13 **(1) In the year following the year in which the federal decennial census is taken under**
14 **the direction of the United States Congress, a panel of special masters composed of retired**
15 **judges shall adjust the boundaries of the state legislative and congressional districts in ac-**
16 **cordance with the provisions of this section and section 6a of this Article.**

17 **(2)(a) On or before January 15 of the year following the year in which the federal**
18 **decennial census is taken, the Legislative Assembly shall appoint pursuant to paragraph (b)**
19 **of this subsection a panel of special masters composed of retired judges to adopt a plan of**
20 **redistricting that adjusts the boundaries of the state legislative and congressional districts.**

21 **(b)(A) In sufficient time to allow the appointment of the panel, the Supreme Court shall**
22 **select by lot 24 retired judges who are willing to serve as special masters. A person is qual-**
23 **ified to serve as a special master if the person is a retired Oregon state or federal judge, has**
24 **never held elected partisan public office or political party office, has not changed the**
25 **person's political party affiliation indicated on the person's voter registration records since**
26 **the person's initial appointment or election to judicial office and during the 12 months im-**
27 **mediately preceding appointment to the panel has not received income from the Legislative**
28 **Assembly, the United States Congress, a committee of the Legislative Assembly or the**
29 **United States Congress, a political party or a candidate for partisan public office or a poli-**
30 **tical committee controlled by a candidate for partisan public office. Not more than 12 of the**
31 **24 retired judges may be members of the same political party. The two largest political par-**
32 **ties in the state shall be equally represented among the selected retired judges.**

33 **(B) Before commencing service as a special master, a person appointed to serve as a**
34 **special master shall pledge in writing that the person will not run for election in any state**
35 **legislative or congressional district adjusted by the panel of special masters under this sec-**
36 **tion and that the person will not accept Oregon state public employment or public office,**
37 **other than judicial employment, judicial office or a teaching position, for at least five years**
38 **from the date of appointment as a special master.**

39 **(C) Not later than six business days before the deadline for appointment of the panel, the**
40 **Speaker of the House of Representatives, the minority leader of the House of Represen-**
41 **tatives, the President of the Senate and the minority leader of the Senate shall each nomi-**
42 **nate three retired judges from the pool of retired judges selected by the Supreme Court. A**
43 **member of the Legislative Assembly who is authorized to make nominations under this**
44 **subparagraph shall nominate retired judges who are not registered as members of the same**
45 **political party as the member of the Legislative Assembly who is making the nomination. A**

1 retired judge may not be nominated by more than one member of the Legislative Assembly.

2 (D) If a member of the Legislative Assembly fails to nominate the required number of
3 retired judges within the time period described in this section, the presiding officer of the
4 member's house of the Legislative Assembly immediately shall draw by lot the remaining
5 nominees for that member of the Legislative Assembly in accordance with the requirements
6 of subparagraph (C) of this paragraph.

7 (E) Not later than four business days before the deadline for appointment of the panel,
8 each member of the Legislative Assembly who is authorized to nominate a retired judge shall
9 also be entitled to exercise a single peremptory challenge striking the name of any nominee
10 of any other member of the Legislative Assembly.

11 (F) From the list of remaining nominees selected by authorized members of the Legisla-
12 tive Assembly, the Speaker of the House of Representatives shall draw by lot the names of
13 three persons to serve as special masters. If the drawing fails to produce at least one special
14 master from each of the two largest political parties in the state, the drawing shall be con-
15 ducted again until this requirement is met. If the list of remaining nominees does not include
16 a retired judge from each of the two largest political parties, the drawing for the special
17 master from the absent political party or parties shall be made from the original pool of 24
18 retired judges selected by the Supreme Court, except that a retired judge whose name was
19 struck under subparagraph (E) of this paragraph may not be appointed. In the event of a
20 vacancy in the panel of special masters, the Speaker of the House of Representatives shall
21 immediately draw by lot the name of a replacement who satisfies the composition require-
22 ments for the panel under this section. The name of a replacement shall be drawn from the
23 list of remaining nominees selected by authorized members of the Legislative Assembly or
24 from the original pool of 24 retired judges, if necessary. A retired judge whose name was
25 struck under subparagraph (E) of this paragraph may not be appointed to fill a vacancy.

26 (c) Each special master shall be compensated at a rate set by the Legislative Assembly
27 by law. The term of office of a special master expires on the date a redistricting plan is ap-
28 proved or rejected at an election held as provided in subsection (5) of this section.

29 (3)(a) The panel of special masters shall give public notice of all meetings of the panel.
30 The panel is a public body for purposes of any statutory provisions applicable to the meetings
31 of public bodies. All meetings and sessions of the panel shall be electronically recorded. The
32 panel shall establish procedures that restrict ex parte communications from members of the
33 public and the Legislative Assembly concerning the merits of any redistricting plan.

34 (b) The panel shall establish and publish a schedule for receiving and considering pro-
35 posed redistricting plans and comments from any member of the Legislative Assembly or the
36 public. The panel shall hold at least three public hearings throughout the state to consider
37 redistricting plans. At least one of the hearings shall be held after the panel has submitted
38 a proposed redistricting plan under paragraph (c) of this subsection but before adoption of
39 the final redistricting plan.

40 (c) Before adopting a final redistricting plan, the panel shall submit a redistricting plan
41 to the Legislative Assembly and allow members of the Legislative Assembly to comment on
42 the redistricting plan within a time set by the panel. The panel shall address in writing each
43 change to the redistricting plan that is recommended by the Legislative Assembly and in-
44 corporated into the final redistricting plan.

45 (4)(a) Not later than September 1, the panel of special masters shall adopt by resolution

1 a final redistricting plan. Adoption of the resolution approving the final redistricting plan
2 must be unanimous. The panel shall file the final redistricting plan with the Secretary of
3 State.

4 (b) Except as provided in paragraph (c) of this subsection, a redistricting plan submitted
5 by the panel to the Secretary of State becomes operative on the second Monday in January
6 of the next odd-numbered year after the deadline for approving a final redistricting plan
7 under this section.

8 (c) For purposes of electing officials to the next term of office that commences after the
9 approval of a redistricting plan under this section, a redistricting plan approved under this
10 section becomes operative on January 1 of the calendar year next following the approval of
11 a redistricting plan under this section.

12 (d) If approved by the people as provided in subsection (5) of this section, the redistrict-
13 ing plan shall remain in effect for succeeding elections until the next adjustment of bounda-
14 ries required under this section.

15 (5)(a) The Secretary of State shall submit the final redistricting plan as if it were pro-
16 posed as an initiative law under section 1 of this Article to the people at the general election
17 next following approval of the redistricting plan by the panel of special masters under sub-
18 section (4) of this section. The people shall vote to approve or reject the redistricting plan
19 for use in succeeding elections until the next adjustment of boundaries is required. The ballot
20 title shall read: "Shall the boundary lines of the state legislative and congressional districts
21 adopted by special masters as required by Article IV of the Oregon Constitution, and used
22 for this election, be used until the next constitutionally required adjustment of the bounda-
23 ries?"

24 (b) If the redistricting plan is approved at an election under paragraph (a) of this sub-
25 section, the redistricting plan shall be used in succeeding elections until the next adjustment
26 of boundaries is required. If the redistricting plan is rejected at an election under paragraph
27 (a) of this subsection, a new panel of special masters shall be appointed within 90 days in the
28 manner provided in paragraph (b) of subsection (2) of this section for the purpose of pro-
29 posing a new redistricting plan for use at the next statewide primary and general elections
30 pursuant to this section. Any officials elected under a final redistricting plan shall serve out
31 their terms of office notwithstanding the rejection at an election under paragraph (a) of this
32 subsection of the redistricting plan for use in succeeding primary and general elections.

33 (6) The Legislative Assembly shall appropriate moneys as necessary to provide the panel
34 of special masters with equipment, office space and necessary personnel, including counsel
35 and independent experts in the fields of redistricting and computer technology, to assist the
36 panel.

37 (7) Except for judicial decrees, the provisions of this section are the exclusive means of
38 adjusting the boundaries of state legislative and congressional districts.

39 (8) Any action or proceeding alleging that the final redistricting plan adopted by a panel
40 of special masters under this section does not conform with the requirements of this Con-
41 stitution must be filed not later than 45 business days after the panel files the final redis-
42 tricting plan with the Secretary of State. If any court finds the final redistricting plan to be
43 in violation of a provision of this Constitution, the court may order that a new redistricting
44 plan be adopted by a panel of special masters under this section. A court may order any
45 remedy necessary to carry out the provisions of this section and section 6a of this Article.
