22 (n) Reconstruction or modification of public roads and highways, including the placement of
23 utility facilities overhead and in the subsurface of public roads and highways along the public right
24 of way, but not including the addition of travel lanes, where no removal or displacement of buildings

26 (o) Temporary public road and highway detours that will be abandoned and restored to original
27 condition or use at such time as no longer needed.

28 (p) Minor betterment of existing public road and highway related facilities, such as maintenance

10 of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions
11 and release statements filed under this paragraph; and

12 (ii) For which the applicant has requested a deferred replacement permit, is removed or demol-
13 ished within three months after the deferred replacement permit is issued. A deferred replacement
14 permit allows construction of the replacement dwelling at any time. If, however, the established
15 dwelling is not removed or demolished within three months after the deferred replacement permit
16 is issued, the permit becomes void. The replacement dwelling must comply with applicable building
17 codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to
18 siting at the time of construction. A deferred replacement permit may not be transferred, by sale
19 or otherwise, except by the applicant to the spouse or a child of the applicant.

44 preparation, storage or other farm use or devote more than 10,000 square feet to the processing

24 imposed by the county to cover the cost of such notice.

25 (6) The notice required in subsection (5) of this section shall specify that persons have 15 days
26 following the date of postmark of the notice to file a written objection on the grounds only that the
27 dwelling or activities associated with it would force a significant change in or significantly increase
28 the cost of accepted farming practices on nearby lands devoted to farm use. If no objection is re-
29 ceived, the governing body or its designee shall approve or disapprove the application. If an ob-
30 jection is received, the governing body shall set the matter for hearing in the manner prescribed in
31 ORS 215.402 to 215.438. The governing body may charge the reasonable costs of the notice required
