Hospice services include acute, respite, home care and bereavement services provided to meet the physical, psychosocial, spiritual and other special needs of a patient-family unit during the final stages of illness, dying and the bereavement period.

(3) "Interdisciplinary team" means a group of individuals working together in a coordinated manner to provide hospice care. An interdisciplinary team includes, but is not limited to, the patient-family unit, **the patient's** attending physician **or clinician** and one or more of the following hospice program personnel: Physician, **nurse practitioner**, nurse, nurse's aide, occupational therapist, physical therapist, trained lay volunteer, clergy or spiritual counselor, and credentialed mental health professional such as psychiatrist, psychologist, psychiatric nurse or social worker.
