

SENATE AMENDMENTS TO SENATE BILL 965

By COMMITTEE ON BUSINESS, TRANSPORTATION AND WORKFORCE DEVELOPMENT

May 8

1 On page 1 of the printed bill, delete lines 5 through 30 and delete pages 2 through 12 and insert:

2
3 **“TITLE**

4
5 **“SECTION 1. Sections 2 to 15 of this 2007 Act shall be known and may be cited as the**
6 **Oregon Home Loan Fairness Act.**

7
8 **“DEFINITIONS**

9
10 **“SECTION 2. As used in sections 2 to 15 of this 2007 Act:**

11 **“(1) ‘Fully amortizing’ means the process of evaluating what payment of the principal and**
12 **interest on a loan through regularly scheduled installments would be for the life of a loan.**

13 **“(2) ‘Fully indexed rate’ means the index rate prevailing at origination of a mortgage**
14 **product plus the margin that will apply after the expiration of any introductory interest rate.**

15 **“(3) ‘Interest-only mortgage loan’ means a mortgage on which, for a specified number**
16 **of years, the borrower is required to pay only the interest due on the loan.**

17 **“(4) ‘Lender’ means a mortgage banker as defined in ORS 59.840, a bank as defined in**
18 **ORS 706.008, a credit union as defined in ORS 723.006 or a person licensed under the pro-**
19 **visions of ORS chapter 725.**

20 **“(5) ‘Margin’ means the number of percentage points a lender adds to the index value to**
21 **calculate the adjustable rate mortgage interest rate at each adjustment period.**

22 **“(6) ‘Negative amortization’ means the practice of adding unpaid interest to the mortgage**
23 **loan principal, causing the principal balance to increase rather than decrease because the**
24 **mortgage payments do not cover the full amount of interest due.**

25 **“(7) ‘Nontraditional mortgage product’ means a loan that is secured by a mortgage or**
26 **trust deed on real property in this state upon which is or will be located a structure, or**
27 **structures, intended for occupancy by one to four families and by the borrower as a principal**
28 **residence and that is:**

29 **“(a) An interest-only mortgage loan;**

30 **“(b) A payment option adjustable rate mortgage; or**

31 **“(c) Any loan the Department of Consumer and Business Services identifies as a non-**
32 **traditional mortgage product and that has:**

33 **“(A) Negative amortization;**

34 **“(B) Short-term introductory interest rates; or**

35 **“(C) Reduced documentation.**

1 “(8) ‘Payment option adjustable rate mortgage’ means a mortgage that allows the bor-
2 rower to choose from a number of different payment options, such as:

3 “(a) A minimum payment option that can be less than the interest accruing on the loan,
4 resulting in negative amortization;

5 “(b) An interest-only payment option that does not provide for principal amortization but
6 avoids negative amortization by recasting the required monthly payment amount, after a
7 specified number of years or if the loan reaches a certain negative amortization cap, to re-
8 quire payments that will fully amortize the outstanding balance over the remaining loan
9 term; or

10 “(c) A fully amortizing principal and interest payment option.

11 “(9) ‘Reduced documentation’ means a loan feature in which the lender sets reduced or
12 minimal documentation standards to substantiate the borrower’s income and assets.

13 “(10) ‘Simultaneous second-lien loan’ means a lending arrangement in which either a
14 closed-end second lien or a home equity line of credit is originated simultaneously with the
15 first-lien mortgage loan.

16
17 **“FINDINGS**

18
19 **“SECTION 3. (1) The Legislative Assembly finds and declares that:**

20 “(a) Residential mortgage lending has traditionally been a conservatively managed busi-
21 ness with low delinquencies and reasonably stable underwriting standards.

22 “(b) The market has expanded rapidly for nontraditional mortgage products that are be-
23 ing offered by lenders to a wider spectrum of borrowers, many of whom may not fully un-
24 derstand the associated risks.

25 “(c) Many of the nontraditional mortgage loans offered have been underwritten with less
26 stringent income and asset verification requirements and have been combined with simul-
27 taneous second-lien loans. The resulting risk layering, when combined with the broader
28 marketing of nontraditional mortgage loans, exposes lenders to increased risk relative to
29 traditional mortgage loans.

30 “(d) Despite having increased risk, nontraditional mortgage loans can be appropriate if
31 responsible lenders follow sound underwriting, risk management and consumer protection
32 standards.

33 “(e) The recent increase in the use of nontraditional mortgage products has brought with
34 it lending practices that have left many homeowners with loans they cannot afford to repay.

35 “(f) With home prices falling in many areas of the country, and with millions of mortgage
36 terms poised to reset, the national economy is threatened with the prospect of mass fore-
37 closures.

38 “(g) Oregon has not yet experienced the rapid rates of falling home prices and rising
39 foreclosures seen throughout much of the nation, and there is still time to take effective
40 action that will prevent thousands of Oregonians from entering into high-risk mortgages and
41 facing unnecessary foreclosures in the future.

42 “(2) The Legislative Assembly intends that the Oregon Home Loan Fairness Act protect
43 Oregon’s economy from the threat of widespread foreclosures and provide homeowners with
44 access to home loans on fair and equitable terms.

1 **“LOAN TERMS AND UNDERWRITING STANDARDS**

2
3 **“SECTION 4. (1) A lender offering, originating or servicing a nontraditional mortgage**
4 **product shall ensure that loan terms and underwriting standards for the product are con-**
5 **sistent with prudent lending practices, including consideration of a borrower’s repayment**
6 **capacity. The underwriting standards shall address the effect of a substantial payment in-**
7 **crease on the borrower’s capacity to repay when loan amortization begins. The lender may**
8 **not cede underwriting standards to third parties that have different business objectives, risk**
9 **tolerances or core competencies. The mortgage product terms must be based on an analysis**
10 **of potential exposures and compensating factors to ensure risk levels remain manageable.**

11 **“(2) The qualifying standards for a lender offering or originating nontraditional mortgage**
12 **products shall recognize the potential impacts for borrowers with high loan-to-value ratios,**
13 **high debt-to-income ratios and low credit scores. A lender shall consider those factors jointly**
14 **in the qualification process and shall develop reasonable tolerances for each factor, based**
15 **upon underwriting standards that consider the characteristics of the borrower and the at-**
16 **tributes of the mortgage product.**

17 **“(3) A lender that offers or originates a nontraditional mortgage product shall analyze a**
18 **borrower’s repayment capacity, including an evaluation of the ability to repay the debt by**
19 **final maturity at the fully indexed rate, assuming a fully amortizing repayment schedule. The**
20 **analysis of repayment capacity may not use credit scores as a substitute for verification of**
21 **the borrower’s income in the underwriting process and verification of the borrower’s assets**
22 **and outstanding liabilities. For mortgage products that permit negative amortization, the**
23 **repayment analysis shall be based upon the initial loan amount plus any balance increase**
24 **that may accrue from the negative amortization provision.**

25 **“(4) Lenders offering, originating or servicing nontraditional mortgage products may not**
26 **use loan terms and underwriting practices that rely on the sale or refinancing of the prop-**
27 **erty once amortization begins.**

28 **“SECTION 5. (1) Lenders that originate or purchase mortgage loans that combine non-**
29 **traditional features, such as combining interest-only mortgage loans with reduced doc-**
30 **umentation or with a simultaneous second-lien loan, shall demonstrate that risk mitigating**
31 **factors support the underwriting decision and the borrower’s repayment capacity. Risk mit-**
32 **igating factors may include, but are not limited to, higher credit scores, lower loan-to-value**
33 **and debt-to-income ratios, significant liquid assets, mortgage insurance or other credit en-**
34 **hancements.**

35 **“(2) A lender offering or originating a nontraditional mortgage product shall have estab-**
36 **lished written policies that comply with Department of Consumer and Business Services**
37 **rules limiting reliance on reduced documentation, particularly with respect to unverified in-**
38 **come, to qualify borrowers for nontraditional mortgage loans. The policies shall require that**
39 **the lender exercise increasing diligence to verify and document a borrower’s income and debt**
40 **reduction capacity as the level of credit risk increases.**

41 **“(3) A lender may not originate a nontraditional mortgage product with minimal or no**
42 **owner equity and a payment structure allowing for delayed or negative amortization unless**
43 **other risk mitigating factors support the underwriting decision and the borrower’s repay-**
44 **ment capacity as required by department rules. If a nontraditional mortgage product uses**
45 **introductory interest rates, the lender shall consider the spread between the introductory**

1 rate and the fully indexed rate in determining borrower repayment capacity.

2
3 **“RISK MANAGEMENT PRACTICES**

4
5 **“SECTION 6. (1) Lenders that originate or invest in nontraditional mortgage products**
6 **shall adopt risk management practices for the products. The risk management practices**
7 **shall include, but need not be limited to:**

8 **“(a) Developing written policies that specify acceptable product attributes, production,**
9 **sales and securitization practices and risk management expectations; and**

10 **“(b) Designing enhanced performance measures and management reporting to provide**
11 **early warning for increasing risk.**

12 **“(2) Lender policies for nontraditional mortgage lending activity shall set maximum levels**
13 **of risk through the lender’s operating practices and policy exception tolerances. The policies**
14 **shall include risk layering limits, risk management tools and practices and loan monitoring**
15 **systems. The policies shall also include reviewing employee and third party incentive pro-**
16 **grams to avoid producing higher concentrations of nontraditional mortgage products than**
17 **are normal for the lender.**

18 **“(3) A lender shall design quality control, compliance and audit procedures to focus on**
19 **mortgage lending activities that pose high risk. The procedures shall include controls to**
20 **monitor compliance with underwriting standards and monitor exceptions to those standards.**
21 **Lenders shall have systems and controls in place for establishing and maintaining relation-**
22 **ships with third-party originators, including procedures for performing due diligence. Lender**
23 **oversight of third parties shall involve monitoring the quality of originated nontraditional**
24 **mortgage products to ensure that the products reflect the lending standards of the lender**
25 **and comply with applicable laws and regulations. Lenders shall develop and use control sys-**
26 **tems to monitor whether the lender’s actual practices are consistent with the policies and**
27 **procedures of the lender relating to nontraditional mortgage products, including monitoring**
28 **compliance, consumer information and risk management.**

29 **“SECTION 7. (1) Lenders that offer or originate nontraditional mortgage products shall**
30 **train their lending personnel to convey information to consumers about the product terms**
31 **and risks in a timely, accurate and complete manner. If the lender offers new or additional**
32 **nontraditional mortgage products, the lender shall provide lending personnel with additional**
33 **training, as necessary, to enable the lending personnel to convey information to consumers**
34 **in a timely, accurate and complete manner. The lender shall monitor lending personnel to**
35 **determine whether the personnel are conveying information in the manner required.**

36 **“(2) Lenders shall review consumer complaints to identify potential noncompliance and**
37 **other risks. The review shall include legal review as appropriate and review to ensure that**
38 **compensation programs do not improperly encourage lending personnel to direct consumers**
39 **to particular products.**

40 **“(3) Lenders that originate, invest in or service nontraditional mortgage products using**
41 **a mortgage broker, correspondent or other third party shall take appropriate steps to ensure**
42 **the third-party practices comply with sections 2 to 9 of this 2007 Act. Appropriate steps in-**
43 **clude, but are not limited to:**

44 **“(a) Conducting due diligence and establishing other criteria for entering into and main-**
45 **taining relationships with a third party;**

1 “(b) Designing third-party compensation incentives to avoid nontraditional mortgage
2 product originations that are inconsistent with sections 2 to 9 of this 2007 Act;

3 “(c) Setting requirements for agreements with a third party;

4 “(d) Establishing procedures and systems to monitor third-party compliance with appli-
5 cable agreements, policies and laws; and

6 “(e) Implementing appropriate corrective actions if a third party fails to comply with
7 applicable agreements, policies or laws.
8

9 “CONSUMER PROTECTION STANDARDS
10

11 “SECTION 8. (1) Advertisements, oral statements, promotional materials, monthly
12 statements and other communications to consumers for the purpose of soliciting nontradi-
13 tional mortgage product business must disclose in nontechnical language the risks of non-
14 traditional mortgage products including, but not limited to, the risk of potential increases in
15 payment obligations and the risk of negative amortization.

16 “(2) Prior to a potential borrower making a nontraditional mortgage product choice, a
17 lender shall provide the borrower with sufficient information, stated in nontechnical lan-
18 guage, to allow the borrower to understand the terms and relative risks of the available
19 products. The information must include descriptions of the costs, terms, features and risks
20 of the available products. If the lender offers both reduced and full documentation loan pro-
21 grams and there is a pricing premium attached to the reduced documentation program, the
22 information shall disclose the premium.

23 “(3) Lenders shall directly inform potential borrowers choosing a nontraditional mortgage
24 product of the risks associated with the product including, but not limited to, the likelihood
25 of increased future payment obligations. The lender shall provide the information required
26 by this subsection before originating the nontraditional mortgage product transaction. The
27 information required by this subsection is in addition to any information disclosure required
28 under the federal Truth in Lending Act (15 U.S.C. 1601 et seq.).

29 “(4) At the time of originating a nontraditional mortgage product, the lender shall dis-
30 close to the borrower in nontechnical language:

31 “(a) The risk of potential increases in payment obligations, including circumstances in
32 which interest rates or negative amortization reach a contractual limit.

33 “(b) The risk of other material changes in payment obligations, such as balloon pay-
34 ments.

35 “(c) If negative amortization is possible, the potential for increasing principal balances,
36 decreasing home equity and other potential adverse consequences of negative amortization.

37 “(d) If the lender may impose a prepayment penalty, the amount or method of deter-
38 mining the amount of the penalty.

39 “(5) A lender may not falsely represent to a borrower that initial minimum payments in
40 a payment option adjustable rate mortgage will cover accrued interest charges or cover
41 principal and interest charges or claim that the interest rates or payment obligations for the
42 mortgage are fixed.

43 “SECTION 9. (1) A lender that provides to a borrower a monthly statement on a payment
44 option adjustable rate mortgage shall include on the monthly statement:

45 “(a) An explanation of each payment option available and the impact of that choice on

1 loan balances;

2 “(b) An explanation, if applicable, next to the minimum payment amount that making the
3 minimum payment would result in an increase to the borrower’s outstanding loan balance;

4 “(c) The borrower’s current loan balance;

5 “(d) The portions of the borrower’s previous payment allocated to principal and to in-
6 terest; and

7 “(e) If applicable, the amount by which the loan principal balance has increased since the
8 previous monthly statement.

9 “(2) A monthly statement for a payment option adjustable rate mortgage may not be in
10 a format that emphasizes or makes it easier for the borrower to select the option of a non-
11 amortizing or negatively amortizing payment.

12
13 **“RULEMAKING AND ENFORCEMENT**

14
15 **“SECTION 10.** The Department of Consumer and Business Services may adopt rules to
16 administer and enforce sections 2 to 9 of this 2007 Act.

17 **“SECTION 11.** (1) If the Department of Consumer and Business Services has reasonable
18 cause to believe that a person has engaged or is engaging in any violation of any provision
19 of sections 2 to 9 of this 2007 Act, a rule of the department adopted under section 10 of this
20 2007 Act or an order of the department to enforce a provision of sections 2 to 9 of this 2007
21 Act, the department may bring suit in the name and on behalf of the State of Oregon in the
22 circuit court of any county of this state to enjoin the violation and to enforce compliance
23 with the provision, rule or order. Upon a proper showing, a court shall grant a permanent
24 or temporary injunction, restraining order or writ of mandamus.

25 “(2) The court may fine the person against whom the court order is entered under sub-
26 section (1) of this section not more than \$5,000 for each violation. The fine shall be entered
27 as a judgment and paid to the General Fund of the State Treasury. Each violation of the
28 court order is a separate offense. For a continuing violation, each day’s continuance is a
29 separate violation, but the maximum penalty for any continuing violation may not exceed
30 \$20,000 for each offense.

31 “(3) If the court finds that the person has violated any provision of sections 2 to 9 of this
32 2007 Act, a rule of the department adopted under section 10 of this 2007 Act or an order of
33 the department to enforce a provision of sections 2 to 9 of this 2007 Act, the court may ap-
34 point a receiver, who may be the Director of the Department of Consumer and Business
35 Services, for the person or the person’s assets. The court may not require the director to
36 post a bond. The court may award reasonable attorney fees to the department if the de-
37 partment prevails in an action under this section. The court may award reasonable attorney
38 fees to a person who prevails in an action under this section if the court determines that the
39 department had no objectively reasonable basis for asserting the claim or no reasonable basis
40 for appealing an adverse decision of the trial court.

41 “(4) The department may include in any action authorized by this section:

42 “(a) A claim for restitution or damages under section 12 of this 2007 Act on behalf of the
43 persons injured by the act or practice constituting the subject matter of the action. The
44 court shall have jurisdiction to award appropriate relief to the persons, if the court finds that
45 enforcement of the rights of the persons by private civil action, whether by class action or

1 otherwise, would be so burdensome or expensive as to be impractical; or

2 “(b) A claim for disgorgement of illegal gains or profits derived. Any recovery under this
3 paragraph shall be turned over to the General Fund of the State Treasury unless the court
4 requires other disposition.

5 “SECTION 12. (1) A lender is liable for damages in the amount of the ascertainable loss
6 to any person who suffers any ascertainable loss of money or property, real or personal, in
7 a nontraditional mortgage product transaction if the lender transacts business as a lender
8 in violation of any provision of sections 2 to 9 of this 2007 Act, a rule of the Department of
9 Consumer and Business Services adopted under section 10 of this 2007 Act or an order of the
10 department to enforce a provision of sections 2 to 9 of this 2007 Act.

11 “(2) A person whose sole function in connection with a nontraditional mortgage product
12 is to provide ministerial functions of escrow, custody or deposit services in accordance with
13 applicable law is liable only if the person participates or materially aids in the nontraditional
14 mortgage product transaction and the plaintiff sustains the burden of proof that the person
15 knew of the existence of the facts on which liability is based or that the person’s failure to
16 know of the existence of such facts was the result of the person’s recklessness or gross
17 negligence.

18 “(3) An action or suit may not be commenced under this section more than three years
19 after origination of the nontraditional mortgage product transaction.

20 “(4)(a) Subsection (2) of this section does not limit the liability of any person for conduct
21 other than in the circumstances described in subsection (2) of this section; or

22 “(b) Under any other law.

23 “(5) Except as provided in subsection (6) of this section, the court may award reasonable
24 attorney fees to the prevailing party in an action under this section.

25 “(6) The court may not award attorney fees to a prevailing defendant under the pro-
26 visions of subsection (5) of this section if the action under this section is maintained as a
27 class action pursuant to ORCP 32.

28 “SECTION 13. (1) In addition to all other penalties and enforcement provisions provided
29 by law, any person who violates or who procures, aids or abets in the violation of any pro-
30 vision of sections 2 to 9 of this 2007 Act, a rule of the Department of Consumer and Business
31 Services adopted under section 10 of this 2007 Act or an order of the department to enforce
32 a provision of sections 2 to 9 of this 2007 Act is subject to a civil penalty of not more than
33 \$5,000 for every violation, which shall be paid to the General Fund of the State Treasury.

34 “(2) Every violation is a separate offense and, in the case of a continuing violation, each
35 day’s continuance is a separate violation, but the maximum penalty for any continuing vio-
36 lation may not exceed \$20,000 for each offense.

37 “(3) Civil penalties under this section shall be imposed as provided in ORS 183.745.

38 “SECTION 14. (1) The Department of Consumer and Business Services may make such
39 public or private investigations within or outside this state as the department deems neces-
40 sary to determine whether a person has violated or is about to violate any provision of
41 sections 2 to 9 of this 2007 Act or any rule or order of the department or the Director of the
42 Department of Consumer and Business Services, or to aid in the enforcement of sections 2
43 to 9 of this 2007 Act or in the formulation of rules under sections 2 to 9 of this 2007 Act.

44 “(2) For the purpose of an investigation or proceeding under sections 2 to 9 of this 2007
45 Act, the department may administer oaths and affirmations, subpoena witnesses, compel

1 their attendance, take evidence and require the production of books, papers, correspondence,
2 memoranda, agreements or other documents or records that the department deems relevant
3 or material to the inquiry. Each witness who appears before the department under a
4 subpoena shall receive the fees and mileage provided for witnesses in ORS 44.415 (2).

5 “(3) If a person fails to comply with a subpoena so issued or a party or witness refuses
6 to testify on any matters, the judge of the circuit court or of any county, on the application
7 of the department, shall compel obedience by proceedings for contempt as in the case of
8 disobedience of the requirements of a subpoena issued from the court or a refusal to testify
9 before the court.

10 “(4) The department may require or permit a person to file a statement in writing, under
11 oath or otherwise as the department determines, as to all the facts and circumstances con-
12 cerning the matter to be investigated.

13 “(5) The department may publish information concerning any violation of sections 2 to 9
14 of this 2007 Act or any rule or order of the department or the director.

15 “(6) If the department has reason to believe that any person has engaged, is engaging
16 or is about to engage in any violation of sections 2 to 9 of this 2007 Act, the department may
17 issue an order, subject to section 15 of this 2007 Act, directed to the person to cease and
18 desist from the violation or threatened violation.

19 “SECTION 15. (1) Except as provided in ORS 183.745, upon the entry of an order of the
20 Department of Consumer and Business Services to enforce a provision of sections 2 to 9 of
21 this 2007 Act, the department shall promptly give appropriate notice of the order as provided
22 in this subsection. The notice shall state that a hearing will be held on the order if a written
23 demand for hearing is filed with the department within 20 days after the date of service of
24 the order. The department shall give notice regarding an order entered under section 14 of
25 this 2007 Act to all interested persons.

26 “(2) If timely demand for a hearing is filed by a person entitled to notice of the order,
27 the department shall hold a hearing on the order as provided by ORS chapter 183. In the
28 absence of a timely demand for a hearing, a person is not entitled to judicial review of the
29 order.

30 “(3) After the hearing, the Director of the Department of Consumer and Business Ser-
31 vices shall enter a final order vacating, modifying or affirming the order.

32
33 **“AMENDMENTS TO STATUTES**

34
35 “SECTION 16. ORS 82.025 is amended to read:

36 “82.025. ORS 82.010 (3) and (4) and 82.020 do not apply to:

37 “(1) Any financial institution or trust company, as those terms are defined in ORS 706.008, any
38 consumer finance licensee under ORS chapter 725, or any pawnbroker licensed under ORS chapter
39 726.

40 “(2) Any lender approved by the Secretary of Housing and Urban Development of the United
41 States for participation in any mortgage insurance program under the National Housing Act (12
42 U.S.C. 1701 et seq.).

43 “(3) Any loan secured by a first lien on real property or made to finance the acquisition of real
44 property and secured by any lien on that property.

45 “(4) Any loan which is secured by real property, which is scheduled under the loan agreement

1 to be repaid in substantially equal payments and which is made by a lender described in this sub-
2 section. A lender under this subsection is one who makes, invests in or arranges real property loans,
3 including loans secured by first liens on residential manufactured homes, aggregating more than \$1
4 million per year. Under this subsection, payments shall be 'substantially equal' if, under the terms
5 of the loan agreement, no single scheduled payment is more than twice the amount of any other
6 scheduled payment.

7 "(5) Any loan wholly or partially secured or covered by guarantees or insurance by the Federal
8 Housing Administration, the United States Department of Veterans Affairs or the Farmers Home
9 Administration of the United States, any department, bureau, board, commission or agency of the
10 United States, or any corporation wholly owned, directly or indirectly by the United States.

11 "(6) Any loan permitted under applicable federal law and regulations from a tax qualified re-
12 tirement plan to a person then a participant under the plan.

13 "(7) Any bona fide sale or resale of securities or commercial paper.

14 "(8) Any interest charge by broker-dealers registered under the Securities Exchange Act of 1934
15 for carrying a debit balance in an account for a customer if the debit balance is payable on demand
16 and secured by stocks or bonds.

17 "**(9) A nontraditional mortgage product as defined in section 2 of this 2007 Act.**

18 "**SECTION 17.** ORS 708A.255 is amended to read:

19 "708A.255. (1) Except as otherwise provided in this section **or sections 4 to 8 of this 2007**
20 **Act**, there is no limitation on the rate of interest or on the amount of other charges that a financial
21 institution may contract for and receive for a loan or use of money.

22 "(2) If a loan made by a financial institution is repaid before maturity, the unearned portion of
23 the charges, if any, shall be refunded or credited to the borrower as provided in this subsection. The
24 amount of the refund shall not be less than the total interest contracted for to maturity, less the
25 greater of:

26 "(a) Ten percent of the amount financed, or \$75, whichever is less; or

27 "(b) The interest earned to the installment due date nearest the date of prepayment, computed
28 by applying the simple interest rate of the loan to the actual principal balances outstanding, for the
29 periods of time the balances were actually outstanding. For purposes of rebate computations under
30 this paragraph, the installment due date preceding the date of prepayment shall be considered to
31 be nearest if prepayment occurs 15 days or less after that installment date. If prepayment occurs
32 more than 15 days after the preceding installment due date, the next succeeding installment due date
33 shall be considered to be nearest the date of prepayment. In determining the simple interest rate,
34 the lender may apply to the scheduled payments the actuarial method, by which each scheduled
35 payment is applied first to accrued and unpaid interest and any amount remaining is applied to re-
36 duction of the principal balance.

37 "(3) Any installment of an installment loan or payment under an open-end credit arrangement
38 that is not paid when due shall continue to bear interest until paid. In addition, if the installment
39 or payment is not paid when due, the installment or payment may bear a late charge in such amount
40 as is agreed to by the lender and the borrower. However, except for loans secured by real property,
41 the lender may impose a late charge only if:

42 "(a) The installment or payment is not received by the lender within 10 days after the due date
43 or, if the open-end credit arrangement is a credit card account, the payment is not received by the
44 lender on or before the due date;

45 "(b) The loan agreement or open-end credit arrangement provides for a late charge upon delin-

1 quent installments or payments; and

2 “(c) A monthly billing, coupon or notice is provided by the lender disclosing the date on which
3 installments or payments are due and that a late charge may be imposed if payment is not received
4 by the lender within 10 days thereafter or, in the case of an open-end credit arrangement that is a
5 credit card account, that a late charge may be imposed if payment is not received by the lender on
6 or before the date on which the payment is due. However, if the lender and the borrower have
7 provided in the note or other written loan agreement that the payments on the loan shall be made
8 by the means of automatic deductions from a deposit account maintained by the borrower, the lender
9 shall not be required to provide the borrower with a monthly billing, coupon or notice under this
10 paragraph with respect to any occasion on which there are insufficient funds in the borrower’s ac-
11 count to cover the amount of a loan payment on the date the loan payment becomes due and within
12 the periods described in paragraph (a) of this subsection.
