|--------------------------------------|------------------|------------------|
| EXPENDITURES: See Analysis | | |

EFFECTIVE DATE: On Passage

GOVERNOR'S BUDGET: This bill is not anticipated by the Governor's recommended budget.

LOCAL GOVERNMENT MANDATE: This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

ANALYSIS: Senate Bill 862 requires the Administrator of the Office for Oregon Health Policy and Research to adopt rules for the approval of a community-based health care initiative and of a community-based health care improvement program. The measure specifies that the Insurance Code does not apply to approved community-based health care initiative and community-based health care improvement program. The bill instructs approved initiative and program to report to the Legislative Assembly no later than October first of each year. The report must contain specified minimum information.

Passage of this bill will have a minimal fiscal impact on the Department of Human Services. The department is required to adopt rules. DHS indicates that the rule making activities to accommodate the provisions of this bill will be carried out with existing staff and resources.
