10 “SECTION 8. (1) The Legislative Assembly finds that issuing lottery bonds to finance
11 transportation projects is essential to promoting the state’s economic development.

12 “(2) The use of lottery bond proceeds is authorized based on the following findings:

13 “(a) There is an urgent need to improve and expand publicly owned and privately owned
14 transportation infrastructure to support economic development in this state.

15 “(b) A safe, efficient and reliable transportation network supports the long-term eco-
16 nomic development and livability of this state. A multimodal network of air, rail, public

18 “(c) Local governments and private sector businesses often lack capital and the technical
19 capacity to undertake multimodal transportation projects.

20 “(d) Public financial assistance can stimulate industrial growth and commercial enter-
21 prise and promote employment opportunities in this state.

23 nomic development in this state.

24 “(3) The factors described in subsection (2) of this section will encourage and promote
25 economic development within the State of Oregon, and issuance of lottery bonds to finance
26 transportation projects is therefore an appropriate use of state lottery funds under section
27 4, Article XV of the Oregon Constitution, and ORS 461.510.

28 “SECTION 9. (1) For the biennium beginning July 1, 2009, at the request of the Oregon

31 286A.585 in an amount not to exceed net proceeds of \$100 million for the purpose described
32 in subsection (2) of this section, plus an additional amount, to be estimated by the State
33 Treasurer, for payment of bond-related costs.

34 “(2) Net proceeds of lottery bonds issued pursuant to this section must be deposited in
35 the Multimodal Transportation Fund established under ORS 367.080 sufficient to provide \$100
36 million in net proceeds and interest earnings for disbursement to the Department of Trans-
37 portation to finance grants and loans for transportation projects as provided in ORS 367.080
38 to 367.086.

39 “(3) Bond-related costs for the lottery bonds authorized by this section must be paid from
40 the gross proceeds of the lottery bonds and from allocations for the purposes of ORS
41 286A.576 (1)(c).

42 “SECTION 10. (1) The Oregon Transportation Commission shall allocate five percent of
43 the lottery bonds authorized by section 9 of this 2009 Act to rural airports.

44 “(2) To the extent that proposed transportation projects meet the qualifications estab-
45 lished by the commission by rule, the commission shall allocate at least 10 percent of the

1 net proceeds of the lottery bonds authorized by section 9 of this 2009 Act to each region de-
2 scribed in this section. For purposes of this section, the regions are as follows:

3 “(a) Region one consists of Clackamas, Columbia, Hood River, Multnomah and
4 Washington Counties.

5 “(b) Region two consists of Benton, Clatsop, Lane, Lincoln, Linn, Marion, Polk, Tillamook
6 and Yamhill Counties.

11 Wallowa Counties.

12 “SECTION 11. Sections 12 to 14 of this 2009 Act are added to and made a part of the
13 Oregon Vehicle Code.

14 “SECTION 12. ‘Medium-speed electric vehicle’ means an electric motor vehicle with four
15 wheels that is equipped with a roll cage or a crushproof body design, can attain a maximum
16 speed of 35 miles per hour on a paved, level surface, is fully enclosed and has at least one
17 door for entry.

18 “SECTION 13. (1) A person commits the offense of unlawfully operating a medium-speed
19 electric vehicle on a highway if the person operates a medium-speed electric vehicle on a
20 highway with a posted speed limit that is greater than 45 miles per hour.

21 “(2) Notwithstanding subsection (1) of this section, a city or county may adopt an ordi-

24 “(3) The offense described in this section, unlawfully operating a medium-speed electric
25 vehicle on a highway, is a Class B traffic violation.

26 “SECTION 14. (1) The Department of Transportation shall adopt, by rule, minimum
27 safety standards for low-speed vehicles and medium-speed electric vehicles. Standards
28 adopted by the department under this section must be consistent with, but may exceed, any
29 vehicle safety standards established under federal regulations.

30 “(2) The department may not issue registration to a low-speed vehicle or medium-speed
31 electric vehicle if the department has reason to believe the vehicle does not meet the safety
32 standards adopted pursuant to this section.

33 “SECTION 15. As part of the preparation of the capital construction estimate submitted
34 to the Oregon Department of Administrative Services pursuant to ORS 291.224, the Depart-

38 offices and other facilities used by local government.

39 “SECTION 16. Section 17 of this 2009 Act is added to and made a part of ORS 184.610 to
40 184.666.

41 “SECTION 17. The Oregon Transportation Commission shall work with stakeholders to
42 review and update the criteria used to select projects within the Statewide Transportation

2 erations or otherwise improving travel times within high-congestion corridors.

3 “(2) Enhances the safety of the traveling public using access management and other
4 techniques in support of decreasing traffic crash rates, promoting the efficient movement
5 of people and goods and preserving the public investment in the transportation system.

6 “(3) Increases the operational effectiveness and reliability of the existing system by using
7 technological innovation, providing linkages to other existing components of the transporta-
8 tion system and relieving congestion.

9 “(4) Is capable of being implemented in a timely manner to reduce congestion in other
10 modes of transportation and reduce the need for additional highway projects.

11 “(5) Improves the condition, connectivity and capacity of freight-reliant infrastructure
12 serving the state.

13 “(6) Supports improvements necessary for the state’s economic growth and
14 competitiveness, accessibility to industries and economic development.

16 “(8) Fosters livable communities by demonstrating that the investment reinforces or does
17 not undermine compact urban development.

18 “(9) Enhances the value of transportation projects through designs and development that
19 reflect environmental stewardship and community sensitivity.

20 “(10) Is consistent with infrastructure plans and reinforces the state’s greenhouse gas
21 emissions reduction goals described in ORS 468A.205.

22 “SECTION 18. (1) As used in this section, ‘highway’ has the meaning given that term in
23 ORS 801.305.

24 “(2) The Department of Transportation shall incorporate environmental performance
25 standards into the design and construction of all state highway construction projects, in-
26 cluding local government highway construction projects funded by the department.

27 “(3) The department shall work with state and federal environmental regulatory agencies
28 to improve the environmental permitting process for state highway construction projects in
29 order to:

31 “(b) Reduce the cost and delay associated with redesigning projects to meet environ-
32 mental requirements; and

33 “(c) Maintain a strong commitment to environmental stewardship.

34 “SECTION 19. The Department of Transportation shall implement transportation design

3 “(2) The commission shall annually reserve an amount of the funds identified under
4 subsection (1) of this section, minus \$14 million per year, for eligible nonhighway purposes

6 “SECTION 22. Section 23 of this 2009 Act is added to and made a part of the Oregon
7 Vehicle Code.

8 “SECTION 23. (1) A city with a population of over 500,000 may adopt an ordinance to es-

38 “SECTION 26. ORS 801.040 is amended to read:

39 “801.040. This section describes circumstances where special provisions are made concerning the
40 authority of cities, counties or other political subdivisions in relation to some portion of the vehicle
41 code. This section is not the only section of the vehicle code that applies to such authority and shall
42 not be interpreted to affect the vehicle code except as specifically provided in this section. The
43 following limits are partial or complete as described:

44 “(1) No county, municipal or other local body with authority to adopt and administer local po-
45 lice regulations under the Constitution and laws of this state shall enact or enforce any rule or

1 regulation in conflict with the provisions of the vehicle code described in this subsection except as
2 specifically authorized in the vehicle code. This subsection applies to the provisions of the vehicle
3 code relating to abandoned vehicles, vehicle equipment, regulation of vehicle size, weight and load,
4 the manner of operation of vehicles and use of roads by persons, animals and vehicles.

5 “(2) Except as provided in ORS 822.230 and this subsection, no city, county or other political
6 subdivisions shall regulate or require or issue any registration, licenses, permits or surety bonds or

17 “(3) No city, county or other political subdivision of this state, nor any state agency, may adopt
18 a regulation or ordinance that imposes a special fee for the use of public lands or waters by
19 snowmobiles or Class I all-terrain vehicles, or for the use of any access thereto that is owned by
20 or under the jurisdiction of either the United States, this state or any such city, county or other
21 political subdivision. The registration fees provided by ORS 821.320 are in lieu of any personal
22 property or excise tax imposed on snowmobiles by this state or any political subdivision. No city,
23 county or other municipality, and no state agency shall impose any other registration or license fee
24 on any snowmobile in this state. This subsection does not prohibit any city, county or other political
25 subdivision, or any state agency from regulating the operation of snowmobiles or Class I all-terrain

34 “(b) Any road authority described under ORS 810.010 may adopt rules or procedures that do not
35 conflict with such provisions to provide for additional protection for the owner or person with an
36 interest in a vehicle subject to such provisions or that more quickly accomplish the procedures es-
37 tablished under such provisions.

38 “(5) Any incorporated city may by ordinance require that the driver of a vehicle involved in an
39 accident file with a designated city department a copy of any report required to be filed under ORS
40 811.725. All such reports shall be for the confidential use of the city department but subject to the

12 county must be submitted] **without submitting the ordinance** to the electors of the county for their
13 approval. The governing body of the county imposing the registration fee shall enter into an inter-
14 governmental agreement under ORS 190.010 with the department by which the department shall
15 collect the registration fees, pay them over to the county and, if necessary, allow the credit or
16 credits described in ORS 803.445 (5). The intergovernmental agreement must state the date on which
17 the department shall begin collecting registration fees for the county.

18 “(2) The authority granted by this section allows the establishment of registration fees in addi-
19 tion to those described in ORS 803.420. There is no authority under this section to affect registration
20 periods, qualifications, cards, plates, requirements or any other provision relating to vehicle regis-
21 tration under the vehicle code.

22 “(3) Except as otherwise provided for in this subsection, when registration fees are imposed

37 “(L) Travel trailers, campers and motor homes.

38 “(4) Any registration fee imposed by a county must be a fixed amount not to exceed, with re-
39 spect to any vehicle class, the registration fee established under ORS 803.420 (1). For vehicles on
40 which a flat fee is imposed under ORS 803.420, the fee must be a whole dollar amount.

42 establishing the registration fees as provided in ORS 802.110. The county ordinance shall provide for
43 payment of at least 40 percent of the money to cities within the county unless a different distrib-
