Taxpayer Association of Oregon urges to Vote No on SB 692

Tobacco users are already overtaxed. Taxes should be applied to the population as a whole and not targeted at certain groups.

This bill is particularly bad because it would create a patchwork of taxation across the state. This will be a real headache for retailers. Retailers in high tax counties will suffer losses in sales of not only tobacco products but other products they would have sold to tobacco users.

Vote no on SB 692.
