** type in an amended section is new; matter *[italic and bracketed]* is existing law to be omitted.  
New sections are in **boldfaced** type.

1 (a) Passes a written examination prepared by the Electrical and Elevator Board and adminis-  
2 tered by the department; and

3 (b) Submits proof satisfactory to the board that the person has had at least four years of expe-  
4 rience as a general journeyman electrician or its equivalent, as determined by the board by rule, in  
5 installing, maintaining and repairing electrical wires and equipment.

6 (3) A limited supervising electrician's license to a person who qualifies under this subsection.  
7 A person licensed under this subsection is authorized to supervise the class of electrical work in-  
8 cluded in the branch of the electrical trade and for which the person has passed the examination  
9 administered by the department. A person qualifies under this subsection if the person:

10 (a) Passes a written examination prepared by the board and administered by the department; and

11 (b) Submits proof satisfactory to the board that the person has had at least four years of spe-  
12 cialized experience in a recognized branch of the electrical trade on the journeyman level.

13 (4) A general journeyman electrician's license to a person who:

14 (a) Passes a written examination prepared by the board and administered by the department; and

15 (b) Submits proof satisfactory to the board that:

16 (A) The person has had at least four years of general experience as an apprentice or its equiv-  
17 alent, as determined by the board by rule, in installing, maintaining and repairing electrical wires  
18 and equipment, including not fewer than 1,000 hours in wiring on single or multifamily dwelling  
19 units; or

20 (B) If the person is licensed as a limited residential electrician under subsection (14) of this  
21 section, subsequent to receiving that license, the person has worked for at least two years as a  
22 limited residential electrician and subsequent to those two years has completed an additional two  
23 years' experience as an apprentice or its equivalent, as determined by the board by rule, for that  
24 period of apprenticeship time worked exclusively in installing, maintaining and repairing electrical  
25 wires and equipment in the commercial and industrial branches of the electrical trade under the  
26 supervision of a licensed electrical contractor.

27 (5) A limited journeyman electrician's license to a person who qualifies under this subsection.  
28 A person licensed under this subsection is authorized to perform the class of electrical work in-  
29 cluded in the branch of the electrical trade for which the person has passed the examination ad-  
30 ministered by the department. A person qualifies under this subsection if the person:

31 (a) Passes a written examination prepared by the board and administered by the department; and

32 (b) Submits proof satisfactory to the board that the person has had at least four years of spe-  
33 cialized experience as an apprentice or its equivalent, as determined by the board by rule, in a re-  
34 cognized branch of the electrical trade.

35 (6) A limited elevator journeyman license to a person who qualifies under this subsection. A  
36 person licensed under this subsection is authorized to install, maintain and repair elevators, in-  
37 cluding all electrical and mechanical systems. A person qualifies under this subsection if the person  
38 has completed an elevator apprenticeship program, including both electrical and mechanical training  
39 components, approved by the board by rule and the person submits an application for licensure to  
40 the board in writing. A person issued a license under this subsection is exempt from continuing ed-  
41 ucation requirements established under ORS 455.117 and 479.680.

42 (7) An electrical apprentice's license to a person who has complied with ORS 660.002 to 660.210  
43 as an electrical apprentice.

44 (8) An electrical apprentice's license to a trainee toward a limited residential electrician's li-  
45 cense who has complied with ORS 660.002 to 660.210 as an electrical apprentice.

1 (9) An electrical apprentice's license to a trainee toward a limited journeyman's license in a  
2 recognized branch of the electrical trade who is employed by an employer who also:

3 (a) Employs a holder of either a general journeyman electrician's license or a limited  
4 journeyman electrician's license; and

5 (b) Conducts an electrical training program in a recognized branch of the electrical trade ap-  
6 proved by the board as being a training program that will adequately prepare the trainee for the  
7 limited journeyman's license.

8 (10) A limited maintenance electrician's license to a person who qualifies under this subsection.  
9 A person licensed under this subsection is authorized to maintain, repair and replace electrical in-  
10 stallations, including electrical components, required on the premises of industrial plants, commer-  
11 cial office buildings, buildings occupied by the state or a local government entity or facilities  
12 designated by the board. The following apply to this subsection:

13 (a) A person qualifies under this subsection if the person:

14 (A) Passes a written examination prepared by the board and administered by the department on  
15 repair, replacement and maintenance of equipment of the type and nature normally used in an in-  
16 dustrial plant, commercial office building or government building and on the use of testing equip-  
17 ment; and

18 (B)(i) Completes a two-year training program approved by the board that provides for training  
19 and supervision of the trainee or apprentice; or

20 (ii) Submits proof satisfactory to the board that the person has had sufficient experience and  
21 related educational training in the repair, replacement and maintenance of electrical wiring and  
22 equipment of the type and nature used in an industrial plant, commercial office building or govern-  
23 ment building, as determined by the board or by an appropriate local apprenticeship committee re-  
24 cognized by the State Apprenticeship and Training Council.

25 (b) An annual inspection of the premises upon which electrical work is performed by persons  
26 licensed under this subsection shall be made by the electrical inspector for an annual fee determined  
27 by the board by rule, based upon the time required for the inspection, payable to the department.

28 (c) A person licensed under this subsection may be employed directly by the owner, or owner's  
29 agent, of any government building or commercial office building. A building owner or owner's agent  
30 need not be licensed under this section to supervise a limited maintenance electrician.

31 (d) The department, in consultation with the board, shall adopt rules defining government  
32 buildings and commercial office buildings subject to this subsection.

33 (11) A limited building maintenance electrician's license to a person who qualifies under this  
34 subsection. The following apply to this subsection:

35 (a) A person licensed under this subsection is authorized to maintain, repair and replace the  
36 following electrical installations required on the premises of commercial office buildings, buildings  
37 occupied by the state or a local government entity or facilities designated by the board in electrical  
38 systems not exceeding 300 volts to ground:

39 (A) Electrical appliances;

40 (B) Light switches;

41 (C) Light fixtures;

42 (D) Fans;

43 (E) Receptacles; and

44 (F) Fluorescent ballasts.

45 (b) A person qualifies under this subsection if the person:

1 (A) Passes a written examination prepared by the board and administered by the department on  
 2 maintenance, repair and replacement of equipment of the type and nature normally used in a com-  
 3 mercial office building or government building and on the use of testing equipment; and

4 (B) Submits proof satisfactory to the board that the person has:

5 (i) Had sufficient experience in the maintenance, repair and replacement of electrical wiring and  
 6 equipment of the type and nature normally used in a commercial office building or government  
 7 building; or

8 (ii) Completed a one-year training course, with classroom and on-the-job training components  
 9 approved by the board, on the maintenance, repair and replacement of electrical wiring and equip-  
 10 ment of the type and nature normally used in a commercial office building or government building.

11 (c) An annual inspection of the premises upon which electrical work is performed by persons  
 12 licensed under this subsection shall be made by the electrical inspector for an annual fee determined  
 13 by the board by rule, based upon the time required for the inspection, payable to the department,  
 14 or the inspection shall be performed under an electrical master permit program.

15 (d) Building owners may perform work regulated by this subsection and for which a license is  
 16 required under this subsection without obtaining a license.

17 (e) A person who owns more than 50 percent of a corporation that controls a building is a  
 18 building owner.

19 (f) A person licensed under this subsection may be employed by the owner of a commercial office  
 20 building or the owner's agent. A building owner or owner's agent need not be licensed under this  
 21 section to supervise a limited building maintenance electrician.

22 (12) A limited maintenance specialty contractor license to a person who qualifies under this  
 23 subsection. A person licensed under this subsection is authorized to engage in the electrical work  
 24 related to the repair, service, maintenance, installation or replacement of existing, built-in or per-  
 25 manently connected appliances, fluorescent ballasts or similar equipment and to employ individuals  
 26 to engage in that work. This subsection does not authorize the installation of appliances, ballasts  
 27 or other equipment if there is no existing installation of similar equipment. A person qualifies under  
 28 this subsection if the person submits:

29 (a) Proof satisfactory to the board that the person has had sufficient experience in the type of  
 30 work permitted under the license issued under this subsection; and

31 (b) Maintains with the board a current list of all individuals employed by the person to engage  
 32 in work permitted under this subsection.

33 (13) A limited pump installation specialty contractor license to a person who qualifies under this  
 34 subsection. A person licensed under this subsection is authorized to engage in electrical work re-  
 35 lated to the testing, repair, service, maintenance, installation or replacement of new or existing  
 36 pump equipment for potable or irrigation water systems, sump pumps, effluent pumps and ground  
 37 water pumps on residential and agricultural property, to employ individuals to engage in such work.  
 38 A person qualifies under this subsection if the person:

39 (a) Submits proof satisfactory to the board that the person has had sufficient experience in the  
 40 type of work permitted under the license issued under this subsection; and

41 (b) Maintains with the board a current list of all individuals employed by the person to engage  
 42 in work permitted under this subsection.

43 (14) A limited residential electrician's license to a person who qualifies under this subsection.  
 44 A person licensed under this subsection is authorized to perform the class of electrical work in-  
 45 cluded in the branch of the electrical trade for which the person has passed the examination ad-

1 ministered by the department and approved by the board. However, a person licensed under this  
 2 subsection shall perform the electrical work allowed by the license only on single and multifamily  
 3 dwelling units not exceeding three floors above grade. For purposes of this subsection, the first floor  
 4 of a building is the floor that is designed for human habitation and that has 50 percent or more of  
 5 its perimeter level with or above finished grade of the exterior wall line. A person qualifies under  
 6 this subsection if the person:

7 (a) Has received the same number of hours of electrical safety training as required by rule for  
 8 an electrical apprentice or its equivalent and who has received training in electrical theory;

9 (b) Submits documented proof to the board of at least two years of apprenticeship or trainee  
 10 experience in residential wiring of single and multifamily dwelling units or its equivalent, as deter-  
 11 mined by the board by rule; and

12 (c) Passes a written examination prepared by the board and administered by the department.

13 *[(15) A Class I or Class II oil module electrician's license to a person who passes a written ex-*  
 14 *amination prepared by the board and administered by the department.]*

15 *[(16)] (15)* A limited renewable energy contractor license to a person who:

16 (a) Employs at least one full-time renewable energy technician; and

17 (b) Does not engage in electrical work other than work that may be performed by a limited  
 18 renewable energy technician. A limited renewable energy contractor may not make, direct, supervise  
 19 or control the making of an electrical installation unless the contractor is licensed for that activity.

20 *[(17)] (16)* A limited renewable energy technician license to a person who qualifies under this  
 21 subsection. A person qualifies for licensing as a limited renewable energy technician if the person  
 22 completes a two-year apprenticeship program and passes an examination approved by the board. A  
 23 person licensed under this subsection may, while in the employ of a licensed electrical contractor  
 24 or a limited renewable energy contractor:

25 (a) Install, maintain, replace or repair electrical wiring and electrical products that convey or  
 26 operate on renewable electrical energy not exceeding 25 kilowatts AC; and

27 (b) Make electrical installations not exceeding 25 kilowatts AC:

28 (A) On devices using renewable energy involving wind, solar energy systems, micro-  
 29 hydroelectricity, photovoltaic systems or fuel cells.

30 (B) Up to the load side of an inverter.

31 (C) To connect generators that are sized to facilitate the inverter in an off-grid system.

32 **SECTION 3.** ORS 479.840 is amended to read:

33 479.840. (1) Upon receipt of the following fee, the Department of Consumer and Business Ser-  
 34 vices shall issue or renew a license or permit applied for under ORS 479.510 to 479.945:

8 (D) Limited journeyman sign service electrician;

9 (E) Limited journeyman stage electrician; or

10 (F) Limited building maintenance electrician.

11 (g) \$10 for the right to take the written qualifying examination.

12 (2) The Electrical and Elevator Board shall set uniform permit fees, by rule, not to exceed the  
13 cost of administration.

14 (3) The fees provided for in this section do not apply to persons paying inspection fees under the  
15 terms of ORS 479.560 (3) or 479.630 (10).

16 (4) Each electrical contractor may furnish to the department a corporate surety bond to be ap-  
17 proved by the department, an irrevocable letter of credit issued by an insured institution as defined  
18 in ORS 706.008 or a cash bond under procedures approved by the department, in the sum of \$2,000  
19 guaranteeing the payment of all fees provided for under ORS 479.510 to 479.945. Before commencing  
20 any electrical job an electrical contractor who has a current bond or letter of credit under this  
21 subsection may apply to the department for a working permit which shall cost an amount established  
22 by the department by rule. The working permit shall authorize the electrical contractor to com-  
23 mence work. The total of all fees due for permits for each job, and the time such fees are payable,  
24 shall be determined by the department by administrative rule under ORS 479.730. The contractor  
25 shall keep the bond or letter of credit in force at all times. Any cancellation or revocation of the  
26 bond or letter of credit shall revoke and suspend the license issued to the principal until such time  
27 as a new bond or letter of credit shall be filed and approved. The department may bring an action  
28 against the surety named in the bond or the letter of credit issuer with or without joining in such  
29 action the principal named in the bond or letter of credit.
