9 (a) A list of registered manufacturers and their brands;

10 (b) A list of brands for which no manufacturer has registered; and

13 annually by manufacturers choosing to implement a manufacturer program for recycling covered
14 electronic devices.

15 (3)(a) Determine the return share and return share by weight for each calendar year for each
16 manufacturer. The return share shall be determined by dividing the total weight of covered elec-
17 tronic devices of that manufacturer's brands by the total weight of covered electronic devices for
18 all manufacturers' brands. The return share by weight shall be determined by multiplying the return
19 share for each such manufacturer by the total weight in pounds of covered electronic devices, in-
20 cluding orphan devices, collected from covered entities the previous calendar year.

21 (b) *[For 2008 and 2009,]* **For each manufacturer except those specified in paragraph (c) of**
22 **this subsection**, determine the return share and return share by weight for *[each manufacturer]*
23 **calendar years through 2011** based on the best available public return share data and public
24 weight data from within the United States for covered electronic devices from covered entities. For
25 subsequent years, the return share of covered electronic devices for each manufacturer shall be
26 based on the most recent annual sampling or count of covered electronic devices. For subsequent
27 years, the total weight in pounds of covered electronic devices shall be based on the total weight
28 of covered electronic devices, including orphan devices, determined by the department.

NOTE: Matter in **boldfaced** type in an amended section is new; matter *[italic and bracketed]* is existing law to be omitted.
New sections are in **boldfaced** type.

11 manufacturer's covered electronic devices sold in Oregon. Manufacturers must submit any
12 data required by the department in the format requested by the department.

17 of the manufacturer's return share determined pursuant to this paragraph.
