

# House Memorial 5

Sponsored by Representative BARNHART

## SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure **as introduced**.

Urges Congress to refrain from enacting legislation that overturns or thwarts intent of Federal Communications Commission regulations concerning net neutrality and to enact legislation that supports authority of commission to regulate Internet service providers for certain purposes.

## HOUSE MEMORIAL

1  
2 To the Senate and the House of Representatives of the United States of America, in Congress as-  
3 sembled:

4 We, your memorialists, the House of Representatives of the State of Oregon, in legislative ses-  
5 sion assembled, respectfully represent as follows:

6 Whereas the content that the public shares through the Internet is a public good and should  
7 not be subject to restrictions that Internet service providers, which are not accountable to the  
8 public, can put in place for the providers' own purposes; and

9 Whereas allowing Internet service providers to put restrictions on the free flow of information  
10 over the Internet sets a precedent that might allow the providers to discriminate against or restrict  
11 information on the Internet for any reason; and

12 Whereas privacy protections for Internet users are of significant concern and are often subject  
13 to the business interests and business practices of Internet service providers; and

14 Whereas additional concern exists regarding the market power of the few businesses that con-  
15 trol access to the Internet; and

16 Whereas the Federal Communications Commission has adopted final regulations that address  
17 most of the concerns set forth in this memorial and that, in the opinion of your memorialists, strike  
18 a reasonable balance between those concerns and the expectations that Internet service providers  
19 have with respect to their ability to run their businesses responsibly and profitably; now, therefore,

20 **Be It Resolved by the House of Representatives of the State of Oregon:**

21 (1) The Congress of the United States of America is respectfully urged to:

22 (a) Refrain from enacting legislation that would overturn or thwart the intent of the regulations  
23 that the Federal Communications Commission has adopted; and

24 (b) Enact legislation that supports the authority of the commission to regulate Internet service  
25 providers so as to protect consumer privacy and promote, protect and enhance the free flow of in-  
26 formation over the Internet.

27 (2) A copy of this memorial shall be sent to the President of the United States and to each  
28 member of the Oregon Congressional Delegation.
