

## HOUSE AMENDMENTS TO A-ENGROSSED HOUSE BILL 2873

By COMMITTEE ON REVENUE

June 15

1 On page 1 of the printed A-engrossed bill, line 2, delete “237.620” and insert “238.380 and  
2 238.385; and declaring an emergency”.

3 Delete lines 4 through 28 and delete page 2 and insert:

4 “**SECTION 1.** ORS 238.380 is amended to read:

5 “238.380. (1)(a) Upon retirement of an employee who is a member of the Public Employees Re-  
6 tirement System and computation of that member’s service retirement allowance under ORS 238.300,  
7 238.305 or 238.425, or computation of any disability retirement allowance under ORS 238.320,  
8 238.325, 238.330, 238.345 or 238.425, the Public Employees Retirement Board shall add to the amount  
9 of the allowance, including amounts attributable to prior service credit and the amount of any re-  
10 fund of accumulated employee contributions, the greater of the percentage increase calculated under  
11 ORS 238.385 or a percentage increase calculated under subsection (4) of this section. No benefit  
12 shall be paid to a member or beneficiary under ORS 238.385 if the benefit payable to the member  
13 or beneficiary under this section is larger than the benefit payable under ORS 238.385.

14 “(b) The percentage increase provided for in this section shall be adjusted by the board to re-  
15 flect increases or decreases in a member’s retirement allowance that are attributable to the mem-  
16 ber’s participation in the Variable Annuity Account established by ORS 238.260, that are  
17 attributable to a change in the member’s beneficiary or payment option under ORS 238.305 or  
18 238.325, or that are attributable to corrections to the member’s retirement allowance calculation.

19 “(c) The percentage increase provided for in this section shall be applied to any lump sum pay-  
20 ment made to a member or a beneficiary of a member on or after January 1, 1991, that is attribut-  
21 able to a retroactive correction or adjustment of the amount payable to the member or beneficiary  
22 as a retirement allowance or that is attributable to a retroactive correction or adjustment to any  
23 other benefit that entitles a member or beneficiary to an increased benefit under this section. The  
24 percentage increase payable under this paragraph applies only to the principal amounts included in  
25 the lump sum payment as a retroactive correction or adjustment and does not apply to any interest  
26 on the retroactive correction or adjustment paid as part of the lump sum payment.

27 “(2) The amount of any death benefit under ORS 238.390, 238.395, 238.400 or 238.405, including  
28 the amount of any monthly payments, shall be increased by the greater of the percentage provided  
29 for in ORS 238.385 or the percentage calculated under subsection (4) of this section.

30 “(3)(a) A member of the system who elects to receive a lump sum in lieu of a retirement allow-  
31 ance or other benefit under ORS 238.315 shall receive an increase based on the greater of the per-  
32 centage provided for in ORS 238.385 or the percentage calculated under subsection (4) of this  
33 section.

34 “(b) A member of the system who withdraws the amount credited to the member account, if any,  
35 of the member in the fund under the provisions of ORS 238.265, or whose member account is re-

1 turned to the employee after the membership of the employee is terminated under the provisions of  
2 ORS 238.095, shall receive an additional amount calculated by multiplying the amount of the member  
3 account of the member by the greater of the percentage provided for in ORS 238.385 or the per-  
4 centage calculated under subsection (4) of this section. If a member thereafter elects to obtain res-  
5 toration of creditable service by repaying the amount of the withdrawn member account pursuant  
6 to the provisions of ORS 238.105, the member must also repay all amounts paid under this section,  
7 together with interest from the date of withdrawal at the same rate as applied to the withdrawn  
8 member account under ORS 238.105. If a member repays only part of the withdrawn member account  
9 pursuant to the provisions of ORS 238.115, the member must repay that part of the amount paid  
10 under this section that is proportionate to the portion of the withdrawn member account that is  
11 repaid under ORS 238.115, together with interest from the date of withdrawal at the same rate as  
12 applied to the withdrawn member account under ORS 238.115. All amounts paid to the member that  
13 are subsequently repaid under ORS 238.105 or 238.115 shall be deposited by the board to the em-  
14 ployer reserve for pension accounts in the fund.

15 “(4)(a) The Public Employees Retirement Board shall calculate a multiplier for the purposes of  
16 this section equal to the percentage produced by the following formula:

17 1

18  
19 
$$\frac{[1 - \textit{the maximum Oregon}]}{[\textit{personal income tax rate}]}$$

20  
21 **.91**

22 “(b) Upon the retirement or death of a member of the system, the board shall determine the  
23 fraction of the member’s retirement allowance or death benefit, including any refund or lump sum  
24 payment, that is attributable to service rendered by the member before October 1, 1991. The board  
25 shall then calculate a percentage that is equal to that fraction multiplied by the multiplier deter-  
26 mined by the board under paragraph (a) of this subsection. The percentage so calculated shall be  
27 used to determine the amount of the increase in benefits provided to a member, if any, under this  
28 section.

29 “(5) For the purpose of determining that portion of a retirement allowance or death benefit at-  
30 tributable to service rendered before October 1, 1991, the board shall divide the number of years  
31 of creditable service performed before October 1, 1991, by the total number of years of creditable  
32 service during which the pension income was earned. For the purposes of this subsection:

33 “(a) The number of years of creditable service does not include any period of employment for  
34 which a benefit is paid for prior service credit.

35 “(b) Except as provided in subsection [(8)(a)] (7) of this section, the number of years of credita-  
36 ble service includes all retirement credit of the member, and any retirement credit of a member that  
37 is attributable to periods of service, employment or other activity performed before October 1, 1991,  
38 shall be considered creditable service performed before October 1, 1991.

39 “(6) The increased benefits provided for in this section shall be funded by employer contribu-  
40 tions.

41 “[7] *If the maximum Oregon income tax rate is changed for any taxable year, the board shall*  
42 *utilize the new rate for the purposes of calculating the benefit provided for in this section for all*  
43 *members of the system who retire or die after the change in rates takes effect. In addition, the board*  
44 *shall recalculate the benefits payable to all retired members of the Public Employees Retirement System,*  
45 *or to the beneficiaries of those members, using the new tax rate. The benefit so recalculated shall be*

1 applicable to the first full month after the recalculation is made, and be payable the first day of the  
2 month immediately following. If by reason of the calculation or recalculation of the benefit under this  
3 subsection the amount of the benefit provided for in this section is decreased, any benefits paid after  
4 the change in the tax rate takes effect and before the calculation or recalculation is made shall not be  
5 recoverable by the system, but the Public Employees Retirement Board shall ensure that only the  
6 amount of the benefit so calculated or recalculated shall be paid after the calculation or recalculation  
7 is made.]

8 “[8)(a)] (7) The increased benefits provided by this section apply only to members who establish  
9 membership in the Public Employees Retirement System before July 14, 1995, and whose effective  
10 date of retirement or date of death is on or after January 1, 1991. The increased benefits provided  
11 by this section do not apply to any creditable service or prior service credit acquired by a member  
12 under the terms of a contract of integration entered into pursuant to ORS 238.035, 238.680 or 238.690  
13 on or after October 1, 1991.

14 “[b) The recalculation of benefits provided for in subsection (7) of this section applies to all retired  
15 members, without regard to the date of the member’s retirement or death.]

16 “[9)] (8) If a member is entitled to receive an increased benefit under the provisions of this  
17 section, and any portion of the member’s retirement allowance or other benefit payable under the  
18 system is payable to an alternate payee under the provisions of ORS 238.465, the increased benefits  
19 payable under this section shall be divided between the member and the alternate payee in propor-  
20 tion to the share of the total benefit received by each person. If an alternate payee elects to begin  
21 receiving benefits under ORS 238.465 (1) before the member’s effective date of retirement, the al-  
22 ternate payee may not begin receiving the increased benefit provided for in this section until bene-  
23 fits are first paid from the system on behalf of the member.

24 “[10)] (9) A person establishes membership in the system before July 14, 1995, for the purposes  
25 of subsection [(8)] (7) of this section if:

26 “(a) The person is a member of the system, or a judge member of the system, on July 14, 1995;

27 “(b) The person was a member of the system before July 14, 1995, ceased to be a member of the  
28 system under the provisions of ORS 238.095, 238.265 or 238.545 before July 14, 1995, but restores  
29 part or all of the forfeited creditable service from before July 14, 1995, under the provisions of ORS  
30 238.105 or 238.115 after July 14, 1995; or

31 “(c) The person performed any period of service for a participating public employer before July  
32 14, 1995, that is credited to the six-month period of employment required of an employee under ORS  
33 238.015 before an employee may become a member of the system.

34 “**SECTION 2.** ORS 238.385 is amended to read:

35 “238.385. (1)(a) Upon retirement of an employee who is a member of the Public Employees Re-  
36 tirement System and computation of that member’s service retirement allowance under ORS 238.300,  
37 238.305 or 238.425, or computation of any disability retirement allowance under ORS 238.320,  
38 238.325, 238.330, 238.345 or 238.425, the Public Employees Retirement Board shall add to the amount  
39 of the allowance, including amounts attributable to prior service credit and the amount of any re-  
40 fund of accumulated member contributions, an additional amount equal to the percentage increase  
41 provided in subsection (4) of this section.

42 “(b) The percentage increase provided for in this section shall be adjusted by the board to re-  
43 flect increases or decreases in a member’s retirement allowance that are attributable to the mem-  
44 ber’s participation in the Variable Annuity Account established by ORS 238.260, that are  
45 attributable to a change in the member’s beneficiary or payment option under ORS 238.305 or

1 238.325, or that are attributable to corrections to the member's retirement allowance calculation.

2 "(c) The percentage increase provided for in this section shall be applied to any lump sum pay-  
3 ment made to a member or a beneficiary of a member on or after January 1, 1991, that is attribut-  
4 able to a retroactive correction or adjustment of the amount payable to the member or beneficiary  
5 as a retirement allowance or that is attributable to a retroactive correction or adjustment to any  
6 other benefit that entitles a member or beneficiary to an increased benefit under this section. The  
7 percentage increase payable under this paragraph applies only to the principal amounts included in  
8 the lump sum payment as a retroactive correction or adjustment and does not apply to any interest  
9 on the retroactive correction or adjustment paid as part of the lump sum payment.

10 "(2) The amount of any death benefit under ORS 238.390, 238.395, 238.400 or 238.405, including  
11 the amount of any monthly payments, shall be increased by an amount equal to the percentage in-  
12 crease provided in subsection (4) of this section.

13 "(3)(a) A member of the system who receives a lump sum under ORS 238.315 in lieu of a retire-  
14 ment allowance or other benefit shall receive an additional amount equal to the percentage increase  
15 provided in subsection (4) of this section.

16 "(b) A member of the system who withdraws the amount credited to the member account, if any,  
17 of the member under the provisions of ORS 238.265, or whose member account is returned to the  
18 employee after the membership of the employee is terminated under the provisions of ORS 238.095,  
19 shall receive an additional amount calculated by multiplying the amount of the member account of  
20 the member by the percentage increase provided for under subsection (4) of this section. If a member  
21 thereafter elects to obtain restoration of creditable service by repaying the amount of the withdrawn  
22 member account pursuant to the provisions of ORS 238.105, the member must also repay all amounts  
23 paid under this section, together with interest from the date of withdrawal at the same rate as ap-  
24 plied to the withdrawn member account under ORS 238.105. If a member repays only part of the  
25 withdrawn member account pursuant to the provisions of ORS 238.115, the member must repay that  
26 part of the amount paid under this section that is proportionate to the portion of the withdrawn  
27 member account that is repaid under ORS 238.115, together with interest from the date of with-  
28 drawal at the same rate as applied to the withdrawn member account under ORS 238.115. All  
29 amounts paid to the member that are subsequently repaid under ORS 238.105 or 238.115 shall be  
30 deposited by the board to the employer reserve for pension accounts in the fund.

31 "(4)(a) The percentage increases provided for in this section to the benefits payable to or on  
32 account of a member of the system who is serving as other than a police officer or firefighter at the  
33 time of death or retirement shall be:

34 "(A) For a member with a combined total of 10 or more years of creditable service in the system  
35 and prior service credit but less than a combined total of 20 years, one percent.

36 "(B) For a member with a combined total of 20 or more years of creditable service in the system  
37 and prior service credit but less than a combined total of 25 years, two percent.

38 "(C) For a member with a combined total of 25 or more years of creditable service in the system  
39 and prior service credit but less than a combined total of 30 years, three percent.

40 "(D) For a member with a combined total of 30 or more years of creditable service in the system  
41 and prior service credit, four percent.

42 "(b) The percentage increases provided for in this section to the benefits payable to or on ac-  
43 count of a member of the system who is serving as a police officer or firefighter at the time of death  
44 or retirement shall be:

45 "(A) For a member with a combined total of 10 or more years of creditable service in the system

1 and prior service credit but less than a combined total of 20 years, one percent.

2 “(B) For a member with a combined total of 20 or more years of creditable service in the system  
3 and prior service credit but less than a combined total of 25 years, two and one-half percent.

4 “(C) For a member with a combined total of 25 or more years of creditable service in the system  
5 and prior service credit, four percent.

6 “(c) The benefits payable to or on account of a member with less than a combined total of 10  
7 years of creditable service in the system and prior service credit at the time of death or retirement  
8 shall not be increased under the provisions of this section.

9 “(5) The increased benefits provided for in this section shall be funded by employer contribu-  
10 tions.

11 “(6) This section applies only to a member who establishes membership in the Public Employees  
12 Retirement System before July 14, 1995, as described in ORS 238.380 [(10)] (9), and whose effective  
13 date of retirement or date of death is on or after January 1, 1991. The increased benefits provided  
14 by this section do not apply to any creditable service or prior service credit acquired by a member  
15 under the terms of a contract of integration entered into pursuant to ORS 238.035, 238.680 or 238.690  
16 on or after October 1, 1991.

17 “(7) If a member is entitled to receive an increased benefit under the provisions of this section,  
18 and any portion of the member’s retirement allowance or other benefit payable under the system is  
19 payable to an alternate payee under the provisions of ORS 238.465, the increased benefits payable  
20 under this section shall be divided between the member and the alternate payee in proportion to the  
21 share of the total benefit received by each person. If an alternate payee elects to begin receiving  
22 benefits under ORS 238.465 (1) before the member’s effective date of retirement, the alternate payee  
23 may not begin receiving the increased benefit provided for in this section until benefits are first paid  
24 from the system on behalf of the member.

25 “**SECTION 3. This 2009 Act being necessary for the immediate preservation of the public**  
26 **peace, health and safety, an emergency is declared to exist, and this 2009 Act takes effect**  
27 **on its passage.”.**
