3 **SECTION 35.** ORS 508.816 is amended to read:

4 508.816. (1) The annual fee for the vessel permit required by ORS 508.801 is [~~\$10~~] **\$60**.

5 (2) Applications shall be in such form and contain such information as the State Department of
6 Fish and Wildlife, by rule, may prescribe.

7 **SECTION 36.** ORS 508.822 is amended to read:

8 508.822. (1) The vessel permit required by ORS 508.801 is transferable:

9 (a) To a replacement vessel of the permit holder.

10 (b) To the purchaser of the vessel when the vessel is sold.

11 (c) Upon request of a permit holder, transfer of a permit to a replacement vessel owned by an
12 individual other than the permit holder if authorized by the State Department of Fish and Wildlife.
13 However, any transfer of a permit away from a vessel without the written consent of each person
14 holding a security interest in such vessel is void.

15 (2) Permits may be transferred between vessels where both vessels fall within any one of the
16 following categories:

17 (a) Vessels less than or equal to 30 feet;

18 (b) Vessels greater than 30 feet and less than or equal to 42 feet; or

19 (c) Vessels greater than 42 feet.

20 (3) A permit may be transferred from a vessel that is in one of the categories defined in sub-
21 section (2) of this section to a vessel that is in a different category provided that no vessel permit
22 may be transferred to a vessel more than five feet longer than the vessel from which the permit is
23 being transferred.

24 (4)(a) Notwithstanding subsection (3) of this section and except for transfer to another vessel
25 owned by the current permit holder, a vessel permit may be transferred to a vessel over 30 feet in
26 length only if, in the calendar year prior to transfer, the vessel from which the permit is being
27 transferred was used in the ocean troll salmon fishery in Oregon, Alaska, Washington or California
28 to take 100 pounds of salmon. The department, by rule, may require proof of vessel ownership prior
29 to the transfer of a permit away from any vessel. This section shall not be effective in the calendar
30 year following a year in which the number of permits issued pursuant to ORS 508.801 is less than
31 1,000.

32 (b) A vessel permit may not be transferred more than once in any 12-month period. However,
33 the Commercial Fishery Permit Board may waive the waiting period for additional transfer if the
34 board finds that strict adherence to the waiting period would create undue hardship for the indi-
35 vidual seeking transfer of the permit.

36 (5) Persons requesting the transfer of a permit pursuant to subsection (1)(c) of this section shall
37 provide to the department copies of documents or state registration for each vessel as proof of the
38 length and ownership.

39 **(6) A fee of \$70 shall be charged for each transfer of a vessel permit under this section.**

40 **SECTION 37.** ORS 508.825 is amended to read:

41 508.825. (1) An individual whose application for renewal or transfer of the permit required by
42 ORS 508.801 is denied by the State Department of Fish and Wildlife may make written request to
43 the Commercial Fishery Permit Board for review of the denial. The review provided in this sub-
44 section is in lieu of any such review by the department or the State Fish and Wildlife Commission.
45 The request shall be in such form and shall contain such information as the board considers appro-

1 priate. The request shall be accompanied by a nonrefundable fee of [\$75] **\$125**. Such fee shall apply
2 toward the permit fee of successful applicants.

3 (2) In accordance with any applicable provision of ORS chapter 183, the board shall review de-
4 nials of applications for renewal or transfer of permits. Orders issued by the board are not subject
5 to review by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board
6 may waive requirements for renewal or transfer of permits if the board finds that the individual fails
7 to meet the requirements as the result of illness, accident or other circumstances beyond the indi-
8 vidual's control.

9 (3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate
10 such rules as it considers necessary to carry out its duties, functions and powers.

11 (4) The board may delegate to the department its authority to waive requirements for renewal
12 or transfer of permits.

13 **SECTION 38.** ORS 508.858 is amended to read:

14 508.858. The annual fee for the vessel permit required by ORS 508.840 is [\$75] **\$125**.

15 **SECTION 39.** ORS 508.864 is amended to read:

16 508.864. (1) Notwithstanding any other provision of law, an ocean scallop vessel permit issued
17 pursuant to ORS 508.840 to 508.867 may not be transferred to another vessel:

18 [(1)] (a) Until the vessel for which the permit was issued has been used in the ocean scallop
19 fishery for three or more calendar years to land at least 5,000 pounds of food fish annually.

20 [(2)] (b) More than once in any 12-month period. However, the Commercial Fishery Permit Board
21 may waive the waiting period if the board finds that strict adherence to the waiting period would
22 create undue hardship for the individual seeking transfer of the permit.

23 [(3)] (c) That is more than five feet longer than the vessel from which the permit is transferred.

24 **(2) A fee of \$70 shall be charged for each transfer of a vessel permit under this section.**

25 **SECTION 40.** ORS 508.867 is amended to read:

26 508.867. (1) Notwithstanding ORS 508.755 (6)(b) and (c), an individual whose application for re-
27 newal of the permit required by ORS 508.840 is denied by the State Department of Fish and Wildlife
28 may make written request to the Commercial Fishery Permit Board for review of the denial. The
29 review provided in this subsection is in lieu of any such review by the department or the State Fish
30 and Wildlife Commission. The request shall be in such form and shall contain such information as
31 the board considers appropriate. The request shall be accompanied by a nonrefundable fee of [\$75]
32 **\$125**. Such fee shall apply toward the permit fee of successful applicants.

33 (2) In accordance with any applicable provision of ORS chapter 183, the board shall review de-
34 nials of applications for renewal of permits. Orders issued by the board are not subject to review
35 by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board may waive
36 requirements for renewal of permits if the board finds that the individual for personal or economic
37 reasons chooses to actively fish the permit vessel in some other ocean fishery or if the board finds
38 that the individual fails to meet the requirements as the result of illness, accident or other circum-
39 stances beyond the individual's control.

40 (3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate
41 such rules as it considers necessary to carry out its duties, functions and powers.

42 (4) The board may delegate to the department the authority to waive eligibility requirements for
43 renewal of permits.

44 **SECTION 41.** ORS 508.901 is amended to read:

45 508.901. (1) The annual fee for the vessel permit required by ORS 508.880 is [\$75] **\$125**.

1 (2) Applications shall be in such form and contain such information as the State Department of
2 Fish and Wildlife, by rule, may prescribe.

3 **SECTION 42.** ORS 508.907 is amended to read:

4 508.907. (1) The vessel permit required by ORS 508.880 is transferable:

5 (a) To a replacement vessel of the permit holder. A replacement is any vessel that is purchased
6 for any reason to replace a vessel previously owned by and licensed to the permit holder;

7 (b) To the purchaser of the vessel when the vessel is sold; or

8 (c) To a replacement vessel owned by an individual other than the permit holder. However, any
9 transfer of a permit away from a vessel without the written consent of each person holding a secu-
10 rity interest in such vessel is void.

11 (2) A permit may be transferred to a vessel of greater length only if that vessel is within 5 feet
12 in overall length of the vessel from which the permit is being transferred. This provision does not
13 apply if the permit is being transferred from one vessel owned by an individual to another vessel
14 not exceeding 80 feet in length that is owned by the same individual.

15 (3) A permit may not be transferred to another vessel more than once in a 12-month period.
16 However, the Commercial Fishery Permit Board may waive the waiting period if the board finds that
17 strict adherence to the waiting period would create undue hardship for the individual seeking
18 transfer of the permit.

19 **(4) A fee of \$70 shall be charged for each transfer of a vessel permit under this section.**

20 **SECTION 43.** ORS 508.910 is amended to read:

21 508.910. (1) An individual whose application for renewal of the permit required by ORS 508.880
22 is denied by the State Department of Fish and Wildlife may make written request to the Commercial
23 Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of
24 any such review by the department or the State Fish and Wildlife Commission. The request shall
25 be in such form and shall contain such information as the board considers appropriate. The request
26 shall be accompanied by a nonrefundable fee of [~~\$75~~] **\$125**. Such fee shall apply toward the permit
27 fee of successful applicants.

28 (2) In accordance with any applicable provision of ORS chapter 183, the board shall review de-
29 nials of applications for renewal of permits. Orders issued by the board are not subject to review
30 by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board may waive
31 requirements for renewal of permits if the board finds that the individual fails to meet the require-
32 ments as the result of illness, accident or other circumstances beyond the individual's control.

33 (3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate
34 such rules as it considers necessary to carry out its duties, functions and powers.

35 (4) The board may delegate to the department its authority to waive requirements for renewal
36 of permits.

37 **SECTION 44.** ORS 508.936 is amended to read:

38 508.936. (1) The system established under ORS 508.921 shall include provisions to make the
39 vessel ocean Dungeness crab permit required by ORS 508.926 transferable:

40 (a) To another vessel; or

41 (b) To the purchaser of the vessel when the vessel is sold.

42 (2) The vessel to which a permit is transferred may not be:

43 (a) More than 10 feet longer than the vessel from which the permit is transferred; or

44 (b) More than 99 feet in length.

45 (3) Notwithstanding subsection (2) of this section, a permit issued to a vessel:

1 (a) Under ORS 508.931 (1)(e) shall be transferred only to a vessel that is 26 feet or less in length.

2 (b) May not be transferred to a vessel that is more than 10 feet longer than the vessel for which
3 the permit was held on January 1, 2006. However, the Commercial Fishery Permit Board may waive
4 the length restriction in this paragraph if the board finds that strict adherence to the length re-
5 striction would create undue hardship, as that term is defined by rule by the State Fish and Wildlife
6 Commission, for the individual seeking transfer of the permit.

7 (4) Transfer of a permit under this section is subject to the approval of the State Department
8 of Fish and Wildlife according to such rules as the State Fish and Wildlife Commission may adopt.
9 Any transfer of a permit from a vessel without the written consent of each person holding a security
10 interest in the vessel is void.

11 (5) For purposes of this section, the length of a vessel shall be determined by the manufacturer's
12 specification of overall length, United States Coast Guard documentation stating overall length or
13 a survey of overall length by a certified marine surveyor, as the State Fish and Wildlife Commission
14 by rule shall establish.

15 **(6) A fee of \$70 shall be charged for each transfer of a vessel permit under this section.**

16 **SECTION 45.** ORS 508.941 is amended to read:

17 508.941. (1) The system established under ORS 508.921 shall include any other provisions for
18 participation that the State Fish and Wildlife Commission considers appropriate.

19 (2) Any determination by the commission regarding the eligibility of a vessel to participate in
20 the ocean Dungeness crab commercial fishery or to transfer participation rights is subject to review
21 by the Commercial Fishery Permit Board, in accordance with ORS chapter 183. The board may
22 waive the eligibility requirements contained in ORS 508.931 if the board finds that the individual
23 fails to meet the requirements as the result of illness, fire, sinking, accident or other circumstances
24 beyond the individual's control. In making a determination of eligibility under this section, the board
25 shall consider the applicant's history of participation in the Oregon ocean Dungeness crab fishery.
26 If a vessel for which application is made is owned by a person who has served in the Armed Forces
27 of the United States and the person establishes that a service-related disability prevented the person
28 from lawfully landing crab in two seasons during the prescribed time period, there is a rebuttable
29 presumption in favor of issuing an illness waiver for one of the two seasons of lawfully landing crab
30 in Oregon required under ORS 508.931 so as to require the landing of crab in only one season during
31 the prescribed time period. The rebuttable presumption created by this subsection may be overcome
32 only by clear and convincing evidence that the service-related disability of the person did not pre-
33 vent the person from lawfully landing crab in two seasons during the prescribed time period. Orders
34 issued by the board are not subject to review by the commission, but may be appealed as provided
35 in ORS 183.480 to 183.540.

36 (3) A commercial fishing vessel that holds a valid Washington or California permit to fish for
37 ocean Dungeness crab shall be eligible to participate in the Oregon ocean Dungeness crab fishery
38 provided there is reciprocal statutory authority in Washington or California that provides for equal
39 access for vessels holding Oregon ocean Dungeness crab permits to Washington or California
40 coastal waters and Washington waters of the Columbia River. If such reciprocal statutory authority
41 exists, a vessel licensed by Washington or California is eligible to participate in accordance with
42 rules that establish reciprocal border agreements that recognize traditional fishing patterns.

43 (4) The annual fee to participate in the ocean Dungeness crab fishery is [~~\$75~~] **\$125**, except that
44 the fee for 1995 is waived.

45 **SECTION 46.** ORS 508.949 is amended to read:

1 508.949. (1) The annual fee for a black rockfish and blue rockfish vessel permit or a black
 2 rockfish and blue rockfish vessel permit with a nearshore fish endorsement issued under ORS
 3 508.947 is [~~\$75~~] **\$125**.

4 (2) Applications for a permit shall be in such form and contain such information as the State
 5 Department of Fish and Wildlife, by rule, may prescribe.

6 (3) All fees collected under this section and ORS 508.505 (1)(b) and 508.947 shall be placed into
 7 the Black Rockfish, Blue Rockfish and Nearshore Species Research Account established in ORS
 8 508.951.

9 **SECTION 47.** ORS 508.957 is amended to read:

10 508.957. (1) A black rockfish and blue rockfish vessel permit with a nearshore fish endorsement
 11 issued under ORS 508.947 may be transferred to another vessel if:

12 (a) The permit has been renewed a minimum of five times; and

13 (b) The vessel operating under the permit has made, in the previous calendar year, a minimum
 14 of five landings that contained at least 15 pounds of black rockfish, blue rockfish or nearshore fish.

15 (2) Notwithstanding subsection (1) of this section, a black rockfish and blue rockfish vessel
 16 permit with a nearshore fish endorsement:

17 (a) May be transferred one time per calendar year to a replacement vessel that is owned by the
 18 same person that owns the vessel to which the permit was originally issued.

19 (b) That is issued to a vessel owned by a sole proprietor may be transferred upon the death of
 20 the sole proprietor.

21 (3) A black rockfish and blue rockfish vessel permit with a nearshore fish endorsement may not
 22 be transferred to a vessel that is more than five feet longer than the vessel to which the permit was
 23 originally issued.

24 (4) A black rockfish and blue rockfish vessel permit issued under ORS 508.947:

25 (a) May be transferred to another vessel except as provided in paragraph (b) of this subsection.

26 (b) May not be transferred to a vessel that is more than five feet longer than the vessel to which
 27 the permit was originally issued.

28 **(5) A fee of \$70 shall be charged for each transfer of a vessel permit under this section.**

29 **SECTION 48.** ORS 508.960 is amended to read:

30 508.960. (1) A person whose application for issuance, renewal or transfer of a permit under ORS
 31 508.947 is denied by the State Department of Fish and Wildlife may make written request to the
 32 Commercial Fishery Permit Board for review of the denial. The review provided in this subsection
 33 is in lieu of any such review by the department or the State Fish and Wildlife Commission. The re-
 34 quest shall be in such form and shall contain such information as the board considers appropriate.
 35 The request shall be accompanied by a nonrefundable fee of [~~\$75~~] **\$125**, which shall apply toward the
 36 permit fee if the application is approved.

37 (2) In accordance with the applicable provisions of ORS chapter 183, the board shall review
 38 denials of applications for issuance, transfer or renewal of permits. Orders issued by the board are
 39 not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.540.
 40 The board may waive requirements for renewal or transfer of permits if the board finds that the
 41 person fails to meet the requirements as the result of illness, accident or other circumstances be-
 42 yond the person's control.

43 (3) In accordance with the applicable provisions of ORS chapter 183, the board may promulgate
 44 such rules as it considers necessary to carry out its duties, functions and powers under this section.
