9 **“(1) The use of a consensus-based expedited review system for the uniform statewide**
10 **adoption, implementation, application and enforcement of certain state building code re-**
11 **quirements to promote energy efficiency and energy conservation will facilitate and expedite**
12 **compliance with those state building code requirements by providing a comprehensive source**
13 **for interpretation of requirements that integrate elements affecting a variety of specialty**
14 **codes.**

16 **the Department of Consumer and Business Services is an appropriate means for furthering**
17 **the goal of facilitating and expediting state building code compliance related to energy effi-**
18 **ciency and energy conservation.**

19 **“(3) The creation of a Construction Industry Energy Board will improve state building**
20 **code compliance with regard to energy efficiency and energy use standards by creating an**
21 **additional body empowered to enforce those standards.**

22 **“(4) The reorganization of certain existing advisory boards and the realignment of code**
23 **enforcement responsibilities will enable the Department of Consumer and Business Services**
