WHAT THE BILL DOES: Allows the Attorney General to issue an order disqualifying a charitable organization from receiving contributions that otherwise would be deductible under the Oregon income or corporate excise taxes. Such an order would be contingent upon the finding that the organization failed to spend at least 30 percent of its total annual functional expenses on program services when averaged over the most recent three fiscal years for which the Attorney General has relevant information. Allows the organization to request a contested case hearing within 60 days after notification of a proposed disqualification. Allows the Attorney General to decline to issue a disqualification order under certain circumstances. Identifies certain organizations that are exempt from a disqualification order. Requires organizations to disclose that such an order has been issued when making solicitations in Oregon. Requires the Attorney General to publish the identity of such organizations on the Internet and elsewhere, and file an annual report with the Department of Revenue. Requires individual and corporate taxpayers to addback contributions made to such organizations 30 days after public notification was posted on the Internet.
