19 “**SECTION 26.** ORS 475.973 is amended to read:

20 “475.973. (1)(a) [Notwithstanding ORS 475.045,] The State Board of Pharmacy may not adopt
21 rules that exempt a product containing ephedrine or pseudoephedrine from classification as a con-
22 trolled substance. Except as otherwise provided in this paragraph, the State Board of Pharmacy
23 shall adopt rules to classify ephedrine, pseudoephedrine and phenylpropanolamine as Schedule III
24 controlled substances. The Schedule III classification may be modified by the State Board of Phar-
25 macy if the State Board of Pharmacy finds that restrictions on products containing ephedrine,
26 pseudoephedrine or phenylpropanolamine under a Schedule III designation do not significantly re-
27 duce the number of methamphetamine laboratories within the state.

28 “(b) Records of transactions involving products containing ephedrine, pseudoephedrine or
29 phenylpropanolamine are subject to inspection by the State Board of Pharmacy and law enforcement
30 agencies. A person required to make or maintain records of transactions involving products con-
31 taining ephedrine, pseudoephedrine or phenylpropanolamine shall forward the records to the De-
32 partment of State Police if directed to do so by the department. Failure to forward records as
33 required by this paragraph is a Class A misdemeanor.

34 “(2) This section does not apply to products that the State Board of Pharmacy, upon application
35 of a manufacturer, exempts by rule because the product is formulated to effectively prevent con-
36 version of the active ingredient into methamphetamine or its salts or precursors. Upon notification
37 from the Department of State Police that the department has probable cause to believe that a
38 product exempted under this subsection does not effectively prevent conversion of the active ingre-
39 dient into methamphetamine or its salts or precursors, the State Board of Pharmacy may issue an
40 emergency rule revoking the exemption for the product pending a full hearing.
