

Dear Revenue Committee Members,

My Arthur Academy education is important to me.

I think the Arthur Academy is a fantastic school, because their are smaller class sizes and everyone gets the one on one time they need. There is only one class for each grade. All students know each, and we are all close; we have all been together since the 3<sup>rd</sup> and 4<sup>th</sup> grade.

Another reason this school is awesome is because, you get to keep all the friends you've made until the 8<sup>th</sup> grade. For me personally, I have made my all time best friends. Each summer it's not this big shock of who I am going to meet; its the same people.

The final reason this school is amazing is because, not everyone is learning at the same level. For a personal experience in 3<sup>rd</sup> grade when I was at public school every kid in my class was reading out of the same book, which was too easy for most of the class. Here there are different classes and levels so we all can learn at our own levels.

My Arthur Academy education is very important to me. At Arthur Academy we have smaller class sizes, you stay together and everyone learns at their own level.
