**GOVERNOR'S BUDGET:** This bill is not anticipated by the Governor's recommended budget.

**LOCAL GOVERNMENT MANDATE:** This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

**ANALYSIS:** The measure prohibits the requirement that an individual under 17 years of age who is an Oregon resident must obtain a business license or permit for a business the individual operates under their own name.

The fiscal impact of SB 469 for cities and counties is indeterminate. Several Oregon cities require individuals within their jurisdictions to obtain businesses licenses or permits; however the requirements and exemptions differ by city. It is not known how many of the currently required business licenses or permits apply to individuals that are age 16 and younger. The fiscal impact of this bill is the fee revenue that cities will not be collecting from the individuals that are made exempt from current requirements under this bill. LFO notes that several cities already exempt the individuals affected by this bill from business license or permit requirements. The fiscal impact of this bill is limited to those cities that don't already have exemptions similar to those in SB 479 in place.
