Ordered by the House April 25
Including House Amendments dated April 25

Sponsored by COMMITTEE ON BUSINESS AND LABOR

SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure.

Adds [*photogrammetry*] **photogrammetric mapping and transportation planning** to list of services subject to procurement procedures for contracting with architects, engineers, photogrammetrists, **transportation planners** and land surveyors.

Removes ability of state contracting agency and local contract review board to designate certain personal services contracts as contracts for architectural, engineering and land surveying services or related services.

Requires contracting agency to use procedure to select consultant that is based initially only on qualifications of consultant. **Exempts projects for which costs of consultant services do not exceed \$100,000.**

Allows contracting agency to enter into contract with consultant directly if project has been previously described, planned, studied or rendered in previous contract and contract is continuation of project.

[*Eliminates separate procedure for selecting consultant for related services.*]

Declares emergency, effective on passage.

 8 **may directly appoint a consultant if the estimated cost of the architectural, engineering,**
 9 **photogrammetric mapping, transportation planning or land surveying services for the project**
 10 **do not exceed \$100,000.**

1 agency shall include consideration of indoor air quality issues and operation and maintenance costs.

2 (2) Whenever an authorized state agency determines that a major facility is to be constructed
3 or renovated, the authorized state agency shall cause to be included in the design phase of the
4 construction or renovation a provision that requires an energy consumption analysis to be prepared
5 for the facility under the direction of a professional engineer or licensed architect or under the di-
6 rection of a person that is prequalified in accordance with this section. The authorized state agency
7 and the State Department of Energy shall agree to the list of energy conservation measures and

42 endar year 2000.

43 (5) An authorized state agency shall report annually to the State Department of Energy con-

1 (6) An authorized state agency that fails to achieve and maintain a 20 percent reduction in en-
2 ergy use on and after June 30, 2015, shall submit biennial energy conservation plans to the State
3 Department of Energy. The State Department of Energy shall specify by rule the form and content
4 of and deadlines for the energy conservation plans.

5 (7) The State Department of Energy by rule may require mandatory prequalification as a con-
6 dition for a person to submit a bid or proposal to perform the following work for an authorized state

15 (8) The State Department of Energy may recover from authorized state agencies the costs as-
16 sociated with administering the provisions of this section, including costs associated with adopting
17 rules, maintaining a state energy use database and prequalifying a person under this section.

18 (9) The State Department of Energy, the Oregon Department of Administrative Services and the

20 **SECTION 9.** ORS 279A.020 is amended to read:

21 279A.020. (1) Except as otherwise provided in the Public Contracting Code, all public contract-
22 ing by a contracting agency is subject to this chapter.

23 (2) Except as provided in ORS 279C.320, public contracting involving public improvements and
24 other construction services is subject to this chapter and ORS chapter 279C, but not ORS chapter
25 279B.

26 (3) Public contracting involving architects, engineers, **photogrammetrists, transportation**
27 **planners**, land surveyors and related services is subject to this chapter and ORS chapter 279C, but
28 not ORS chapter 279B.

29 (4) Except as provided in ORS 279C.320, all other public contracting is subject to this chapter
30 and ORS 279B, but not ORS chapter 279C.

31 **SECTION 10.** ORS 279A.065 is amended to read:

32 279A.065. (1) The Attorney General shall prepare and maintain model rules of procedure appro-
33 priate for use by all contracting agencies governing public contracting under the Public Contracting
34 Code and may devise and publish forms for use therewith. The Attorney General shall adopt the
35 model rules in the manner provided by ORS chapter 183. Before adopting or amending a model rule,
36 the Attorney General shall consult with the Director of the Oregon Department of Administrative
37 Services, the Director of Transportation, representatives of county governments, representatives of
38 city governments, representatives of school boards and other knowledgeable persons.

39 (2) The Attorney General shall adopt model rules appropriate for use by all contracting agencies
40 to govern the procedures for entering into energy savings performance contracts. Before adopting
41 or amending a rule under this subsection, the Attorney General shall consult with the Oregon De-
42 partment of Administrative Services, the State Department of Energy, the Oregon University Sys-
43 tem, local contracting agencies and other knowledgeable persons. The Attorney General may
44 develop standard contract forms for use with energy savings performance contracts.

45 (3) After each legislative session, the Attorney General shall review all laws passed by the

1 Legislative Assembly that affect public contracting to determine if the model rules prepared under
 2 this section should be modified by the adoption of a new rule or by the amendment or repeal of an
 3 existing rule. If the Attorney General determines that a modification of the model rules is necessary,
 4 the Attorney General shall prepare the modification within such time as to allow the modification
 5 to take effect no later than 120 days after the effective date of the legislation that caused the rule
 6 to be modified. However, the Attorney General may prepare a modification to take effect 121 or
 7 more days after the effective date of the legislation if the Attorney General provides notice desig-
 8 nating the time period within which the modification will take effect to the state agencies and per-
 9 sons listed in subsection (1) of this section.

10 (4) A contracting agency that has not adopted its own rules of procedure in accordance with
 11 subsection (5) of this section is subject to the model rules adopted by the Attorney General under
 12 this section, including all modifications to the model rules that the Attorney General may adopt.
 13 *[This subsection does not apply to personal services contracts of local contracting agencies except for*
 14 *contracts for architectural, engineering and land surveying services and related services.]*

15 (5)(a) A contracting agency may adopt its own rules of procedure for public contracts that:

16 (A) Specifically state that the model rules adopted by the Attorney General under this section
 17 do not apply to the contracting agency; and

18 (B) Prescribe the rules of procedure that the contracting agency will use for public contracts,
 19 which may include portions of the model rules adopted by the Attorney General.

20 (b) A contracting agency that adopts rules under this section shall review the rules each time
 21 the Attorney General modifies the model rules under this section to determine whether the con-
 22 tracting agency should modify its rules to ensure compliance with statutory changes.

23 **SECTION 11.** ORS 279A.140 is amended to read:

24 279A.140. (1) The Oregon Department of Administrative Services shall conduct all procurements
 25 and administer the contracting for goods, services and personal services, including architectural,
 26 engineering *[and]*, **photogrammetric mapping, transportation planning or** land surveying ser-
 27 vices and related services, for state agencies unless a state agency is specifically authorized by ORS
 28 279A.050 or provisions of law other than the Public Contracting Code to enter into a contract. The
 29 authority described in this subsection may be delegated in whole or in part in accordance with ORS
 30 279A.075.

31 (2) The following requirements and procedures apply to all contracts of state agencies:

32 (a) A personal services contract is not valid or effective without the written approval of the
 33 department unless:

34 (A) The contract is authorized under ORS 279A.050; or

35 (B) The department has delegated authority to the contracting agency under ORS 279A.075 to
 36 make the personal services contract.

37 (b) Neither the department nor a state agency may approve a contract before the contract has
 38 been reviewed for legal sufficiency and approved by the Attorney General, if the review and ap-
 39 proval are required under ORS 291.047 or 291.049.

40 (c) Unless otherwise provided by law, the department or a state agency may enter into a public
 41 contract for any period of time, provided that the term of the contract and conditions of renewal
 42 or extension are included in the solicitation. Contracting agencies may stipulate in contracts for
 43 goods or services that any payment and performance obligations for succeeding fiscal periods are
 44 subject to the availability and appropriation of funds for the obligations. A contract for goods or
 45 services subject to this section may not be construed as violating any applicable debt limitation or

1 limitation on a contracting agency's expenditure authority.

2 (d) When funds are not appropriated or otherwise made available to support continuation of the
3 department's or a state agency's performance of a contract in a subsequent fiscal period, the de-
4 partment or state agency may cancel the contract and reimburse the contractor for the reasonable
5 value of any nonrecurring costs incurred but not amortized in the price of the goods or services
6 delivered under the contract. The department or state agency may pay the reimbursement only from
7 any appropriations or funds then lawfully available for such purposes.

8 (e) Except as otherwise provided in this chapter, a contract of a state agency will be deemed
9 by the department to have been executed only when all requisite approvals have been obtained.

10 (f) Any procurement or contract by the department for a state agency must, when required by
11 rules adopted by the department under ORS 279A.070, be made on the basis of a requisition by the
12 state agency.

13 (g) The department may use moneys from the Oregon Department of Administrative Services
14 Operating Fund to procure goods, services and personal services for the purpose of supplying re-
15 quirements of state agencies, the cost of which shall be reimbursed to the fund from charges paid
16 by state agencies on the basis of actual usage. Administrative costs incurred in the operation of the
17 fund may be paid from the fund and the amount of such costs shall be added to the cost of the goods,
18 services and personal services as charged to the state agencies.

19 (h) The department shall adopt rules necessary to implement the provisions of this subsection,
20 including but not limited to rules establishing:

21 (A) A reporting system for personal service contracts, including architectural, engineering
22 [and], **photogrammetric mapping, transportation planning or** land surveying services contracts
23 and related services contracts, that includes the following:

24 (i) A state agency shall submit to the department personal services contract information as di-
25 rected by the department. A state agency shall file with the department a copy of each personal
26 services contract entered into by the state agency, including appropriate documentation as required
27 by the department. Whenever a state agency pays more in a calendar year under a personal ser-
28 vices contract for services historically performed by state employees than the agency would have
29 paid to the agency's employees performing the same work, the agency shall so report to the de-
30 partment and include in the report a statement of justification for the greater costs.

31 (ii) The department shall keep the copy of the contract and the department's documentation on
32 file for three years, after which the department may destroy the file. The department shall maintain
33 a system for filing copies of personal services contracts and documentation submitted to the de-
34 partment under this paragraph. The department shall submit a biennial report to the Legislative
35 Assembly concerning the use of personal services contracts by state agencies. The report must
36 specify the name of each state agency, the amount paid under each personal services contract en-
37 tered into by the agency, the name of the contractor, the duration of the contract and the contract's
38 basic purpose. The report must also include the total dollar figure of all personal services contracts
39 for each year of the preceding biennium.

40 (B) Procedures for the evaluation and award of personal services contracts when the department
41 authorizes a state agency to contract directly for personal services, including architectural, engi-
42 neering [and], **photogrammetric mapping, transportation planning or** land surveying services
43 and related services, in accordance with ORS 279B.050 or 279C.100 to 279C.125.

44 (3) The department shall notify all state agencies of the requirements of this section.

45 **SECTION 12.** ORS 279B.060 is amended to read:

1 279B.060. (1) A contracting agency may solicit and award a public contract for goods or ser-
2 vices, or may award multiple public contracts for goods or services when specified in the request
3 for proposals, by requesting and evaluating competitive sealed proposals.

4 (2) The request for proposals must:

5 (a) Specify a time and date by which sealed proposals must be received, and a place at which
6 the proposals must be submitted. The contracting agency, in the contracting agency's sole dis-
7 cretion, may receive proposals by electronic means or may direct or permit proposers to submit
8 proposals by electronic means.

9 (b) Specify the name and title of the person designated to receive proposals and the person the
10 contracting agency designates as the contact person for the procurement, if different.

11 (c) Describe the procurement. In the description, the contracting agency shall identify the scope
12 of work included within the procurement, outline the contractor's anticipated duties and set expect-
13 ations for the contractor's performance. Unless the contractor is providing architectural, engi-
14 neering [*and*], **photogrammetric mapping, transportation planning or** land surveying services
15 or related services, [*both*] as defined in ORS 279C.100, or unless the contracting agency for good
16 cause specifies otherwise, the scope of work shall require the contractor to meet the highest stan-
17 dards prevalent in the industry or business most closely involved in providing the appropriate goods
18 or services.

19 (d) Specify a time, date and place for prequalification applications, if any, to be filed and the
20 classes of work, if any, for which proposers must be prequalified in accordance with ORS 279B.120.

21 (e) State that the contracting agency may cancel the procurement or reject any or all proposals
22 in accordance with ORS 279B.100.

23 (f) State that "Contractors shall use recyclable products to the maximum extent economically
24 feasible in the performance of the contract work set forth in this document." if a state contracting
25 agency issues the request for proposals.

26 (g) Require the contractor or subcontractor to possess an asbestos abatement license, if required
27 under ORS 468A.710.

28 (h) Include all contractual terms and conditions applicable to the procurement. The contract
29 terms and conditions shall specify clear consequences for a contractor's failure to perform the scope
30 of work identified in the request for proposals or the contractor's failure to meet established per-
31 formance standards. The consequences may include, but are not limited to:

32 (A) Reducing or withholding payment;

33 (B) Requiring the contractor to perform, at the contractor's expense, additional work necessary
34 to perform the identified scope of work or meet the established performance standards; or

35 (C) Declaring a default, terminating the public contract and seeking damages and other relief
36 available under the terms of the public contract or other applicable law.

37 (3) The request for proposals also may:

38 (a) Identify contractual terms or conditions that the contracting agency reserves, in the request
39 for proposals, for negotiation with proposers;

40 (b) Request that proposers propose contractual terms and conditions that relate to subject mat-
41 ter reasonably identified in the request for proposals;

42 (c) Contain or incorporate the form and content of the contract that the contracting agency will
43 accept, or suggest contract terms and conditions that nevertheless may be the subject of negoti-
44 ations with proposers;

45 (d) Announce the method the contracting agency will use to select the contractor, which may

1 include, but is not limited to, negotiating with the highest ranked proposer, competitive negotiations,
2 a multiple-tiered competition that is designed to identify a class of proposers that fall within a
3 competitive range or to otherwise eliminate from consideration a class of lower ranked proposers
4 or a combination of methods, as authorized or prescribed by rules adopted under ORS 279A.065; and

5 (e) Describe the manner in which the contracting agency will evaluate proposals, identifying the
6 relative importance of price and other factors the contracting agency will use to evaluate and rate
7 the proposals in the first tier of competition. If the contracting agency uses more than one tier of
8 competitive evaluation, the request for proposals must describe the process the contracting agency
9 will use to evaluate proposals in the subsequent tiers.

10 (4)(a) The contracting agency may require proposal security in any form the contracting agency
11 deems prudent. Proposal security shall serve the same function with respect to requests for pro-
12 posals as bid security serves with respect to invitations to bid under ORS 279B.055.

13 (b) The contracting agency shall return the proposal security to all proposers upon the exe-
14 cution of the contract.

15 (c) The contracting agency shall retain the proposal security if a proposer who is awarded a
16 contract fails to promptly and properly execute the contract. For purposes of this paragraph, prompt
17 and proper execution of the contract includes all action by a proposer that is necessary to form a
18 contract in accordance with the request for proposals, including posting performance security and
19 submitting proof of insurance when the request for proposals requires the submission. If contract
20 negotiations or competitive negotiations are conducted, the failure, prior to award, of a contracting
21 agency and a proposer to reach agreement does not constitute grounds for retaining proposal secu-
22 rity.

23 (5) Public notice of the request for proposals must be given in the same manner as provided for
24 public notice of invitations to bid in ORS 279B.055 (4).

25 (6)(a) Notwithstanding ORS 192.410 to 192.505, proposals may be opened in a manner to avoid
26 disclosing contents to competing proposers during, when applicable, the process of negotiation, but
27 the contracting agency shall record and make available the identity of all proposers as part of the
28 contracting agency's public records after the proposals are opened. Notwithstanding ORS 192.410 to
29 192.505, proposals are not required to be open for public inspection until after the notice of intent
30 to award a contract is issued. The fact that proposals are opened at a meeting, as defined in ORS
31 192.610, does not make the contents of the proposals subject to disclosure, regardless of whether the
32 public body opening the proposals fails to give notice of or provide for an executive session for the
33 purpose of opening proposals.

34 (b) Notwithstanding a requirement to make proposals open to public inspection after the con-
35 tracting agency issues notice of intent to award a contract, a contracting agency may withhold from
36 disclosure to the public materials included in a proposal that are exempt or conditionally exempt
