<b>EXPENDITURES</b> – See Analysis General Fund Appropriation	\$50,000	-0-
EFFECTIVE DATE: July 1 2009		

**EFFECTIVE DATE:** July 1, 2009

GOVERNOR'S BUDGET: This bill is not anticipated by the Governor's recommended budget.

**LOCAL GOVERNMENT MANDATE:** This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

**ANALYSIS:** House Bill 2544 establishes a nine-member Oregon Environmental Literacy Task Force charged with developing an environmental literacy plan to integrate environmental education into the academic curriculum. Members would represent educators and public employees from natural resources agencies. A report from the task force is due to the Legislative Assembly no later than October 1, 2010, and the task force is repealed on the convening of the next regular biennial legislative session.

\$50,000 General Fund is appropriated to the Oregon Department of Education (ODE) to provide staffing, administrative support, and reimbursements of allowable travel expenses to the task force. Based on recent experience with new advisory bodies, ODE assumes that the task force would meet in Salem nine times over the course of eleven months. In addition to representatives from ODE, a school district, an educational service district and the Oregon University Systems, the task force will also include the directors or designees of the Department of Environmental Quality, the Oregon Parks and Recreation Department, Oregon Department of Fish and Wildlife, Oregon Parks and Recreation Department, Oregon Department of State Lands. These members are not entitled to compensation but are entitled to reimbursements for allowable travel expenses. The bill directs these claims for expenses to be paid out of funds appropriated to ODE for purposes of the task force. ODE and the affected agency anticipate these claims to be minimal. Assuming these limited claims and this limited schedule, ODE calculates incidental costs such as meeting costs, allowable reimbursements for task force members, photocopies and production of the final report to be approximately \$2,000.

Current ODE staff would be assigned to support the task force. ODE estimates the impact on staffing to be a workload equivalent of one Education Specialist at 0.30 FTE, and one Office Specialist at 0.20 FTE. ODE values this staff time at approximately \$34,200. The Legislative Fiscal Office (LFO) notes that ODE would not need to hire additional staff to support this task force, only to re-prioritize duties and responsibilities of existing staff. The \$34,200 equivalent serves as an estimate of possible incremental staffing cost if ODE needs to hire additional staff in the event that re-prioritization of duties and responsibilities of existing staff were not feasible during the functional life of the task force or if the cumulative effect of workload from the enactment of other bills exceeds levels assumed in the ODE budget. LFO notes that other bills are pending before this Legislative Assembly that also would require an expenditure of ODE staff time.
