5 **SECTION 1.** ORS 197.298 is amended to read:

6 197.298. (1) In addition to any requirements established by rule addressing urbanization, land
7 may not be included within an urban growth boundary except under the following priorities:

8 (a) First priority is land that is designated urban reserve land under ORS 195.145, rule or met-
9 ropolitan service district action plan.

10 (b) If land under paragraph (a) of this subsection is inadequate to accommodate the amount of
11 land needed, second priority is land adjacent to an urban growth boundary that is identified in an
12 acknowledged comprehensive plan as an exception area or nonresource land. Second priority may
13 include resource land that is completely surrounded by exception areas unless such resource land
14 is high-value farmland as described in ORS 215.710.

15 (c) If land under paragraphs (a) and (b) of this subsection is inadequate to accommodate the
16 amount of land needed, third priority is land designated as marginal land pursuant to ORS 197.247
17 (1991 Edition).

18 (d) If land under paragraphs (a) to (c) of this subsection is inadequate to accommodate the
19 amount of land needed, fourth priority is **state in-lieu lands that are zoned for exclusive farm**
20 **use and that are adjacent to the urban growth boundary.**

21 (e) **If land under paragraphs (a) to (d) of this subsection is inadequate to accommodate**
22 **the amount of land needed, fifth priority is** land designated in an acknowledged comprehensive
23 plan for agriculture or forestry, or both.

24 (2) Higher priority shall be given to land of lower capability as measured by the capability
25 classification system or by cubic foot site class, whichever is appropriate for the current use.

26 (3) Land of lower priority under subsection (1) of this section may be included in an urban
27 growth boundary if land of higher priority is found to be inadequate to accommodate the amount
28 of land estimated in subsection (1) of this section for one or more of the following reasons:

29 (a) Specific types of identified land needs cannot be reasonably accommodated on higher priority

1 lands;

2 (b) Future urban services could not reasonably be provided to the higher priority lands due to
3 topographical or other physical constraints; or

4 (c) Maximum efficiency of land uses within a proposed urban growth boundary requires inclusion
5 of lower priority lands in order to include or to provide services to higher priority lands.
