WHAT THE BILL DOES: Changes requirements for Oregon State Lottery Commission budget report to Governor, Legislative Fiscal Officer and Legislative Revenue Officer from biennial to annual.

ISSUES DISCUSSED:

- The biennial budget reports verses the annual process that the lottery practices currently.
- The Attorney General Opinions on the administrative cost segregation.
- The discussion about constitutional and statutory in the reports of the different cost structures.
- Restoring the language about the cost segregation between video and traditional.

EFFECT OF COMMITTEE AMENDMENTS: Takes out the language about the repeal of the administrative expense segregation.

BACKGROUND:

The Oregon State lottery is required to prepare a biennial budget report to pace the process of other state budgets. This bill changes the requirement to an annual report.

Biennial requirements that go away are the November 10 of even year submission, and stay confidential until December 1.

The Repeal of ORS 461.548 by the original bill was undone by the amendment.

461.548 Video lottery proceeds to be treated separately from other lottery proceeds.

Notwithstanding any other provision of law, the Oregon State Lottery Commission shall meet the constitutional requirements for prizes and administrative costs separately for video and all other lottery games. The lottery commission shall not intermingle the results of video lottery games for the purpose of calculating the allowable limit on administrative expenses of other lottery games. [1991 c.962 §14]
