

A-Engrossed
Senate Bill 935

Ordered by the Senate April 30
Including Senate Amendments dated April 30

Sponsored by Senator VERGER; Senators COURTNEY, JOHNSON, KRUSE, MONNES ANDERSON, WHITSETT,
Representatives BOONE, COWAN, KRIEGER, ROBLAN, WITT

SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure.

Directs Office of Emergency Management to develop and operate statewide first responder building mapping information system.

A BILL FOR AN ACT

Relating to first responder building mapping information systems.

Be It Enacted by the People of the State of Oregon:

SECTION 1. Sections 2 and 3 of this 2009 Act are added to and made a part of ORS 401.257 to 401.325.

SECTION 2. (1) As used in this section and section 3 of this 2009 Act:

(a) "First responder" means an individual who, as a regular function of the individual's employment or in a voluntary capacity as an emergency service worker, provides initial response to the scene of an emergency.

(b) "School building" means a building used by a school district to provide educational services.

(c) "School district" means a school district as that term is defined in ORS 332.002 or a public charter school as that term is defined in ORS 338.005.

(2) The Office of Emergency Management shall, as authorized in ORS 401.280, seek moneys to create and implement a statewide first responder building mapping information system, including moneys for grants to state agencies, local governments and school districts to cover the costs of mapping buildings.

(3) The office, in consultation with the State Fire Marshal, the Department of State Police and emergency service agencies as defined in ORS 401.025, shall develop guidelines for and create a statewide first responder building mapping information system. In developing the guidelines the office shall consider:

(a) The type of information to be included in the statewide first responder building mapping information system including, but not limited to:

(A) Building floor plans;

(B) Fire protection information;

(C) Evacuation plans;

(D) Utility information, including the location of transmission and distribution lines;

(E) Access facilities and known hazards for ground and air responders; and

NOTE: Matter in **boldfaced** type in an amended section is new; matter [*italic and bracketed*] is existing law to be omitted. New sections are in **boldfaced** type.

1 (F) Text and digital images showing emergency personnel contact information;

2 (b) Standards for building mapping software to be used by entities participating in the
3 statewide first responder building mapping information system;

4 (c) The order in which buildings are mapped;

5 (d) The method for making the information in the statewide first responder building
6 mapping information system available including, but not limited to, detailed procedures and
7 security systems to ensure that the information is made available only to the entity that
8 owns the building or to an agency that provides first response to an emergency; and

9 (e) Training guidelines for use of the statewide first responder building mapping infor-
10 mation system by first responders, emergency service agencies and other providers of
11 emergency services.

12 **SECTION 3.** (1) The Office of Emergency Management shall operate the statewide first
13 responder building mapping information system created under section 2 of this 2009 Act.

14 (2) State agencies, local governments and school districts shall utilize building mapping
15 software that complies with the standards for building mapping software that are developed
16 under section 2 of this 2009 Act for all buildings mapped.

17 (3) If, prior to the date when the statewide first responder building mapping information
18 system becomes operational, a state agency, local government or school district has utilized
19 building mapping software that is compatible with the standards developed under section 2
20 of this 2009 Act, the state agency, local government or school district may continue to use
21 its own building mapping software unless the office provides funds to bring the state agency,
22 local government or school district's building mapping software in full compliance with the
23 standards developed under section 2 of this 2009 Act.

24 (4) When sufficient moneys are available to the office:

25 (a) The office shall make grants available to state agencies, local governments and school
26 districts to cover the costs of mapping buildings; and

27 (b) A state agency, a local government or a school district that is provided with grant
28 funding to cover the entire costs shall map all buildings that:

29 (A) Are owned by a state or local government and are occupied by state or local gov-
30 ernment employees.

31 (B) Are school buildings.

32 (5) Indian tribes or tribal organizations, federal government agencies and private persons
33 that own buildings in this state may participate in the statewide first responder building
34 mapping information system. The office shall adopt rules pertaining to the participation.

35 (6) After the statewide first responder building mapping information system is opera-
36 tional:

37 (a) State agencies, local governments and school districts that have mapped buildings
38 shall forward the building mapping information to the office.

39 (b) Participating Indian tribes or tribal organizations, federal government agencies and
40 private persons may voluntarily forward the building mapping information to the office.

41 (c) The office may refuse building mapping information that does not comply with the
42 guidelines developed under section 2 of this 2009 Act.

43 (7) Consistent with the guidelines developed under section 2 of this 2009 Act, the office
44 shall make the building mapping information electronically available to state, local, federal
45 and tribal law enforcement agencies, to the Oregon Military Department and to fire depart-

1 **ments and districts within the State of Oregon.**

2 **(8) The office may not disclose building mapping information provided to the office under**
3 **this section except to the entity that owns the building or to an agency that provides first**
4 **response to an emergency.**

5 **(9) Neither this section nor section 2 of this 2009 Act:**

6 **(a) Requires that a state agency, local government or school district map a building un-**
7 **less the entire cost incurred to map the building is provided by the office.**

8 **(b) Supersedes or alters the authority of state agencies, local governments or school**
9 **districts to maintain and control access to information within their own independent building**
10 **mapping systems.**
