10 “(2) Coverage of a self-insured employer is effective on the date of certification unless a later
11 date is specified in the certificate.

12 “(3) Two or more entities shall not be included in the certification of one employer unless in

15 entity, all entities so related may be combined regardless of the number of entities in succession.
16 If more than one entity is included in the certification of one employer, each entity included is

28 “(7) Notwithstanding any other provision of this section, the director may certify five or more
29 subject employers as a self-insured employer group, which shall be considered an employer for pur-
30 poses of this chapter, if:

31 “(a) The director finds that the employers as a group meet the requirements of ORS 656.407
32 (1)(b) and (2);

33 “(b) The director determines that:

34 “(A) If the employers as a group have insurance coverage with a retention of \$100,000 or more,
35 the employers have a combined net worth of \$1 million or more; or

36 “(B) If the employers as a group have insurance coverage with a retention of less than \$100,000,
37 the employers have a combined net worth at least equal to the proportion of \$1 million that the
38 retention bears to \$100,000;

39 “(c) The director finds that the grouping is likely to improve accident prevention and claims
40 handling for the employer;

41 “(d) Each employer executes and files with the designated entity a written agreement, in such
42 form as the director may prescribe, in which:

43 “(A) The employer agrees to be jointly and severally liable for the payment of any compensation

6 under ORS chapter 190, agrees to be individually liable for the payment of any compensation and
7 other amounts due to the department under this chapter incurred by the employer during the period
8 of group self-insurance;

9 “(e) The director finds that the employer group is organized as a corporation or cooperative
10 pursuant to ORS chapter 60, 62 or 65, is an intergovernmental entity created under ORS 190.003 to
11 190.130 and the bylaws require the governing group to obtain fidelity bonds;

12 “(f) The director finds that the employer group has designated an entity within or for the group
13 responsible for centralized claims processing, payroll records, safety requirements, recording and

30 such coverage must be filed with the director not later than 30 days after the date the coverage is
31 effective. Any changes in the insurer or the coverage must be filed with the department not later
32 than 30 days after the effective date of the change. With respect to such coverage:

33 “(a) The policy must include a provision, approved by the director, for reimbursement to the
34 department of all expenses paid by the department on behalf of the employer pursuant to ORS
35 656.614 (1) and 656.443 in the same manner as if the department were the insured employer, subject
36 to the policy limitations on amounts and limits of liability to the insured employer; and

37 “(b) The period of coverage must be continuous and remain in effect until the certification is
38 revoked or canceled.

39 “(9) Notwithstanding ORS 656.440, the director may revoke the certification of any self-insured

9 employer group.
10 “(f) Prescribe the form, amount and manner for establishing and operating a common claims
11 fund.
12 “(g) Prescribe such other requirements as the director considers necessary so that employers
13 certified as self-insured employers will meet the financial responsibilities under this chapter.
14 “(12) For the purpose of certification as a self-insured employer group, cities, counties, special
15 districts created under ORS 198.010, intergovernmental agencies created under ORS 225.050, school

19 “(13) Notwithstanding subsection (8) of this section, a public utility with assets of more than
20 \$500 million may obtain excess insurance coverage from an eligible surplus lines insurer. As used
21 in this subsection, ‘public utility’ has the meaning given that term in ORS 757.005.
22 “**SECTION 29.** ORS 757.612 is amended to read:
23 “757.612. (1) There is established an annual public purpose expenditure standard for electric
24 companies and Oregon Community Power to fund new cost-effective local energy conservation, new
25 market transformation efforts, the above-market costs of new renewable energy resources and new
26 low-income weatherization. The public purpose expenditure standard shall be funded by the public
27 purpose charge described in subsection (2) of this section.
28 “(2)(a) Beginning on the date an electric company or Oregon Community Power offers direct
29 access to its retail electricity consumers, except residential electricity consumers, the electric
30 company or Oregon Community Power shall collect a public purpose charge from all of the retail
31 electricity consumers located within its service area until January 1, 2026. Except as provided in
32 paragraph (b) of this subsection, the public purpose charge shall be equal to three percent of the
33 total revenues collected by the electric company, Oregon Community Power or the electricity ser-
34 vice supplier from its retail electricity consumers for electricity services, distribution, ancillary
35 services, metering and billing, transition charges and other types of costs included in electric rates
36 on July 23, 1999.
37 “(b) For an aluminum plant that averages more than 100 average megawatts of electricity use
38 per year, beginning on March 1, 2002, the electric company or Oregon Community Power whose
39 territory abuts the greatest percentage of the site of the aluminum plant shall collect from the alu-
40 minum company a public purpose charge equal to one percent of the total revenue from the sale of
41 electricity services to the aluminum plant from any source.
42 “(3)(a) The Public Utility Commission shall establish rules implementing the provisions of this
43 section relating to electric companies and Oregon Community Power.
44 “(b) Subject to paragraph (e) of this subsection, funds collected by an electric company or
45 Oregon Community Power through public purpose charges shall be allocated as follows:

1 “(A) Sixty-three percent for new cost-effective conservation and new market transformation.

2 “(B) Nineteen percent for the above-market costs of constructing and operating new renewable
3 energy resources with a nominal electric generating capacity, as defined in ORS 469.300, of 20
4 megawatts or less.

5 “(C) Thirteen percent for new low-income weatherization.

6 “(D) Five percent shall be transferred to the Housing and Community Services Department
7 Electricity Public Purpose Charge Fund established by ORS 456.587 (1) and used for the purpose of
8 providing grants as described in ORS 458.625 (2).

9 “(c) The costs of administering subsections (1) to (6) of this section for an electric company or
10 Oregon Community Power shall be paid out of the funds collected through public purpose charges.
11 The commission may require that an electric company or Oregon Community Power direct funds
12 collected through public purpose charges to the state agencies responsible for implementing sub-
13 sections (1) to (6) of this section in order to pay the costs of administering such responsibilities.

14 “(d) The commission shall direct the manner in which public purpose charges are collected and
15 spent by an electric company or Oregon Community Power and may require an electric company
16 or Oregon Community Power to expend funds through competitive bids or other means designed to
17 encourage competition, except that funds dedicated for low-income weatherization shall be directed
18 to the Housing and Community Services Department as provided in subsection (7) of this section.
19 The commission may also direct that funds collected by an electric company or Oregon Community
20 Power through public purpose charges be paid to a nongovernmental entity for investment in public
21 purposes described in subsection (1) of this section. Notwithstanding any other provision of this
22 subsection:

23 “(A) At least 80 percent of the funds allocated for conservation shall be spent within the service
24 area of the electric company that collected the funds; or

25 “(B) If Oregon Community Power collected the funds, at least 80 percent of the funds allocated
26 for conservation shall be spent within the service area of Oregon Community Power.

27 “(e)(A) The first 10 percent of the funds collected annually by an electric company or Oregon
28 Community Power under subsection (2) of this section shall be distributed to education service dis-
29 tricts, as described in ORS 334.010, that are located in the service territory of the electric company
30 or Oregon Community Power. The funds shall be distributed to individual education service districts
31 according to the weighted average daily membership (ADMw) of the [*component*] school districts
32 **located within the territory** of the education service district for the prior fiscal year as calculated
33 under ORS 327.013. The commission shall establish by rule a methodology for distributing a
34 proportionate share of funds under this paragraph to education service districts that are only par-
35 tially located in the service territory of the electric company or Oregon Community Power.

36 “(B) An education service district that receives funds under this paragraph shall use the funds
37 first to pay for energy audits for school districts located within the education service district. An
38 education service district may not expend additional funds received under this paragraph on a
39 school district facility until an energy audit has been completed for that school district. To the
40 extent practicable, an education service district shall coordinate with the State Department of En-
41 ergy and incorporate federal funding in complying with this paragraph. Following completion of an
42 energy audit for an individual school district, the education service district may expend funds re-
43 ceived under this paragraph to implement the energy audit. Once an energy audit has been con-
44 ducted and completely implemented for each school district within the education service district, the
45 education service district may expend funds received under this paragraph for any of the following

1 purposes:

2 “(i) Conducting energy audits. A school district shall conduct an energy audit prior to expending
3 funds on any other purpose authorized under this paragraph unless the school district has performed
4 an energy audit within the three years immediately prior to receiving the funds.

5 “(ii) Weatherization and upgrading the energy efficiency of school district facilities.

6 “(iii) Energy conservation education programs.

7 “(iv) Purchasing electricity from environmentally focused sources and investing in renewable
8 energy resources.

9 “(f) The commission may not establish a different public purpose charge than the public purpose
10 charge described in subsection (2) of this section.

11 “(g) If the commission directs funds collected through public purpose charges to a nongovern-
12 mental entity, the entity shall:

13 “(A) Include on the entity’s board of directors an ex officio member designated by the commis-
14 sion, who shall also serve on the entity’s nominating committee for filling board vacancies.

15 “(B) Require the entity’s officers and directors to provide an annual disclosure of economic in-
16 terest to be filed with the commission on or prior to April 15 of each calendar year for public review
17 in a form similar to the statement of economic interest required for public officials under ORS
18 244.060.

19 “(C) Require the entity’s officers and directors to declare actual and potential conflicts of in-
20 terest at regular meetings of the entity’s governing body when such conflicts arise, and require an
21 officer or director to abstain from participating in any discussion or vote on any item where that
22 officer or director has an actual conflict of interest. For the purposes of this subparagraph, ‘actual
23 conflict of interest’ and ‘potential conflict of interest’ have the meanings given those terms in ORS
24 244.020.

25 “(D) Arrange for an independent auditor to audit the entity’s financial statements annually, and
26 direct the auditor to file an audit opinion with the commission for public review.

27 “(E) File with the commission annually the entity’s budget, action plan and quarterly and annual
28 reports for public review.

29 “(F) At least once every five years, contract for an independent management evaluation to re-
30 view the entity’s operations, efficiency and effectiveness, and direct the independent reviewer to file
31 a report with the commission for public review.

32 “(h) The commission may remove from the board of directors of a nongovernmental entity an
33 officer or director who fails to provide an annual disclosure of economic interest or declare actual
34 or potential conflict of interest, as described in paragraph (g)(B) and (C) of this subsection, in con-
35 nection with the allocation or expenditure of funds collected through public purpose charges and
36 directed to the entity.

37 “(4)(a) An electric company that satisfies its obligations under this section shall have no further
38 obligation to invest in conservation, new market transformation or new low-income weatherization
39 or to provide a commercial energy conservation services program and is not subject to ORS 469.631
40 to 469.645 and 469.860 to 469.900.

41 “(b) Oregon Community Power, for any period during which Oregon Community Power collects
42 a public purpose charge under subsection (2) of this section:

43 “(A) Shall have no other obligation to invest in conservation, new market transformation or new
44 low-income weatherization or to provide a commercial energy conservation services program; and

45 “(B) Is not subject to ORS 469.631 to 469.645 and 469.860 to 469.900.

1 “(5)(a) A retail electricity consumer that uses more than one average megawatt of electricity
2 at any site in the prior year shall receive a credit against public purpose charges billed by an
3 electric company or Oregon Community Power for that site. The amount of the credit shall be equal
4 to the total amount of qualifying expenditures for new energy conservation, not to exceed 68 percent
5 of the annual public purpose charges, and the above-market costs of purchases of new renewable
6 energy resources incurred by the retail electricity consumer, not to exceed 19 percent of the annual
7 public purpose charges, less administration costs incurred under this subsection. The credit may not
8 exceed, on an annual basis, the lesser of:

9 “(A) The amount of the retail electricity consumer’s qualifying expenditures; or

10 “(B) The portion of the public purpose charge billed to the retail electricity consumer that is
11 dedicated to new energy conservation, new market transformation or the above-market costs of new
12 renewable energy resources.

13 “(b) To obtain a credit under this subsection, a retail electricity consumer shall file with the
14 State Department of Energy a description of the proposed conservation project or new renewable
15 energy resource and a declaration that the retail electricity consumer plans to incur the qualifying
16 expenditure. The State Department of Energy shall issue a notice of precertification within 30 days
17 of receipt of the filing, if such filing is consistent with this subsection. The credit may be taken after
18 a retail electricity consumer provides a letter from a certified public accountant to the State De-
19 partment of Energy verifying that the precertified qualifying expenditure has been made.

20 “(c) Credits earned by a retail electricity consumer as a result of qualifying expenditures that
21 are not used in one year may be carried forward for use in subsequent years.

22 “(d)(A) A retail electricity consumer that uses more than one average megawatt of electricity
23 at any site in the prior year may request that the State Department of Energy hire an independent
24 auditor to assess the potential for conservation investments at the site. If the independent auditor
25 determines there is no available conservation measure at the site that would have a simple payback
26 of one to 10 years, the retail electricity consumer shall be relieved of 54 percent of its payment
27 obligation for public purpose charges related to the site. If the independent auditor determines that
28 there are potential conservation measures available at the site, the retail electricity consumer shall
29 be entitled to a credit against public purpose charges related to the site equal to 54 percent of the
30 public purpose charges less the estimated cost of available conservation measures.

31 “(B) A retail electricity consumer shall be entitled each year to the credit described in this
32 subsection unless a subsequent independent audit determines that new conservation investment op-
33 portunities are available. The State Department of Energy may require that a new independent audit
34 be performed on the site to determine whether new conservation measures are available, provided
35 that the independent audits shall occur no more than once every two years.

36 “(C) The retail electricity consumer shall pay the cost of the independent audits described in
37 this subsection.

38 “(6) Electric utilities and retail electricity consumers shall receive a fair and reasonable credit
39 for the public purpose expenditures of their energy suppliers. The State Department of Energy shall
40 adopt rules to determine eligible expenditures and the methodology by which such credits are ac-
41 counted for and used. The rules also shall adopt methods to account for eligible public purpose
42 expenditures made through consortia or collaborative projects.

43 “(7)(a) In addition to the public purpose charge provided under subsection (2) of this section, an
44 electric company or Oregon Community Power shall collect funds for low-income electric bill pay-
45 ment assistance in an amount determined under paragraph (b) of this subsection.

1 “(b) The commission shall establish the amount to be collected by each electric company in
2 calendar year 2008 from retail electricity consumers served by the company, and the rates to be
3 charged to retail electricity consumers served by the company, so that the total anticipated col-
4 lection for low-income electric bill payment assistance by all electric companies in calendar year
5 2008 is \$15 million. In calendar year 2009 and subsequent calendar years, the commission may not
6 change the rates established for retail electricity consumers, but the total amount collected in a
7 calendar year for low-income electric bill payment assistance may vary based on electricity usage
8 by retail electricity consumers and changes in the number of retail electricity consumers in this
9 state. In no event shall a retail electricity consumer be required to pay more than \$500 per month
10 per site for low-income electric bill payment assistance.

11 “(c) Funds collected by the low-income electric bill payment assistance charge shall be paid into
12 the Housing and Community Services Department Low-Income Electric Bill Payment Assistance
13 Fund established by ORS 456.587 (2). Moneys deposited in the fund under this paragraph shall be
14 used by the Housing and Community Services Department for the purpose of funding low-income
15 electric bill payment assistance. The department’s cost of administering this subsection shall be paid
16 out of funds collected by the low-income electric bill payment assistance charge. Moneys deposited
17 in the fund under this paragraph shall be expended solely for low-income electric bill payment as-
18 sistance. Funds collected from an electric company or Oregon Community Power shall be expended
19 in the service area of the electric company or Oregon Community Power from which the funds are
20 collected.

21 “(d) The Housing and Community Services Department, in consultation with the federal Advi-
22 sory Committee on Energy, shall determine the manner in which funds collected under this sub-
23 section will be allocated by the department to energy assistance program providers for the purpose
24 of providing low-income bill payment and crisis assistance, including programs that effectively re-
25 duce service disconnections and related costs to retail electricity consumers and electric utilities.
26 Priority assistance shall be directed to low-income electricity consumers who are in danger of hav-
27 ing their electricity service disconnected.

28 “(e) Interest on moneys deposited in the Housing and Community Services Department Low-
29 Income Electric Bill Payment Assistance Fund established by ORS 456.587 (2) may be used to pro-
30 vide heating bill payment and crisis assistance to electricity consumers whose primary source of
31 heat is not electricity.

32 “(f) Notwithstanding ORS 757.310, the commission may allow an electric company or Oregon
33 Community Power to provide reduced rates or other payment or crisis assistance or low-income
34 program assistance to a low-income household eligible for assistance under the federal Low Income
35 Home Energy Assistance Act of 1981, as amended and in effect on July 23, 1999.

36 “(8) For purposes of this section, ‘retail electricity consumers’ includes any direct service in-
37 dustrial consumer that purchases electricity without purchasing distribution services from the elec-
38 tric utility.

39 “(9) For purposes of this section, amounts collected by Oregon Community Power through public
40 purpose charges are not considered moneys received from electric utility operations.

41 “**SECTION 30. Sections 31 and 32 of this 2011 Act are added to and made a part of ORS**

11 “(4) All real and personal property belonging to an education service district that is re-

18 district; and
19 “(b) Will be employed by the school district in duties similar to the duties the person
20 performed while employed by the education service district.
