**BACKGROUND:** In 2007, the Legislative Assembly enacted House Bill 2185 to update the state’s isolation and quarantine statutes. House Bill 2111-B represents recommendations from court officials and county attorneys regarding areas that require clarification in order to ensure that the process for isolation and quarantine is clear and adequately protects the public and the individuals subject to detention.

House Bill 2111-B also requires schools to adopt policies that address teen dating violence.
