| | | | | | |

Revenue Impact: Minimal

This measure might have a Minimal negative impact. Minimal impact is defined to be less than \$50,000 a biennium.

Impact Explanation:

Vending machine sales of cigarettes and tobacco products are a small part of the total cigarette revenue. If the vending machine sale is prohibited, most of the sales will shift to the main cashier or retail stand. This measure will likely prevent a very small number of sales from occurring.
