10 “SECTION 2. (1)(a) A person may request an independent review of a determination made
11 under:

12 “(A) ORS 196.818 (1)(a), if the Department of State Lands determines that wetlands are
13 present on a land parcel owned by the person; or

14 “(B) ORS 196.818 (1)(b), if the department determines where the boundaries of a wetland
15 are located on a land parcel owned by the person.

16 “(b) Notwithstanding paragraph (a) of this subsection, a person may not request an in-
17 dependent review of a determination made under ORS 196.818 (1)(a) or (b) unless the person
18 first applies to the department for reconsideration of the determination, as required by the
19 department by rule.

20 “(2)(a) Upon receiving a request for independent review under subsection (1) of this sec-
21 tion, the department shall enter into an agreement with the person making the request un-
22 der which a panel of independent reviewers may modify a determination made under ORS
23 196.818 (1)(a) or (b).

24 “(b) Notwithstanding paragraph (a) of this subsection, the department is not required to
25 enter into an agreement with the person making the request if the person does not agree to
26 make the decision of the panel of independent reviewers final and binding.

27 “(3)(a) Review under this section must be conducted by a panel of three individuals who
28 are well informed on matters relating to waters of this state. A reviewer:

29 “(A) Shall disclose all prior knowledge of the land parcel that is the subject of the review
30 and any potential or actual conflicts of interest;

31 “(B) Must have no interest in the land parcel that is the subject of the review;

32 “(C) Must have five years of experience with wetland plant identification, hydric soil de-
33 terminations, wetland hydrology monitoring, wetland boundary mapping and related data
34 analysis; and

35 “(D) Must have been a principal investigator for four wetland delineation reports sub-

mitted under ORS 196.818 and approved by the department within the five years preceding the date on which review is requested.

“(b) As used in this subsection, ‘principal investigator’ means an individual who has been responsible for collecting more than 33 percent of the field data for a wetland delineation report and for mapping at least 33 percent of the wetland boundary for a wetland delineation report.

“(4) The panel of independent reviewers shall be selected in the following manner:

“(a) The Department of State Lands shall select one reviewer;

“(b) The person requesting the review under subsection (1) of this section shall select one reviewer; and

“(c) The reviewers selected under paragraphs (a) and (b) of this subsection shall jointly select one reviewer.

“(5) A person must request a review under this section no more than 21 days after the date on which the department reconsiders a determination made under ORS 196.818 (1)(a) or (b).

“(6) The panel of independent reviewers must be selected no more than 30 days after the date on which the person requests a review. If the reviewers selected under subsection (4)(a) and (b) of this subsection do not jointly select a third reviewer under subsection (4)(c) of this section on or before the 30th day, the department shall request the United States Army Corps of Engineers to provide a reviewer who has experience reviewing wetland delineations. A reviewer provided under this subsection is exempt from subsection (3)(a)(D) of this section.

“(7) The panel of independent reviewers must reach a decision no more than 60 days after the date on which the third reviewer is selected or provided. As part of the decision reached under this subsection, the reviewers must determine the cost of the review, including the reviewers’ expenses and fees. The parties to the agreement shall each pay half of the cost.
