Dear Co-Chairs Garrett and Kennemer:

At Walmart we work every day to deliver the broadest and most relevant assortment possible at the lowest price to our customers.

We know our customers in Oregon have depended on Walmart for many years for their grocery and general merchandise needs.

We would be open to the opportunity of privatization in Oregon and look forward to working with OLCC or other interested parties going forward.

As you may know, Walmart currently sells spirits in 30 states across the nation and we would be happy to share information and feedback from the private sector as to how these partnerships are managed.

If you have any additional questions please do not hesitate to contact me.

Sincerely,

Jennifer Spall

Director
Walmart Public Affairs and Government Relations
