^{*}DCBS and DHS provided crucial input to this revenue impact analysis. **Estimated balance in the Medical Care Quality Assurance Fund. ***Subject to change: see Impact Explanation.

Impact Explanation: All assessments in this bill apply from October 1, 2009. They sunset on September 30, 2013. While the assessment rates are fixed at 1% on health insurance premiums and Medicaid managed care capitation payments, the assessment rate on hospital net revenue is set by the DHS Director in consultation with hospital representatives. The rate will be set to achieve various policy objectives in relation to healthcare for qualified individuals. Policy decisions on the scope of programs and hospital reimbursement rates on different services will have an impact on the rate.
