Re: Yes on HB 4084

To Co-Chairs and Members of the House Com on Human Services,

Please vote "Yes" on HB 4084 which creates crime of assault for injuring an elderly person.

I applaud the work of the task force that was created to work on elder abuse issues this past year. I worked for 25 years on elder abuse issues in Oregon and nationally.

We do need to beef up our laws regarding how we treat our elders. It is a hidden problem.

Thank you for your consideration.
